IN THE CITY POLICE COURT. Mr. Plummer Stewart, Representing A. C. Niven, Alleged Beer Seller, Insists on Arguing His Case, Though the Recorder Told Him It Would Be Useless—Patrolman Johnston Offended.

The interest in the session of the police court yesterday morning was not in the evidence of this case, but in the fact that Niven, who had been arrested in January, the scene of the battle to be where he biggest purse was offered.

Mr. Stewart was representing A. C. Niven, a white man who was charged with selling beer to Perry Hunter, a colored man, who was arrested a few days ago. Hunter swore that Niven told him that he had given some beer to the two boys.

After the evidence had been finished Recorder Shannonhouse bound the defendant over to the Superior Court in a bond of \$300, without waiting to hear from Mr. Stewart. The attorney stated that he desired to address the court, and when the recorder told him it was useless, he insisted on his right to speak in the interest of his client and proceeded. He was commonplace until he arrived at Patrolman Johnston's evidence.

"I am tired of this thing of policemen sitting in their chairs and declaring, vehemently, 'If they can't get evidence enough without forcing a confession out of the prisoner, it is unjust to bind the defendant over.'"

The only other case in court was that of A. P. Williams, a white man who fell by the wayside here while en route from Wadesboro to Concord, and who was fined \$5 for his offense.

Travelers' Colds. Have you ever taken a trip extending beyond a few hours on the train that you haven't had a stopped up nose or a cold in the head from it? You think you "took cold in the sleeper"—this may be true, for sleepers are draughty, but there's another point: From the moment the train starts until you arrive at your destination, the air you breathe is laden with dust from the road bed and the gas and smoke from the engine up ahead. This irritates and inflames the nasal passage—dries out the throat and makes a stopped up nose. That is your cold—really a case of temporary catarrh. If every traveler will carry a tube of

S.S.S. EXPELS BLOOD HUMORS. Itching, disfiguring eruptions, rashes, boils, etc., as well as pimples, black-heads and rough, scaly skins, show the presence of some irritating humor in the blood. These acids and humors with which the blood is filled are being constantly thrown off through the pores and glands, and the skin is kept in a feverish, diseased and unsightly condition. Nothing applied externally can change the condition of the blood or prevent the outflow of poisons and acids; only constitutional treatment can do this. The countless washes, salves, lotions, etc., that are used cannot reach the humor-laden blood and are, therefore, useless, except for the temporary comfort and cleanliness they afford. The acid poison in the blood, which is the cause of the trouble, must be removed before a cure can be effected. S. S. S. is a real blood purifier, possessing all the requirements to neutralize and remove the humor from the circulation. It completely eradicates every trace of the poison and restores this vital fluid to its natural state of purity. S. S. S. cools the acid-heated blood so that instead of pouring out acid matter on the skin it feeds and nourishes it with health-sustaining properties, and the eruptions and diseases of the skin pass away.
