

WHITE BROTHERS CASE

QUESTION OF PARDONING UP

Charters Granted the Pilot Mountain Cotton Mills Company and the Pamlico Chemical Company—Many Free Throughout State—Governor Glenn Returns to Wilmington—Superintendent of Public Instruction Pleased With Report From Columbus and the Great Increase in Free Libraries and Rural Public Schools—Trustees Elected for East Carolina Teachers Training School—Rev. G. W. Blanchard Will Assume Charge Biblical Recorder May 1.

Observer Bureau. The Holloman Building, Raleigh, March 26. Governor Glenn calls the council of State to meet to-morrow morning to hear arguments for and against pardoning the White brothers of Cabarrus. Attorney and citizens are already here for both sides. Several Rowan men came this afternoon and say they will fight against pardoning to the last.

A charter is granted the Pilot Mountain Cotton Mills Company, of that town to spin and weave, capital stock \$100,000. Lee H. Battle, of Greensboro, and P. H. Chamberlain, of Pilot Mountain, being the chief stockholders. Charters are granted the Pamlico Chemical Company at Washington, capital \$115,000, to make fertilizers. R. H. Fleming and others stockholders.

To-day trains resumed their run across the long trestle between Morehead City and Beaufort, a draw having given way and fallen into the stream 10 days ago because of the breaking of a bolt.

The Fireman's Insurance Company, of Newark, N. J., filed its papers to-day, asking admission to this State, April 1, and will be licensed. Insurance Commission. Young says many fires are now occurring in the State, but no large ones. At Dunn a trial is in progress of two white men, charged with burning a store over 2 years ago, evidence against them having recently been worked out and Wilson to-day a negro was arrested on the charge of burning a barn. These cases are being pushed by Deputy Commissioner Scott.

GOVERNOR GLENN RETURNS.

Governor Glenn, who returned from his trip to Wilmington and Charlotte yesterday, was a delighted spectator at the Cornell-A. & M. baseball game yesterday afternoon. He is a devotee of that sport. With him was State Auditor Dixon and a number of the other State officials.

The State Superintendent of Public Instruction is very much pleased at a report made by county superintendent F. P. Wooten, of Columbus, telling of educational progress there. The school district of Bolton voted solidly for local taxation. There will be another election at Arden, which is certain to be carried and 3 other elections are ordered in school districts which are also safe. There are plans for 7 new school buildings. The Superintendent, who is speaking about great increase in the number of free libraries and rural public schools and said that Wilkes county led with 62, of which it took 44 this year, Wayne being next with 61, of which 45 were new. The county of Wake took 17 this year, 13 of these being under the special provision of law which allows counties, at the close of the fiscal year to take as many of these as they feel able to. In order to use up the appropriations, Guilford has 22 libraries, and Mecklenburg 18, the latter county having taken none this year. Every county in the state now has libraries and the total number has reached the high figure of 1,632, the number of volumes being 134,409, and the cost \$1,234,384. Secretary Brunner, of the Agricultural Department, who is acting State Labor Commissioner, has a very interesting letter from Mr. Ed. W. Bailey, who is his representative at Lenoir, N. C. Mr. Bailey has sent over a number of Scotch boys and a lot more of these fine youngsters are yet to come.

TRUSTEES ELECTED.

The State Board of Education to-day elected the following trustees of the newly-created East Carolina Teachers Training School, which has not yet been located. Thomas J. Jarvis, Greenville, V. B. Leigh, Elizabeth City, C. W. Winston, Scotland Neck, Y. T. Ormand, Kingston, John C. Parker, Trenton, J. H. Bannerman, Bannerman, Ira T. Turlington, Smithfield, T. H. Battle, Rocky Mount, J. O. Karr, Wilmington. Those are to serve 2, 4 and 6 years, respectively.

Legislature Passes a Bill Which Ends a Six Year Fight.

Omaha, Neb., March 26.—The passage by the Nebraska Legislature to-day of the bill for taxation of the railroad property in cities and villages for local purposes on the same basis as other property is a landmark in the history of the State. It marks the end of a fight that began in the Legislature in 1901.

TO TAX NEBRASKA RAILROADS.

Legislature Passes a Bill Which Ends a Six Year Fight. Omaha, Neb., March 26.—The passage by the Nebraska Legislature to-day of the bill for taxation of the railroad property in cities and villages for local purposes on the same basis as other property is a landmark in the history of the State. It marks the end of a fight that began in the Legislature in 1901.

BEGIN FINAL CONFERENCE.

Managers of Western Railroads and Representatives of Railway Men Strike to Reach Settlement. Chicago, March 26.—General managers of the Western railroads and representatives of the Brotherhood of Railway Trainmen and the Order of Railway Conductors, began to-day the final conference regarding the demands for an increase of pay and the working day to nine hours. The employees to the number of 50,000 have voted to strike unless their demands are complied with and the committee representing the men submitted the result of the vote to the general managers. The meeting was held behind closed doors, and while nothing official was given out, it was stated that no definite basis for a settlement was reached. Another conference has been arranged for to-morrow.

Pittsburg Experiences Three Electrical Storms.

Pittsburg, March 26.—With an interval of several hours this city and vicinity to-day experienced three electrical storms of extraordinary severity. Thousands of dollars worth of damage was caused by lightning, but no fatalities were reported.

DANGERS OF PNEUMONIA.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal. When the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of pneumonia. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. La Grippe coughs yield to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." R. H. Jordan & Co.

FOOD COMMISSIONER'S REPORT.

The Minnesota Dairy and Food Commission's annual Kenosha Laxative Honey and Tar contained opiate and arsenic and is a violent poison. It is a violation of the law to sell it. Refuse to accept any but Foley's Honey and Tar in a yellow package. Foley's Honey and Tar contains no opiate or dangerous drugs and is the best cough and cold cure.

LOVING CUP TO CLEVELAND.

The Greatest Private Citizen in the World the Recipient of a Handsome Token of Esteem by the Under-graduates of Princeton.

Princeton, N. J., March 26.—The entire under-graduate body of Princeton University paraded to the home of former President Cleveland, on Bayard Lane, to-day and presented him with a loving cup. The cup was to have been given to Mr. Cleveland on his 70th birthday, March 18, but he was in the South at the time. The cup, which is of silver, stands more than 18 inches high on an ebony base and bears the inscription: "To the Honorable Grover Cleveland. A slight token of the Love and Esteem of the Under-graduates of Princeton University, presented this 18th day of March, 1907, his 70th birthday."

That Mr. Cleveland was touched by the broken delivery of his response to the presentation speech. He said: "I am sure you do not fully realize all the satisfaction which this occasion affords me. It is of course within your expectations that from a heart stirred to its depths by a sense of thankfulness, I should attempt to give expression to the delight which accompanies the reception of your beautiful birthday gift, but you cannot know and appreciate the opportunity desired and here given to me to acknowledge to the students of Princeton themselves what has daily and hourly come to me through even a limited association with their university life. I feel young at 70, because I have here aspired young manhood. You have created this atmosphere and through the providence of God, it has been given to me to breathe in these latter days this healing, stimulating influence. My thanks, though limitless, can merely pay the price of the freshness and vigor of the air I breathe at 70. Nor can I ever feel myself acquitted of the delightful debt this day incurred. I can only promise that during all the time of my remaining life I shall make partial payments by an increasing love for you and all under-graduates of Princeton, and by an increasing devotion to the badge of Princeton wherever I find it."

ON TOUR OF INSPECTION.

Rev. J. H. Morton Better — Funeral of Robert A. Hauser — Messrs. Montjoy and Easterling on Regular Round.

Special to the Observer. Winston-Salem, March 26.—A private train containing 3 cars and bearing General Manager Maher, General Superintendent Needles and Chief Engineer Churchill, of the Norfolk & Western Railway, arrived in this city this morning, all the time leaving a short while later for Durham. The officials are making a regular tour of inspection. The train was in charge of the congenial conductor, Captain S. Johnson and Engineer Bruner.

The funeral of Engineer Robert A. Hauser, of the Norfolk & Western, was conducted at the home of the sister-in-law of the deceased, Mrs. M. C. Crouch, on South Liberty street, at 3 o'clock this afternoon by Dr. H. A. Brown. The interment was with Masonic honors in the Salem Cemetery. The deceased was killed in a rear end collision instead of a wreck, as was first reported. Mr. Hauser was the engineer of the second section of a freight train which left Portsmouth, Ohio, Friday night. Failure of the air brakes to operate was responsible for the death of the engineer and fireman.

Rev. Ansell, the Episcopal missionary to China, who delivered an address at the Lenten service at St. Paul's church, yesterday, left this morning for China. They inspected the city and resumed his work.

Messrs. Montjoy and C. W. Easterling, of the board of examiners of the Department of Justice, who are spending some time in this section of the State on their regular round, were in the city yesterday and this morning. They were inspected by the office of District Attorney Holton yesterday.

THE IMPORTANCE OF BETTER SCHOOLS FOR CHARLOTTE.

To the Editor of The Observer: Now is the time for the citizens of Charlotte to select school commissioners and if they want better schools, and there is not anything that is needed that will compare to better schools, this is the time to do it. The children of the city to suffer for want of a practical education which would fit them for positions in which they could earn a living, and such a system can be had at the same cost as our present antiquated one, but not under the same supervision and we have no more. Therefore it behooves us to find out how the candidates for school commissioners stand on this important question before we go into the primaries, and not wait until after the election and then kick ourselves for not acting at the proper time, as has been the case for a long time of years.

LONG SUFFERING CITIZEN.

Want President to Address Peace Congress. Washington, March 26.—A delegation representing the national arbitration and peace congress arrived here from New York to-night and they will call on the President at noon to-morrow to urge him to address the congress at the Carnegie Hall meeting April 17. Secretaries Root and Strauss have accepted invitations to address the meeting. Andrew Carnegie arrived to-day from Florida and will join the New York delegation when they see the President to-morrow. Later he will lunch with the President.

Killed in Automobile Accident.

New York, March 26.—Col. James M. Varnum, formerly surrogate of New York county, and once a member of the assembly, was fatally injured to-night when his automobile, in which he, with his wife and Miss Mary Frink, a relative, were being driven to the theatre, collided with a Broadway surface car. Colonel Varnum suffered a fracture of the skull. He was hurried to a hospital and died shortly after arriving. The women were not seriously injured.

General Ponalosa's Forces Defeated.

Caracas, Venezuela, March 23, via Willemstad, Island of Curacao, March 26.—It was official admitted to-day that Gen. Juan Pablo Ponalosa invaded the Venezuelan province of Tachira, March 15, from Columbia with about 400 men and cut the telegraph wires. Gen. Celestina Castro, brother of the President, and Governor of Tachira, was sent with a large body of troops to engage Ponalosa's forces. The forces of Ponalosa were encountered at the village of El Zumbador and were dispersed in a demoralized condition. Their leader is now a fugitive.

Wife Wailed and Winnie wheeled.

Wife wailed and Winnie wheeled, when Harry and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. La Grippe coughs yield to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." R. H. Jordan & Co.

STILL EXAMINING SOLDIERS.

Former Sergeant Major of Twenty-fifth Infantry Given His Testimony in the Brownsville Affairs—Witness Creates Amusement.

Washington, March 26.—Although several white officers of the Twenty-fifth Infantry, who have just concluded their attendance at the Penrose court-martial at San Antonio, reported to the Senate committee on military affairs to-day the committee continued its examination of former negro soldiers. Thomas Taylor and Joseph L. Wilson, both former members of Company B, whose guns have been identified by experts at the Springfield arsenal with shells picked up in the streets of Brownsville, were on the stand. Their examination was intended to show that their guns were in good condition when inspected the morning following the shooting and that they could not have been used in the shooting affray. Spotswood W. Tallaferro, formerly sergeant major of the Twenty-fifth Infantry, also testified concerning incidents at Fort Brown on the night of the shooting.

Tallaferro said that on the night of the shooting he was asleep in the administration building and was awakened by a single shot which he thought came from the town outside the garrison wall. He said he put on part of his clothes and ran out of the building to find Major Penrose and heard some one near the garrison gate say three times in a deep voice: "I want all of you." The witness said he was greatly excited, but he ran to Major Penrose's quarters and then to the barracks, where he found the major waiting for him. He secured a gun and went back to his post at the administration building.

MR. W. A. GORE PROMOTED.

Churches Preparing for Easter Observance—Municipal Election Promises to be a Quiet One and Such is the General Desire. Special to the Observer. Hamlet, March 26.—Mr. W. A. Gore, who has held the position of trainmaster on the second division of the Seaboard, where he found the major promoted, he being made superintendent of the third division, with headquarters at Abbeville, S. C. Mr. Gore is popular with the officials and employees of the system. He is considered a first-class railroad man. Hamlet regrets to part with him and his family. Mr. C. G. Lane, who has been chief dispatcher, has been made trainmaster and Mr. Hugh Purvis, formerly chief dispatcher of the sixth division, has been transferred to the office here.

DRUMHEAD COURTS-MARTIAL.

Lower House of the Douma Adopts a Preliminary Resolution Looking Toward Abolishment. St. Petersburg, March 26.—At the close of the debate the lower house of Parliament to-day adopted the preliminary resolution providing for the abolition of drumhead courts-martial and instructing the committee to draw up and present a bill to this effect with as little delay as possible. The vote was almost unanimous, only 22 extreme reactionists voting in the negative.

Her Star and His.

Washington Star. "This proposition," said Rudolph Boker, of Indianapolis, during a shareholders' meeting, "reminds me of one that a wife made to her husband the other day. 'James,' she began, 'you know how I have been scraping and saving all the year for my Easter costume?' 'Yes,' said the man, 'I know.' 'Well,' she went on, 'I've decided on it now. It is an Empire gown of pale green broadcloth and it is to cost \$150. I want to ask you to help me a little.' 'How much do you need?' the husband inquired. 'I've got all but \$125,' she replied."

Sullivan Defeats Palmer in 10 Rounds.

Los Angeles, Cal., March 26.—Jack (Twin) Sullivan, of Boston, defeated Jack Palmer, of England, here to-night, in the tenth round of a 20 round contest. Palmer claims the heavyweight championship of England and to-night's contest was his first fight in this country.

Killed by Lightning.

Chicago, March 26.—A severe electrical and rain storm passed over the city in the afternoon. John Muller, an employe of a lumber concern, was struck by lightning and killed. Nine fires were caused by bolts of lightning inside of 20 minutes after the storm began.

To Grover Cleveland.

New York World. Note.—Mr. Cleveland's seventieth birthday was very generally celebrated. Ah, there, Grover! You're getting over The limit, but, say, The sort of clay In your make-up is sound, And you'll be around For a long time yet; And the day you get old The firmer you'll stand In the confidence of the whole land. There was a time, Grover, When you weren't in clover, So to speak, and your side Didn't point at you with pride; But, say, you were in the straight way, And you stood there For fair.

NO HOT-AIR SCHEME.

Elkin Citizens Are Enthusiastic Over Project to Build a Spartan and on to the Virginia—Southern Railway Officials Have Consented—With Promoters—A Bright Future For a Prospective Community.

Special to the Observer. Elkin, March 26.—The last legislature chartered the Elkin and Alleghany Railroad, a proposed road from Elkin to Sparta, in Alleghany county, on to the Virginia line to connect with the Norfolk and Western at Martin, Va. This charter carries with it the shape of convict labor. This railroad proposition has been on foot in this section for the past year or more. Prominent parties here, in Alleghany and elsewhere, have been working quietly and now that the charter and State aid is secured the "hurd" will soon open and bloom. This is no hot-air scheme, but a reality. Influential men with money are behind it and in 2 years there will be a road from Elkin up the Blount Ridge and one of the best sections in North Carolina will awake from her slumber and get in the procession of activity. It is already understood that Elkin and Alleghany will be asked to issue bonds for this road and there will be very little objection. It is also known that one of the great railroad systems has pledged itself to put rails and rolling stock on this line. For some time Winston-Salem has been working on a line from their town by Elkin into Virginia, several townships in Yadkin and Iredell counties already having held elections and voted bonds. The last Legislature granted a charter for a road from Elkin southbound. This charter having no State aid, it remains for either the State or the town to get busy and secure this southern line.

Southern Railway officials were in Elkin last week in consultation with the promoters, and we understand they make the proposition to take the light rails from Winston-Salem to Elkin and put on the Alleghany line, and take active management of the new line, using it as a feeder for their main line. What Elkin wants is a through line from the mountains to the coast. It is working and in a very short time definite plans will be made to begin work. This section of North Carolina will be heard from within the next few years. This mountain section still has her virgin forests, the best of hardwoods. This alone, not considering the abundance of ruts and produce to be marketed and the coal and various kinds of freight that will come over this new railroad, will make it the most prosperous line in the State.

Gov. H. A. Doughton, was influential in getting this railroad bill through the Legislature and Elkin citizens showed him their appreciation by meeting him at the station with their brass band and an escort up town when he passed through going to his home at Sparta. Elkin does not create excitement, but grows gradually and peacefully. We boast of having the safest and most substantial town in the State and amongst the best people to be found anywhere. Our gates are open and the latch string hangs on the outside.

MEERSCHAUM IN NEW MEXICO.

Sufficient in Quantity to Break Turkish Government Monopoly. Kansas City Star. Because of the discovery of vast deposits of meerschaum in the mountains of New Mexico it is likely that the monopoly of that mineral heretofore held by the Turkish government will be broken and pipes of that material will be issued in cost. Until recently all the meerschaum used in the commerce of the world was produced from a mine in the plains of Eskih-sher, Anatoly, Turkey in Asia. In those mines are employed 10,000 men. The output of the mine was owned by the Turkish government and it kept the price up. It is said that enough meerschaum has been discovered in Grant county, New Mexico, to supply the world's needs.

There is a popular belief that meerschaum is petrified sea, foam washed up ages ago and solidified by some strange process of nature. Meerschaum is a mineral known to scientists as "septolite." It is composed principally of silica and magnesium. It is found in fissures in the rock, where volcanic action has forced it up to the surface. Meerschaum is used not only for making tobacco pipes, but because of its unique properties of resisting a high degree of heat and its ready absorption of water, it is put to various electrical and mechanical uses.

In the mines of New Mexico a solid block of meerschaum weighing forty-two pounds was taken out. It was the largest block of meerschaum ever mined.

NOTICE TO CONTRACTORS.

The County Commissioners of Rockingham county, North Carolina, invite sealed proposals for the erection and completion of a new county court house at Wentworth, N. C., according to the plans and specifications prepared by Architects Frank P. Milburn & Co., Washington, D. C. Said plans and specifications will be on file on and after March 18th, 1907, with the register of deeds and at the architect's office. All contractors are requested to file their bids on or before 12 o'clock noon, April 1st, 1907, with the register of deeds. Each contractor shall file with his bid a certificate check for \$500, on some well-known bank, made payable to the chairman of board of county commissioners of Rockingham county as evidence of good faith on their part, and if their bid is accepted that they will at once enter into contract and give an acceptable guarantee company's bond in the sum of 50 per cent of their contract price for the faithful performance of the contract. Contractors will be paid 80 per cent as the work progresses. The commissioners reserve the right to reject any or all bids. C. H. DALTON, Chairman Board of County Commissioners of Rockingham County, N. C.
