On recommendation of the committee on rules, a new committee, to be known as the committee on game and bird laws, was created, the speaker announcing that he would name the members of this committee later.

BILLS INTRODUCED.
Bills were introduced as follows:
By Gordon: To allow High Point to substitute 5 per cent. bonds for 6 per cent., and to allow that town to issue bonds.
By Laughlinhouse: To provide for payment of penalitonsary bonds.

JOINT SESSION TO CANVASS VOTE
At 12 o'clock the approach of the Senate was announced. Ascending the Speaker's stand Lieutenant Governor Winston announced that in accordance with law the joint bodies would proceed to canvass and announce the result of the last election for State officers. Roll call showing the presence of 45 Senators and 115 Representatives, President Winston declared a quorum was present and the body would proceed to canvass the returns. He appointed Senators Howard, of Edgecombe, and Carter, of Surry, tellers on the part of the Senate. Speaker Justice named Representative Doughton, of Alleghany, and Harshaw, of Caldwell, tellers on the part of the House. Doughton, on the part of tellers, made a report showing that Franklin McNeill had received 123,377 votes, and R. M. Douglas had received 77,917 votes for corporation commissioner and that McNeill was duly elected, this result being answered by the president. The joint session was dissolved, the Senators returning at 12:15 o'clock.

ANTI-LOBBYING BILL.
The bill introduced by Mr. Bickett was the first one considered on its second reading. This bill requires all parties employed to promote or defeat legislation to enter their names on a register in the office of the secretary of State, stating the source of employment, the specific work to be done, and whether or not a corporation, and if so the address of the principle of the offices.

REGARDING ATTORNEY'S LICENSE.
Mason's bill regarding the license of attorneys, restoring the law as it was before the Revision, but amending section 207 by saying applicants shall prove upright character, so as to satisfy the Supreme Court of their good moral character.

UNIVERSITIES TO MEET.
University of North Carolina and University of Virginia Track Teams to Contest in Big Meet at Richmond. Special to The Observer. Richmond, Va., Jan. 15.—An added impetus and great interest is shown in the big indoor track meet to be held at the Horse Show building on the 25th by the announcement by those having the meet in charge that Captain Randolph, of the track team of the University of Virginia, will participate in all of the contest to which his team is eligible. The University of North Carolina has also entered the meet, and the competition for supremacy between the two great universities in the track meet has become a fact that a relay race between the universities will be arranged. Such an event will be the star feature of the programme. Remembering the intense rivalry that has always existed between the schools in athletic sports, a relay race would doubtless arouse the most intense enthusiasm.

BILLS INTRODUCED.
The following bills and resolutions were introduced: By Seawell: To create the county of Lee out of portions of Moore and Chatham. By Webb: To fix the salaries of certain State officers and provide for an assistant attorney general. This bill provides a salary of \$4,000 for...

TWO SHOWS AT ONE TIME

PRINCE OF PILSEN AND A RUBB.
To a jammed House, with Standing Room Occupied in Lobby, The Prince of Pilsen Makes a Great Big Hit—Fine Music, Graceful Choral Dancing, Irresistible Comedy, Lovely Costumes and Everything Beautiful—Much Encouraging and Copious Laughter—Man in Audience Who Had Never Seen a Show Entertains His Neighbors With Rubbing, Nerve Comedies—Some of His Sayings and Doings—The Prince of Pilsen, a two-act musical comedy, at the Academy last night, was the merriest, most gorgeous, thing seen here this season. There was not a dull moment during the three hours of the performance. The scenery was good, the costumes lovely, and the choruses in the music, both of motion and sound, was as fine as could be. The company had its own orchestra, which was of course, tip-top.

Mr. Jess Dandy, the bogus Prince of Pilsen proved himself about as good a comedian as Sam Bernard. If there is any corrective criticism to be made of his playing, it is that his German accent is almost too pronounced, rendering it rather difficult at times to catch his non-mocks. This was not entirely his fault, for the house was jammed, with people standing in the lobby, and laughter was either waking or dying out at almost every utterance the old coon made. Perhaps nothing richer was ever seen on this stage than his encounter with the fountain; the house went wild over it.

RECEPTION TO ASSEMBLY.
The president announced an invitation from Governor and Mrs. Cull to reception to be given the General Assembly Thursday evening, after announcement of committees Senate adjourned.

THE POULTRY SHOW.

A Number of Prizes Awarded Yesterday—The City Hall is a Lively Place—All Sorts of Pretty Things to be Seen at the Show.
The Charlotte Poultry Show went off in good style yesterday. The exhibit is large and the quality of the fowls first-class. The crowd will be larger to-day.

The Red Bats arrived last night and will be on exhibition to-day. The ribbons are being placed on the coops as fast as the judges can make the awards. The visitors who find the names of the fowls on the coops and plenty of fanciers to show them around, will tell them what they know about the various birds. The show room is clean and absolutely free from offensive odors. Among the bantams are several rare varieties, these including the Barred Rock, the Light Brahma, Black Tailed Japanese, Red, White and Blue Russians, Red Pyle, Golden and Silver Seabright. There are many turkeys, ducks, geese and pigeons on exhibit.

Services at Depot.
Evangelistic Dork at Rock Hill, S. C.—Returned that Dr. Lingle May remain in Rock Hill—Dinner to Yesterday at the Depot. Special to The Observer. Rock Hill, S. C., Jan. 15.—Rev. Watson B. Duncan, pastor of the Methodist church, assisted by Singer Marshall, held services at the Southern depot Sunday evening. The services were commenced just after the departure of the Yorkville train and consequently a large congregation was present. There can always be found plenty of evangelistic work to do around any depot on Sunday. Your correspondent understands the Epworth League will take this work up and there will be services every Sunday afternoon at 4 o'clock.

Fire broke out at City Hall.
A fire broke out in some trash in the basement of the city hall last night, about 9:45 o'clock, and frightened the poultry in the hall above. When the fire bell began to clang and the hoarse cry of the crowd to gather the cockerels, geese and the gobbler set up a mighty chattering, vowing what they would do if the pinch came toward saving the dames of their yards. It was not long, however, a few minutes, but the chemical engine saved the day.

New Directors Elected.
At a meeting of the executive committee of the Young Woman's Christian Association held at the association home yesterday afternoon the following named directors were elected: for two years, Mesdames F. C. Abbott, L. B. Smith, C. E. Mason, Walter S. Liddell, Stuart W. Cramer, Heriot Clarkson and Dr. Annie Alexander, and for three years, Mesdames A. H. Washburn, Hugh A. Murray, Armistead Burwell, J. M. Harry, J. M. Pharr, E. C. Register, W. C. Alexander and C. N. G. Butt.

Marriage in the Country.
Miss Jane Mitchell and Mr. Lafayette Owens, of Berrhill township, were married at the home of the bride's father, Mr. Robert Mitchell last night at 8 o'clock. The young couple are well-known and popular in the county.

What promises to be one of the most enjoyable social events in the church circles during the season will be the reception to be tendered Rev. and Mrs. Plato T. Durham by the congregation of Trinity Methodist Episcopal church to-morrow evening. In the church auditorium. Preceding the reception proper will be a programme of music. The members of the church are invited to attend.

THIS DAY IN HISTORY.

Of all his vast possessions he only reserved to himself an annual pension. It was under him that Cortes conquered Mexico. 1816.—John Wright, the first constable of Cumberland county, Virginia, died, aged 107.

WHAT THE KIDNEYS DO.
Their Unceasing Work Keeps Us Strong and Healthy. All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 50 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.
