"If you will not hear reason she'll surely rap your knuckles."

Take the matter of Bookcases, for instance: An ordinary Bookcase is always bought just large enough for the books you have, or too large, in order to have room for future purchases.

If bought too large you will have unsightly empty shelves staring at you in mute reproach. If bought just large enough you will soon have books scattered all over the house, being damaged by dust and handling.

REASON SAYS

Buy the Wernicke "Elastic" Bookcase. Small enough for 10 books; large enough for 10,000 books.
