Greensboro, March 26 .- The John Wright patent automatic safety brake, which is intended to prevent numerous railway accidents by aply ing an emergency brake whon there is danger of derailment, will be given a practical test on the main line of the Southern Railway in this city Monday, April 8. A number of prom-inent railroad officials are expected to be here to witness the test. The brake has been given several trials on the Durham and Charlotte railroad and proved in every way satisfactory, but this was witnessed by only a few people. It is thought that fuice" would jump at getting a drink of 27-year-old stuff; but when they if the brake proves satisfactory at the pany will go forward with the work of making the attachments. A company with a capital of \$400,000 is being organized to manufacture the contrivance. John B. A Helping Hand

Thousands of women, after trying many different kinds of treat-ment for their obstinate afflictions or diseases, have found in Cardul a helping hand. If you suffer from any of the painful and distressing diseases peculiar to your sex, take Cardui, for it will probably do as well for you as it did for Mrs. Wm. Turner, of Bartonville, Ill., who writes:

I suffered untold agony for 8 years with various female diseases. I had bearing-down pains and pains in my head and back. I doctored and doctored and finally I was operated on, but I suffered all the more. I then tried medicines without relief, so I finally began to take Wine of Cardul. I have now been taking it for about a year and it has improved me wonderfully. I can do all my housework and work in my garden every day. Cardul has brought comfort to me in many ways. I am in good health; my nerves are stronger; I am regular and suffer NO PAIN." Try it.
