GREATEST STYLE SHOW OF THE SEASON

To say the hats are beautiful is putting it mildly, for they are really creations of art and loveliness. Miss Dawson spent the summer months in the Leading Fashion Centers, studying the new Fall and Winter Styles and in buying the correct things.

With her corps of assistants she has worked hard here for four weeks to make this our greatest effort.

You can see here what it has taken months and months to bring out and perfect.

Every new idea for the season represented in a hat—ideas free, that it cost thousands and thousands to bring out.

'Twill be worth your while to come. You may come expecting to see the GRANDEST DISPLAY OF FASHIONABLE HEADWEAR ever shown here. You will not be disappointed.
