The potball season has not been an auspicious one, nor one to inspire any great, pride among Carolinians, but the team has, nevertheless, accomplished much more than was at complished much more than was at first expected. In the first days of did much and unexpected strength The United States Geological Survey

has arranged to establish an ore separating plant at Chapel Hill. Work has already begun on the plant, which will be on the plant, which will be located in one of the buildings formerly occupied by the construction company. It will be an extensive affair and will give employment to a number of specialists in geology. It is of interest to the people of North Carolina to know that Mr. Horner Winston, of Durham, the first Tar Heel to be appointed to a Cecil Rhodes scholarship, has made a fine record, both as student and athlete. At the expiration of the scholarship next year Mr. Winston will return to North Carolina to practice law. The other North Carolinian who has a Rhodes' scholarship is Mr. Henry Trantham, of Oak Ridge. The examinations for new appointments will be held early in 1967, and those who wish to compete for them should apply a new to Dr. Francis P. Venply at once to Dr. Francis P. Ven-

The Trinity College Press Association, which is an organization of the newspaper correspondents here, met Monday evening for the first time this term and among other business transacted was the election of officers as follows: President, W. A. Stan bury, Boone; vice president, J. B. Sedbury, Snow Hill; secretary treasurer, E. W. Knight, Rich Square; head correspondent, W. A. Bryan,

A large number of students and members of the college community had the pleasure of listening to very instructive address in the Y. M. Mr. Frank McEntee, on the old mor-ality play "Everyman." He discussed the origin and history of the English drama, dwelling especially on the old play of the above name. This play was given in Durham last and practically the entire student body as well as a large number of the faculty wintessed the performance. The entire consensus of opinion was that the play was the best thing in its line ever seen by the students here.

Every year the local Young Men's Christian Association offers a num-ber of attractive courses in Bible and mission study to its members and others, these being conducted with the purpose of a sympathetic and devotional study of the two fields. For various reasons this fall the work has been delayed in beginning but now the plans have been finally agreed

the speakers ment out by Wake Forest knows that their speaking contains the element of clear facts, set forth in argument. Those who heard the debate in Raleigh last year with Mercer will testify that it was won by Wake Forest because argument and not the oratory surpassed the speakers from the former institution. We have hard few debate speeches which surpasse as debate speeches which surpassed as debate speeches those delivered at the preliminary speaking of Messrs. Brown. Weatherspoon and Sikes. The judges of this year's debate being from Georgia, they will hardly be swept of their feet by the cloquence alone of the Wake Forest speakers though every st. dent here speakers, though every stident utmost confidence that Mer-

Whitsett, Nov. II.—The senior debate in the Athenian Society will be given Dec. 18th with the following speakers: Waiter Dixon, Pitt county; I. C. Trotman, 'Gates county. J. C. Parker, Pitt county, and J. L. Harris, Person county. The question is, "Resolved, That the time has been reached when North Carolina should have a compulsory school law."

The senior debate in the Dialectic Society will be given Dec. 19th upon the question, "Resolved, That all signs point to long life for our republic." The speakers are P. L. Shore, Forsyth county; W. E. Boon, Guilford county; J. H. Vaughan, Nash county, and R. C. Whartoh, Guilford county.

Dr. G. E. Snyder, president of Catawba College, has been spending some time in this vicinity securing pledges for the endowment fund and building fund of his institution. He has secured a number of donations. On Thursday he lectured before the students of the school, on "School Life; How to Make the Most of It." From here he goes to Greensboro to take part in the dedication of a new Reformed church.

Whitsett Institute will be represented by a number of students and one or more members of the faculty at the exercises to be held in honor of Dr. Charles Dr. McIver at the State Normal College next week. 'Dr. McIver was very popular here, and had often visited here where he had spoken on a number of occasions.

On 'next Saturday evening a play will be presented in the school chapel by the literary societies to which the public is invited.

The A. R. P. Synod is in session at Camden, Alabama, this week. As announced before, a president of Erskins will be elected to succeed Dr. F. Y. Pressly, the president-elect of the Theological Seminary here. Quite a number of people from Due West are in attendance, among them being Rev. James Boyce, Prof. E. L. Reid and Dr. T. Y. Pressly.

The death of Mr. D. T. Thompson, a member of the sophomore class in Erskine, who died at his father's home, near Anderson, last night, has cast a gloom over the entire college. Less than two weeks ago he was here at Erskine, apparently in good health. About ten days ago he suffered an attack of appendicits; and thinking it would be better for him at home he returned to Anderson last week. Gradually, however, he grew worse and hovered on the brink of eternity, until death came and severed the cord that bound him to this life. At the interment, which takes place to-day, a number of the fellow classmen of the dead student will act as pall-bearers. The untimely departure of this young man is peculiarly sad and has east a gloom over the entire student body.

News has reached here that Rev. B. F. Hargett sustained injuries as the result of a fail at Mt. Airy Wednesday. If reports are correct he was descending the steps in front of the residence of Mr. C. B. Jackson, when he had a slight stroke of apoplexy. The steps were covered with snow and as a consequence he slipped and fell. He was bruised considerably about the head and face, but it is thought that he will recover from his injuries in a few days. A meat market is one of the new enterprises for Trinity.

everything."

Ist C. M. M.: "Is that so? If the Tompkins Co. are doing such work I'll have them send a man to the mill at once to look the ensine over and see what it needs and make a price on doing the job."

And so a knowledge of our shop gradually extends. That's the one trouble we have in building up a machine building and repairing business here in the South. The mill men have got their minds fixed on Providence and other distant places and don't look up the facilities here at home.

There are many economics in dealing at home. There is saving of freight and of time. When there is a break down the wheels can be put turning again quicker through a home shop than through a distant one.

We solicit heavy repairs, as well as medium and little ones. We are well equipped to do all repairs.
