These will be given only to Ladies and Men for the Children. We have several thousand and will give them one apiece for the Children. You don't have to purchase goods to get one. None to be given out till 10 o'clock, and will give as long as they last.

The big copyrighted "Mill-End" Sale started with a rush yesterday. Did you see the crowd with your own eyes? Have you ever seen anything to compare to it in this city? We know you have not.

Do you stand on the ground of indecision? Are you a mixer of doubts? Can you fathom the meaning of the mills selling through the Lockhart "Mill-End" Sale the cut-off ends of every piece of goods made. Do you know they do cut the end off of every piece of every kind or character manufactured? These ends are not always of the same length, but there is always an end, and this merchandise is just like the full pieces in every way and they are the goods we are selling in your city at actual "Mill-End" cost. Is it strange we have a crowd?

Contrary to his usual custom, Mr. Lockhart, the "Mill-End" proprietor, has consented to stay for the "Mill-End" Sale to-morrow, Monday. The literally, accurate truth is, we were so overwhelmed with the crowd vesterday that he could not give as many of his little special sales for a minute or two. for a penny or two, as was intended, but to-morrow every species of special sales known to this experienced man will be carried out.
