on Liquor Legislation in the finited States. It shows a American opinion setting strongly in favor of local option and bigh licensing prohibition, which has been triad at one time or another in seventeen States, is now retained in three only, and is said to a general success in none. But local option, which is popular because it falls in with American instinct for local freedom generally works out as a measure of prohibition over large a measure of solitorie dopts it the adjoining one listred adopts it the adjoining one listred adopts it the adjoining one is forced sooner or later to follow its example as a measure of self-low its exampl
