Where does Schnapps Ginger Ale get that character and individuality?

At the following places:

- Hahn's Candy Store. Dilworth Drug Store. Queen City Drug Co. J. L. Eagles, Druggist. Gom Restaurant. Gem Lunch Room, Charlotte Cafe.
- First: From the high Quality and Purity of the ingredients used and the process of preparing same.

Second: From the clean plant in which we manufacture Schnapps Ginger Ale.

Third: From the careful attention given to every detail of the process of manufacture from start to finish. Southern Cafe (near Southern depot). C. Gresham & Sons (Southern depot-. J. B. Marshall (Charlotte Restaurant) W. B. Puckett. Mecklenburg Restaurant. C. A. Puckett.

Say Schnapps, and you are sure to get a Ginger Ale that is good for you. Positively non-astringent. There is Pure Ginger Ale and poor Ginger Ale, healthful and harmful. One costs you as much as the other perhaps; yet the Pure Ginger Ale costs double as much as the other to make. Purity is all important; it means a clean Ginger Ale, bottled in a clean plant; a Ginger Ale with no germs in or about it You'll get it if you say Schnapps.

We also invite and urge you to visit and inspect our CLEAN, well equipped plant at 229 S. Tryon' St. (opposite Piedmont Building) where we will also serve Schnapp's free all day and evening of March 7.
