Interesting Questions of State-Wide Importan ceto be Heard by Judge Allen To-Day—Is Solicitor Entitled to \$4 Fee on Sci Fos?

Special to The Observer. Asheville, Nov. 22.-The question of whether Solicitor Brown of the fifteenth judicial district, or any other solicitor in this State, for that matter, is entitled to collect 4 fees on sc. fas. will probably be heard by Judge Allen in Superior Court here to morrow morning. Furthermore, the question of clerk's fees will also be heard. fees will also be heard. During the re-

perior Court here to-morrow morning. Furthermore, the question of clerk's fees will also be heard. During the reent political campaign in teh fifteenth judicial district charges were made against Solicitor Brown that he was naking illegal fees; that he was not under the law entitled to collect \$4\$ on sci. fan; but rather the law allowed him 5 per cent. commission on bonds in such cases. The solicitor during that campaign made reply to these charges that, after looking into the law which had been passed in 1889 and brought forward and hid away in the school law, and also the decisions of the court so far as related to the matter there was a difference of legal opinion on the subject; that he did not believe the law could be construed so as to make his collection of fees illegal, but that if the courts shold so hold other solicitors—Democrats—had collected fees as he had done and that the charges were for political purposes only.

The matter became red-hot, however, and on the day before election a circular was issued and signed by Marcus Erwing, the present clerk of the court, charging that Mr. Brown had taken illegal fees. Solicitor Brown was severely arraigned by the Democratic clerk. The election resurted in the reslection of Mr. Brown and the defeat of Mr. Roberts, the Democratic clerk. The election resurted in the reslection of fees to be passed on by the pourt. Frank Carter, a local attorney, in a communication, said that either the solicitor was guilty of taking illegal fees as charged or that Clerk of the Court Erwin was guilty of slander and that he question sought to be finally determined. There was some question as to just how the matter by moving that he court re-tax a bill or cost in which the State of North Carolina is plainiff and Robert L. King and A. L. Coopes are defendants. In this motion to re-tax costs Col. Lusk goes a bow-shot beyond the question of solicitor fees—the original contention—and prays the court, in the name of his clients to reduce the rierk's costs from \$15.50 as originally ha

of greys.

For the first time during the present show an exhibitor to-day won two blue ribbons in succession. Mr. Kate L. Wilke, of Galt, Ontario, Canada, in the class for stallions foaled in 1904, took the firsttt prize with Kentucky Ted. In the event folliw-ing, for stallions 3 years old, she again carried off a blue ribbon with

grazia. Some excellent jumping was seen in the hunter class over six fences two five foot, two five and a half and two six foot. The first prize was tak-en by the Wasp, a bay gelding be-longing to Crow & Murray, of Toron-to, Canada. The second went to Ru-pert, belonging to E. H. Weatherbeem,

One of the competitors in the contests of the day found defeat more than she could bear. She was Miss Allen Gray, of Orange, Va., a child of 8 and the youngest exhibitor in the show. She had effected Finah, in class 92 for pony stallions. Her horse had the conformation and bearing which go with the best strains, but there were others entered which sur-passed him. ## RHEUMATISM CAN NOT BE RUBBED AWAY

It is perfectly natural to sub the spot that hurts, and when the muscles, nerves, joints and bones are throbbing and twitching with the pains of Rheumatism the sufferer is apt to turn to the liniment bottle, or some other external application, in an effort to get relief from the disease, by producing countar-irritation on the flesh. Such treatment will quiet the pain temporarily, but can have no direct curative effect on the real disease because it does not reach the blood, where the cause is located. Rheumatism is more than skin deep—it is rooted and grounded in the blood and can only be reached by constitutional treatment—IT CANNOT BE RUBBED AWAY. Rheumatism is due to an excess of uric acid in the blood, brought about by Rheumatism is due to an excess of uric acid in the blood, brought about by the accumulation in the system of refuse matter which the natural avenues of bodily waste, the Bowels and Kidneys, have failed to carry off. This refuse matter, coming in contact with the different acids of the body, forms uric acid which is absorbed into the blood and distributed to all parts of the body, and Rheumatism gets possession of the system. The aches and pains are only symptoms, and though they may be scattered or relieved for a time by surface treatment, they will reappear at the first exposure to cold or dampness, or after an attack of indigestion or other irregularity. Rheumatism can never be permanently cured while the circulation remains saturated with irritating, pain-producing uric acid poison. The disease will shift from muscle to muscle or joint to joint, settling on the nerves, causing inflammation and swelling and such terrible pains that the nervous system is often shattered, the health undermined, and perhaps the patient becomes deformed and crippled for life. S. S. S. thoroughly cleaness the blood and renovates the circulation by neutralizing the acids and expelling all foreign matter from the system.
