THE LAST BIG ATTRACTION.

Damrosch's New York Symphony Orchestra Something That Charlotte Music Lovers Cannot Afford to Miss—The Last Big Thing of the Season.
Charlotte music lovers are anticipating a treat at the Academy tomorrow night in the concert which Mr. Walter Damrosch and his New York Symphony Orchestra will give. The indications are that the house will be packed for this is really the last big event of the season. Nothing of great consequence is booked after it for the theatrical season is practically ended. Had it not been for the engagement with the management of the South Atlantic States Musical Festival in Spartanburg, S. C., this week, Charlotte could not have offered sufficient inducements to get such an attraction. Lessee Schloss, as soon as he heard that the orchestra might be induced to break its return trip in Charlotte, wired for terms. The answer was short and curt: "Will play for guarantee of \$1,200. Not one cent less." The figures were high but Mr. Schloss did not hesitate. He did not hope to make any money on the transaction, but desired to end the season, which has been a most successful one so far, with one of the finest concerts of the year. Consequently he accepted the terms, with the proviso that all over \$1,200 should go to a leading association of ladies. The New York Symphony Orchestra, with Mr. Damrosch in charge, is regarded as the leading company of its kind in America to-day. It has appeared in all the great cities in the country and has never failed to delight and charm all those who heard it. The work of the orchestra in Spartanburg, this week, has been commented on far and near. The orchestra is accompanied by Mrs. Mary Hissem De Moss, soprano. The programme for to-morrow night includes several vocal selections by her, which are said to be exceedingly fine. Mrs. De Moss's singing at the festival yesterday was the subject of the highest praise.

GUN CLUB'S FIRST SHOOT.

Local Trapshooters Enjoy Some Fine Sport—Arrangements Made for State Shoot Next Month—A Pleasant Season Anticipated.
The Charlotte Gun Club held its first practice shoot of the season at the Latta Park grounds yesterday afternoon. The weather was ideal and the shooting, considering the circumstances, good. The score for 50 targets was as follows: Storr, 46; Bates, 45; Nichols, 44; Crayton, 43; Todd, 41; McPhee, 39; Creswell, 29, and Crayton, Jr., 25.
At a called meeting of the club last night, the coming State shoot, May 22d and 23d, was discussed at length. A number of interesting events are scheduled for this meet. Virginia and North Carolina will shoot for the championship with 10 men on either side. The State championship will also be shot for, this event being one of primary interest. All arrangements for entertaining the visitors during the tournament have been made. The local club is anticipating the most interesting season this summer ever held. A number of handsome trophies will be offered for the winners of special events. Inducements will be made beginners and weaker shooters.

Odd Fellows' Anniversary To-night.

Short talks will be made by a number of others. An elaborate programme has been arranged. The public is cordially invited to attend.

Talking Machine Concert To-night.

A FORENSIC IMPEACHMENT.

"Here in Charlotte," said Mr. Guilford, "we've got a considerable reputation for vigorous enforcement of the law and for thorough investigation into all forms of law-breaking. This case has been under rigid investigation for weeks. We're sure that there are only two indictments if the club is guilty of that is charged against it."

"If your honor please," replied Mr. Morrison, "we could have brought 50 indictments instead of these two, but we did not wish to pile them up and amass a big bill of costs. We've got the evidence, just piles of it."

THE WORK OF AN EXPERT.

A Leading English Trade Journal Thus Characterizes the Work of Mr. William Whitman, Special Agent of the Department of Commerce and Labor.

In its issue of the 10th instant, The Manchester Guardian, perhaps the best-known English trade paper, contained a highly interesting editorial resume of the work in the Lancashire cotton district of Mr. William Whitman, a special agent of the Department of Commerce and Labor.

PARENTS MAY WHIP.

Will Phifer, a colored boy, was charged with throwing a piece of iron at Blair which was next called, a brake in the monkey. The old father came forward to Phifer, whereupon he was asked court if he was not the man spoken to him about the case. Receiving an affirmative, the judge warned him such conduct as being irrefragable testimony adduced showed that he was whipped by the local authorities, by permission of the court. "The one who whipped the one who had him whipped, are both indictable," said the judge. This made the crowd take a look at the crowd. It is a relatively common method of whipping in this and other towns in the county.

MR. BARNES FREED.

Initially let John Barnes go but it was one which could not be held. The Negro was arrested on the expiration of the sentence, for the shooting of Henderson, another negro, in 1903. The statute provides that must be issued for an criminal within two years of the commission of the offense. The for Barnes was not issued until the next court, when it was recorded and Barnes was released. Douglas, a paralytic, was of retelling, but judgment was on account of his physical condition. Alexander, colored, was fined \$5. Mr. Samuel Lawrence ordered to pay the costs in the present case and \$50 to his settles the case temporarily in court. Mr. McPherson, convicted of assault and judgment was suspended of costs. Charles Jackson, guilty of larceny and was months on the roads. Tom who plead guilty to carrying weapons, was given 30 days. J. V. Mullis, who had was allowed to go his way on the 10th.

MR. SIMS TRIED.

One of most interest tried in the two indictments was Mr. J. B. Sims, for the capacity of secretary of Driving Club. There was the cases save the forensic between the attorneys and only one witness was the direct trial. This was Cooper, to whom a memorandum, Sims delivered while on the stand. One time the in person; the other time a messenger boy, who gave Mr. Cooper was the State, though not of fire and this fact gave rise funny situations. Several pages reminded Mr. Cameron, who was vigorously prosecuted the witness was his own and not cross-examine him testimony. Cooper told of the circumstantial upon the securing and the customary way. He gave the secretary said, for a crate of whiskey, for it only by the bottle, got it. He signed an Atlanta man, in a printed count not any whether or the liquor at once, he me time always elapsed after was given.

COOPER'S REASONS.

"You join the Park Driving Mr. Morrison. "I wanted to," replied the "you want to?" persisted "I did not contradict him himself to the original he wanted to because He thought it would to him. "I was no witness," said Mr. the judge, "but if he is, it ought to answer my evidence was submitted. It was no impeachment. He resolved itself into a the judge's idea of it. The debate between the for the defense, and of Clarkson for the prosecution held that the man in both cases. In the

Treat Package to Prove it Sent Free.
Billious breathers, angry eaters, indigestion victims, cabbage consumers, smokers, drinkers and those with gas on the stomach are in a class all by themselves, distinguished by a powerful bad breath. They all breathe, and as they breathe, they whiff out odor which makes those standing near turn their heads away in disgust. Stuart's Charcoal Lozenges will put a stop to your bad, offensive breath, and to your belchings, whatever the cause or source, because the charcoal quickly absorbs all noxious, unnatural odors and gases.

If you suffer from indigestion and belch gas as a result, Stuart's Charcoal Lozenges will absorb all the gas and make you stop belching. If on getting up in the morning you have such a bad, billious breath that you can almost smell it yourself, Stuart's Charcoal Lozenges will get rid of it for you quickly.

What You Want and What You Get

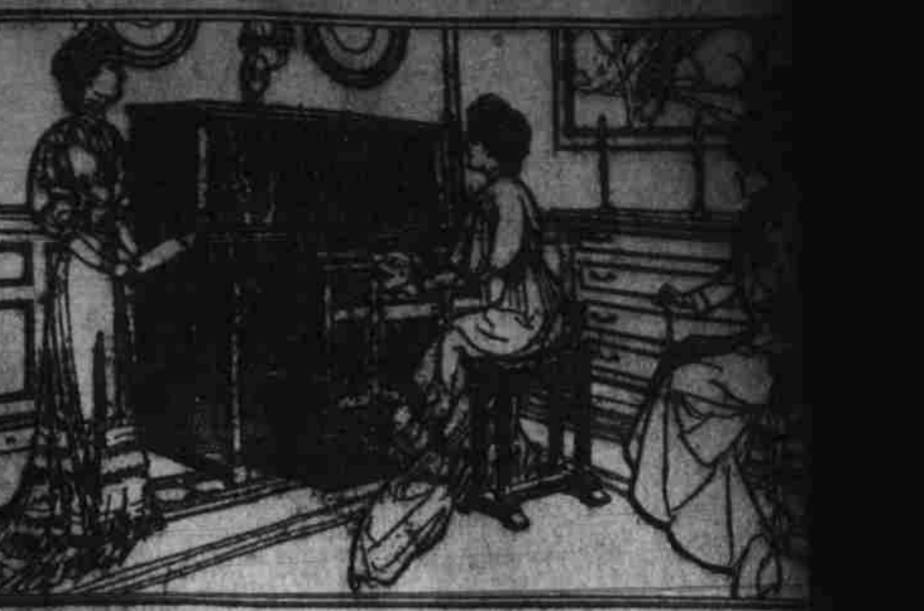

Usually, when a man pays out his money for anything, he gets what he wants, or there's a good, strong kick for the man who sold him a disappointment. Why isn't this true of cigar purchases? Why has the public been so long-suffering with cigar manufacturers? Why will a man pay out his good money for poor cigars? It's hard to say. But it's easy enough to see how a great many manufacturers take advantage of this careless buying, and unload inferior cigars on unsuspecting purchasers. This flim-flaming game can't last forever. Smokers every day are waking up more and more to the fact that Cigars are now made better than ever they were.

Smokers can tell good cigars when they smoke them—and they are fast finding out that cigars in boxes stamped with the "Triangle A" are invariably of better quality than cigars which are not guaranteed in this way. The "Triangle A" on a cigar box is a sign of honest cigar values—and that's just exactly what the American smoking public has wanted for many a day. The better value we are able to produce through our new scientific manufacturing methods is particularly noticeable in

THE PIANOLA

The greatest music teachers in the world are now ranging the side of the Pianola—not half-heartedly, but enthusiastically. Leschetizky, the teacher of Paderewski, and standing at the head of the profession, recommends the use of the Pianola in musical education. The great colleges like Harvard, Vassar, Columbia, Amherst, not only approve of the Pianola as a teaching means, but use it in their regular courses. It is also found in schools, preparatory schools and high-class boarding schools for young ladies.

Parents can give their children familiarity in the home with the great composers, directing their tastes into good channels rather than letting them become formed by the shallow street melodies. Where the child is learning to play the Pianola serves as a stimulant, keeping alive keen interest in good music.

The terms on which the Pianola is sold are moderate. Pay \$25.00 down and \$10.00 per month, with small interest added. We have a few slightly used and shopworn Pianolas on hand at \$150.00, \$175.00 and \$200.00. On these pay \$15.00 down and \$7.00 per month. Three-fourths of all the piano players sold are Pianolas. We are sole distributors.
