Minor Happenings in and About the City. Mrs. Dr. Leigh Sadler is ill at the Mercy General Hospital. It is feared that she has fever. Messrs. Cooper and Craven, clerks at the postoffice, resigned yesterday. They will take up other work. Mr. Johnnie Bethune has taken a position at the soda fountain of the Hawley Pharmacy. Wilda, who has been ill at St. Peter's Hospital for some time, is out again. He is with his wife at the Selwyn. Some work has been done in Elmwood Cemetery. Provision will be made for the annual picnic to be held at the plantation at Norfolk, Va., August 8th, 7th, 8th and 9th. "Hearts of the Blue Ridge" was presented last night at Latta Park. The weather was cooler than it has been of late and the patronage was all that could be desired. The play is well staged and a number of the company, as was the acting. Rain was again the portion of Charlotte and vicinity yesterday. The first drops fell about 4 o'clock and a steady drizzle continued at intervals till well into the night. Altogether it made a rather disagreeable ending to what had been a nice day. A much-mixed-up scrap in which pistols and shotguns figured, took place on Sixth street yesterday afternoon, as a result of which Maggie Jenkins was arrested, together with Bella Stirling, Lizzie Stirling and Jane and Sam Stirling, all colored. The Royal, a moving picture show on North Tryon street, puts on a good picture occasionally, but there is complaint on the part of some of the patrons who visit it sometimes that the time between performances is too long. The average person doesn't care to wait on a crowd. "I notice from reading The Observer," said an observant citizen yesterday, "that Carrie Nation's value as a piece of news has dwindled from a first page triple head, with her picture accompanying, to an obscure single head. She doesn't seem to have the lasting quality and the towns which drew her last are not getting their share of advertising." Mrs. Maggie Durham, who attempted suicide for the second time to steal her child from her husband, Mr. J. M. Durham, who lives near the Charlotte Casket Company, being arrested on a warrant sworn out two months ago on the occasion of the former attempt, failed to appear in court yesterday morning, forfeiting the \$25 bond put up. SHORT TALKS BY L. T. COOPER.

Impure Blood. If you could see inside the stomachs of most people who suffer from impure blood you would wonder that they are not suffering worse. The undigested portion of food eaten days ago is still lying there, fermenting, decaying and poisoning the system. About a year ago my little son, who is nearly four years of age, suffered an attack of scarlet fever. Soon after he contracted what we thought was some form of eczema. Several doctors broke out on him and he became weak and peevish. We tried physicians and medicines but nothing seemed to help him. Several weeks ago we started to give him Cooper's New Discovery and noticed an improvement almost immediately. After a few doses we noticed his appetite was better and gradually his little face assumed a brighter appearance. His skin is now cleared up and I want to thank you sincerely for what the medicine has done for him. Mrs. Herman Hahn, 823 Johnson St., Nashville, Tenn. Ask us about Mr. Cooper's famous medicine. We are the agents. R. H. Jordan & Co. Little son of Mrs. Hahn, closing the intestines. From this disgusting mass the blood must derive nourishment to carry to every organ of the body. Think of it. Is it any wonder their complexion is bad, their breath offensive, their nerves inactive and their health impaired in every way? Is it any wonder that they can get no relief from blood purifiers, purgatives or cathartics? The blood is cleansed. It is tainted again? Try a rational treatment. Take something to help the stomach rid itself of this stagnant mass and to keep it from accumulating. Then see if you don't improve. One bottle of Cooper's New Discovery will prove my words to you. I have seen hundreds of just such cases and here's one of them. "About a year ago my little son, who is nearly four years of age, suffered an attack of scarlet fever. Nasal Catarrh Cured. My little girl was a sufferer from Nasal Catarrh for six months. The trouble was in her nose, which discharged freely, a discharge which was offensive, and wherever it would touch the lips or face it would make a sore. Her general health gave way, she became weak and lost her appetite. We tried doctors' treatment for two months without any benefit or relief. We then tried Mrs. Joe Person's Remedy and one bottle and a half of the Remedy and one of the Wash packages made a perfect cure. She was cured two years ago and has never had a touch of the trouble since. MRS. L. H. LEARY, Aoshkie, N. C., April 31, 1906.
