In spite of rain and wind the faithful gathered at the auditorium last night to witness the programme presched by Peters' polite 'vaudeville Gress. The first number was a section by Richardson's Orchestra, and it was well rendered and well received. The ever-pleasing moving pictures followed with their usual success, after which came Mr. and Mrs. Peters in a pleasing sketch, introducing a new and original song called "Pan. Handle Pete." After that the great Von Huff made his first appearance to a Charlotte audience, his part of the entertainment consisting of many different mimics, all of which were excellent. He is the best in his line that has played at the park for many a day. Hamilton and Howlet performed on the banje and violin in a creditable manner and the moving pictures came once more, the subject this time being the "Wig Chase." which proved to be one of the best and clearest pictures shown this season. The performance concluded with a farce.

"Value Received" **Prescription Service**

A prescription may be poor in two ways. It may be put up all right but the drags and chemicals used may be stale or "off standard." Or the ingredients may be exactly right, and yet the full effects nullified because it is poorly compounded; that is, put up hastily or convicesity not hastily or carelessly—not properly "works!." In either case, no matter how low the charge is, you don't get "value received," which is the essential part of the transaction. When sickness comes, there-fore, consider well the reputa-tion of the druggist to whom you take your prescriptions. One thing, perhaps, we need not add: If you bring it to us, you are sure to get "value received" every time.
