## WITH CAROLINA COLLEGES

Chapel Hill, Jan. 12.—Arrangaments have been completed for the exiobration at the University on next Saturday, the 19th, of the 100th anniversary of the birth of Robert E. Lec. The day will be holiday in all departments of the college, and at 8 p. m., appropriate exercises will be held in Garrard Hall. J. W. Bailey, Esquire, of Raleigh, will deliver the address of the evening and the University Orchestra will furnish the versity Orchestra will furnish the

The Press Association of the University met last Thursday to form a more perfect organization for the spring term. The Press Association consists of the correspondents of the ferent newspapers and members of editorial boards of the college publications. It was organized last ear for the purpose of facilitating the sending out of news pertaining to the University, and has in this capacity proved exceedingly efficient.
The Modern Literature Club held its first meeting for the spring term on hast Thursday evening. The program afforded much interest. Mr. Drury Philips read a short story, "Take it All or Take None," and Mr. W. E. Yelverton presented a criticism of "The American Short Story." Both of these papers were by members of the junior class and reflect much credit on the class of '08, which is playing a most creditable part in literary life of the University, Prof. Collier Cobb gave a paper on the "The Ballads of Hatteras Island," reading and commenting upon a number of folk-bore and religious ballads which he collected while pur-

Mr. F. B. Rankin, the secretary of the Y. M. C. A., addressed the students Wednesday night on the subject of "The Greatest Game." This greatest game Mr. Rankin showed to be the game of life, paralleling his remarks with illustrations from foot-

suing his geological investigations on

Hatteras Island.

Mr. Hayne Davis, of New York, who has recently been awarded one of the medals of honor votes to several representative Americans in recognition of the part they have taken in promoting international peace, is a graduate of the University, being a member of the class of '88. For several years Mr. Davis has offered at the University a medal for the best essay presented on the following subject: "The right relations of nations to each other under 20th, century conditions in the light of changes which have occurred throughout the world in the relation of political organisms since the revolt of the American colonies." The object of this medal is to stimulate student thought along the lines of international arbi-

Manager Conghenour, of the footnext fall's schedule, which promises to be a good one. The prospect of giving is received with favor by the auspice students. Manager Robinson, of the nually. baseball team has about filled his schedule for the spring. Practice has aircady begun on the diamond, Captain Thompson taking advantage of beginning the season.

lowed five absences from recitation each month as heretofore; however if any student persist in taking more than his alloted share of absences his name shall be stricken from the rolls of the University for his second of-

President Venable emphasized this announcement by stating further that men had been denied the right to register for the spring term on account of negligence in their attendance on classes during the fall.

C. H. Herty, A. S. Wheeler, J. E. Mills and President Venable attended the convention of the North Carolina Section of the American Chemical Society, at Raleigh on Saturday, Jan. 5. Dr. Herty is president of the North Carolina Section, During the course of the meeting Dr. Mills read a paper on "Molecular Attraction" and Dr. Wheeler gave a review of the meeting of the National Association in New York early in the

The law classs has elected the following officers: C. C. Barnhardt, president; J. G. Hannah, Jr., vicepresident; G. H. Martin, secretary; J. W. Haynes, judge; William Bond, Jr., solicitor; C. W. Caviness, clerk; L. W. Davis, sheriff; and R. T. Johnson, coroner.

### TRINITY.

Correspondence of The Observer.

Trinity College, Jan. 12 .- On Saturday evening, January 19, exercises will be held here in Craven Memorial Hall commemorative of the centennial of the birth of Gen. Robert E. Lee. On this occasion Dr. J. C. Kilgo deliver an address on the life and character of the great general. The exercises will be public and it is quite certain that there will be a large attendance both of students and people of the city. On the same day similar exercises will be held at many places and Trinity will join in paying tribute to the honored name f

On January 19 examinations for the fall term will begin here and continue till February 1, when the spring term will commence. With most Southern colleges the first term examinations are held just before Christmas and the spring term begins the first of January, but February 1 his ow is taken as the middle of the year to be. at Trinity, as the two terms are thus made more equal in length. Dr. J. C. Kilgo, who gave up his

work as president about two months ago on account of ill health, has far recovered as to be able to again resume his work in the office. His health is greatly improved and he will in all probability be able to continue his duties in the usual manner during the remainder of the session. During his vacation, Dean W. P. Few was the acting president. Prof. W. H. Pegram attended the

meeting of the North Carolina Division of the American Chemical Society, which met at Raleigh last Saturday, and he was honored by being elected president of the society for the next year.

The Columbian Literary Society, at first meeting this month, elected the following officers for the present quarter: President, C. Q. Stewart, Monroe; vice president, Frank Culbreth, Payetteville: recording secretary, Edgar Knight, Rich Square; marshal, M. Wright, Gibson; censor, A. J. Templeton, Cary; chaplain, W. A. Bryan, Rich Square; corresponding secretary, J. B. Sidbury, Holly Ridge.
At the regular meeting Friday evening of the Science Club Prof. C. W.

Light. The lecture was an elementary discussion of sources of light now in common use and was illustrated. At the next meeting a second lecture will be given by him and the latest discoveries in the field of lighting will then be discussed.

Mr. Walter W. Peeple, class of 1903, has been elected to the presidency of Rutherford College recently to succeed Mr. Roy Thompson, who gave up the position on account of ill health. Mr. Peeple was until this fall a member of the faculty of that college, when he joined the Western North Carolina Conference. Mr. O. J. Jones, another Trinity graduate, is a member of the faculty of the same institution. institution.

Mr. W. A. Stanbury has resigned his position of associate editor of The Trinity Chronicle and two new edi-tors have been elected, these being Messrs, S. A. Richardson, of Monroe, and W. H. Sanders, of Smithfield, both of the junior class.

There will come from the press of Edwards & Broughton, Raleigh, about the 1st of February, a very valuable contribution to law literature. This is a volume of more than 1,000 pages, written by Prof. S. F. Mordecai, dean of the law school here, entitled "Mordecal's Law Lectures," being lectures on Blackstone. This is the third book or pamphlet which Prof. Mordecal has had published in the past two years.

Mr. H. E. Spence, of the senior class, has been appointed by the presiding elder as pastor of Epworth Methodist church, Raleigh.

The preliminary debate for the se

lection of speakers for the debate with the University of Tennessee, which was set for this evening, has been postponed to February 2. Dr. J. S. Bassett, formerly professor

of history here, has returned to his work at Smith College, after having spent several months on the park on account of the illness of his little daughter. His family will leave in a few days and will in the future make their home at Northampton, Mass. The basketball team of Trinity and Wake Forest were to have played their second game of the season yesterday afternoon at Wake Forest, but

the game was canceled on account of a misunderstanding regarding certain players. The game will probably be played in February, as the misunderstanding will, in all probability, be adjusted.

Following a custom of some years' standing. Washington's birthday. February 22, will be observed at Trinity. The exercises will be in the nature of a civic celebration and it is intended that the occasion shall be of service in cultivating more patriotic ideas of government and a better citizenship. The speaker for this year has already been secured, Mr. Henry A. Page, of Aberdeen, a member of the board of trustees of the college, who has the record of a successful business career and the reputation of ball team, has almost completed his a clear-cut and original thinker. Mr. Page was invited to deliver the address by the "9019," a patriotic sethe game with V. P. I. next Thanks- cret order of Trinity, under whose auspices the celebration is held an-

In its last issue The Trinity Archive made announcement of the fact that through the generosity of a friend it is enabled to offer a prize of \$25 to the balmy weather to get his pitchers the person who isubmits the best and infield into proper shape for Trinity song, the right to withhold reginning the season.

In pursuance of the policy of the judges deem none worthy of it. The ture. It is hoped that the girls' adopted resolutions thanking the season. University to elevate the standard of contest will close March 1. It is building will be completed during the Governor for his interest in behalf scholarship, President Venable has open to anyone, whether a Trinity summer in time for students enter- of their college, and left it to Dr. announced the following ruling of the student or graduate or not. Complete ing for the fall work. faculty: Each student shall be al- information as to the proposition may be secured by anyone interested from the editor of The Archive. The first meeting of the Y. M. C.

A. after the holidays was conducted by President J. C. Kilgo, who spoke with extraordinary earnestness and effect, his theme being the "Christian Man, His Characteristics and Duties." The association begins the new year with excellent indications of a year of prosperity and great influence among the student body. Mr. W. V. McRae, the president, has connected with himself a corps of strong Christian young men and an aggressive campaign will be conducted in mission. Bible study, and other lines of work.

Active steps have already been taken by the management preparatory to the opening in a few weeks of the 1907 baseball season. An amount of paraphernalia, of extraordinary quality and quantity, has been ordered for the team and with the beginning of the spring term everything will be ready for commencing practice. The schedule of games will be much longer and contain more contests with big institutions than any schedule of recent years. It is nearing completion and will go out in a short time.

### DAVIDSON.

Correspondence of The Observer.

Davidson, Jan. 12 .- As previously announced, President Smith gave to the students a few days ago the first of a series of informal and practical talks on health and its preservation. In this first lecture he began with Vigorous Health as a Means to Happiness, to Economy of Time and Money, and to Efficiency." He showed how such health may be lost by ignorance, indifference, indolence and bad habits.

The first law of health is found in Correspondence of The Observer. proper eating as consisting at least in part by taking small morsels of food into the mouth, by thorough chewing of these and thus securing complete ed and heard with evident interest. laws is so common, that every young his own body his daily life shows him

The absence of the president from the hill to-day necessitates another delay in the announcement of class honors for the present term.

The current issue of The Southwestern Presbyterian has this notice of Dr. Shearer's new book, "Sermon on the Mount:" "The students of Dr. Shearer, aggregating some 2,000 or more in the course of his \$5 years' Biblical teaching to whom this little book is dedicated, will at once recognize its outlines. It is an unfolding in much fuller form than his 'notes' of the 'Sermon on the Mount.' It follows the same fine analysis, one of the best, and best borne out, of all the analysis we have ever studied, making the subject or theme, Righteousness," and the heads of discussion, 'Literalism,' 'Formalism.' Covetousness, 'Censoriousness.' It is profoundly logical and philosophical. and at the same time intensely practical and timely. Dr. Shearer's reputation as air expounder of acumen and great breadth of view could be

staked on this little book." The Christian Observer, of Louisville, publishes this week long extracts from President Amith's recent
