Specialization in Period Decorating & Furnishing

True ART is not a conglomeration of violent contrasts of colour and mixed assembling of styles, but a concentrated and HARMONIOUS COLOUR scheme and CORRECT PERIOD DECORATING, to blend in with and portray a classical interpretation of either the French, Renaissance or Colonial periods; so that the very atmosphere of a room or suite expresses the sentiment sought for. This can only be accomplished by an Artist who has been trained in this particular work, and whose life experience has taught him to retain nothing but what is refined and restful. We will take your house right from the builders—furnish and decorate it completely in any of the periods mentioned. Whatever your fancy dictates, be it a room in the dainty Marie Antoinette style, the exquisite grace of Louis XVI period, or the beautiful, stately Colonial—expert advice is freely yours for the asking.
