The Dry Goods Market.

New York, March 30.—The dry goods market was very quiet for the day owing to the holiday and sarly closing. Prices held very first, although the keen edge of the forward buying is off. Buriaps are higher. Linens are very high and scarce. The demand for silk from first hands shows an increase.

# THE EVER GROWING ASH PILE PER TON - SAME AS COAL FOR WHICH YOU PAY FREIGHT - SAME AS COAL THROWN AWAY

Comes from the New River-Pocahontas Smokeless Coal beds of West Virginia. Analyses from West Virginia Geological Survey show that it contains 96 per cent. combustible matter. It is, therefore, low in ash.

Received the award at World's Fair, Chicago, for uniformity and purity. Highest endorsement in United States report on fuel tests at St. Louis: Pronounced the "best tested."

Used on United States transports carrying troops from Newport News to Cuba. German, Italian and Turkish men-of-war coaled with "ADMIRALTY" Coal at Newport News.

Used by many of the leading Cotton Mills, Ice Plants, Brick Plants and other manufactories in the South and in New England.

Direct shipments from our own mines give us unsurpassed facilities. Careful preparation at the mines insures uniform quality. Costs no more than inferior coal, and produces the most power with least consumption-hence, the most

economical fuel on the market. Once used, always used.

Investigate "ADMIRALTY" Coal before you buy. Full information by mail or personally through our representative. IF YOU ARE IN THE MARKET, WRITE FOR OUR CONTRACT PROPOSITION.
