ensured that they will build up a handsome business.

The Wilson Light Infantry has secured the Jones Carnival Company for the last week in May. The company has ten clean shows and the military boys will doubtless make a neat sum out of the attraction. The company is getting into shape for the trip to Jamestown Exposition. The company will be as well equipped and as well drilled as any company present on the occasion.

THE WEATHER.

GOVERNMENT CROP REPORT

Season a Little Late, But There is Plenty of Moisture to Take the Crops Out and They are Going to Improve Rapidly.

Washington, May 10.—The official crop report issued to-day at 12:30 p. m. by the Department of Agriculture covering the period up to May 1, 1907, was as follows:

Winter wheat condition 82.9; area remaining under cultivation 28,132,000; winter rye, condition 88; meadow mowing lands, condition 83.6; spring pastures, condition 79.6; spring ploughing contemplated 71.5; spring ploughing 47; percentage actually done up to May 1, 1907.

The area of winter wheat remaining in cultivation on May 1 is 11.2 per cent, or above 3,353,000 acres less than the area reported as soon last fall.

After the crop report was issued by the Department of Agriculture to-day, Acting Secretary Hays said that the figures were something like what was expected. "Of course," said he, "the season is a little late, but on the other hand, there is plenty of moisture in the soil to take the crops out, and they are going to improve rapidly. Hay and pasture crops are going to grow rapidly. The conditions are generally good now crops to do well."

A NARROW ESCAPE.

G. W. Cloyd, a merchant, of Plunk, Mo., had a narrow escape four years ago, when he ran a jimson bur into his thumb. He says: "The doctor wanted to amputate it but I would not consent. I bought a box of Bucklen's Arnica Salve and that cured the dangerous wound." %c. at all druggists.

Cheap Life Insurance.

The Equitable is in even better condition than in the past to furnish safe Life Insurance at as permanently low cost as any company. Notwithstanding this, cheapness is not of the first importance in buying life insurance. In most things cheapness is not the first consideration. Do you buy cheap eggs or good ones? Do you buy the cheapest clothes, food, houses, stocks, bonds and real estate? Are not cheap articles dearest in the long run? Plenty of real estate can be bought for the taxes. Is this the kind you would like to own? Do you go to a cheap doctor or a cheap dentist? Are you not proud of a Tiffany watch or a Stelway piano, the best make there is of an article? There are cheaper ways of going to New York than going first-class, but is that the way you like to go? Do you like to stop at the cheapest hotels? Do you employ cheap help either at your home or any other place? Cheapness is not the first consideration in any line of business, particularly among thinking people. Most men know that only the best is really and permanently cheap.

No company in the world offers such certainty of payment as the **EQUITABLE**. This is the first consideration. Get everything else cheap if you must, but not the life insurance for your wife and children or for your own old age. Buy from the **EQUITABLE LIFE** and you will secure safe life insurance at its lowest cost as it can be sold.
