

20 Years of Unqualified Success

McKanna Three-Day Liquor Cure Co. For South Carolina.

Yielding to the demand for a genuine Liquor Cure Sanitarium at the capital of South Carolina and the earnest solicitation of many business men of Columbia, we some weeks ago decided to open a complete institution

At Columbia
We Have Leased the Third Floor of the
Ballydon Building, 1206 1-2 Main St.

and for several weeks past have been busy getting the place in proper condition for our uses. We are now prepared to announce the opening of the SOUTH CAROLINA SANITARIUM on

MONDAY, SEPTEMBER 9th.

with a full force of competent attendants from our Reidsville and Western Sanitariums.

We invite the public to call at our new Sanitarium and see how we are prepared to handle the worst cases entrusted to us.

We CURE the liquor habit and make the victim a man again.

No Dangerous Hypodermics used in any of our institutions. Our record speaks for itself.

Parties wishing treatment should go to the nearest Sanitarium. The Reidsville Sanitarium has treated more patients in the last eighteen months than all of the other liquor cures in North Carolina. The Reidsville Sanitarium is a thorough home--the finest fitted up institution in the South. Fifty-two rooms, electric lights, baths--modern in all respects.

We now have institutions at Phoenix, Arizona; Globe, Arizona; Tucson, Arizona; Kansas City, Mo.; Oklahoma City, O. T.; Gainesville, Texas; Powhuska, O. T.; Reidsville, N. C., and now

Columbia, South Carolina.
