Restlessness of Lajorie's Eyes.

Louis Republic. St. Louis Republic.

Did you ever watch Lajole's eyes as he talked to you? They are sharp, piercing, dark eyes, always restless. His gaze may be centered upon you and yet you seem to feel that he can see at sect side of him-maybe in back of himself. As he talks those eyes shoot over and around you, then through you. No, as whe has of looking at everything with those eyes that for so many years have seldent fulled him in following the course of the ball, regardless of the canning of the pitchers he has stood before.

GOLF ECNTRE OF INTEREST.

Risely not in condition to compete, tennis players believe the chances of the English team are equally remote and that the cup will go to Australia, as it is not thought that England will be able to get together a team capable of holding its own with Brooks and Wilding.

Friday next, on the field of the Onwentsia Country Club. Chicago, will begin the national championship pole event.
