That position sold 5 to 6 points lower, while later months were only 2 to 4 net lower. There was no sign, however, of liquidation on the part of the bull clique, notwithstanding the many reports of cotton heading in this direction, from Liverpool. Boston and Providence as well as the South, and later there was quite a sharp rally on covering, baying by Liverpool and Europe, and bull support. After seling 2 to 6 points not higher early in the afternoon, fluctuations were irregular. Bullish interests claim that it is impossible to bring cotton here except at a loss, and say that so far arrivals have been limited to 100 bales from Liverpool and 1,000 hales from the South. Advices the continue of the points of loes, and say that been limited to 100 bales from Liverpool and 1,000 bales from the South. Advices from Philadelphia and Boston were bearish as to trade conditions and there were rumors that New England mills were going on short time.

Lest Bank of Engine Should Raise
Rate.

New York. Nov. A scheck was
made upon the downward movement of
prices to-day after remains, somewhat
further in the early part of the day. The
rebound to-day was narrower than the
downward reaction yesterday and the
market occame dull and uncertain in the
later stages. This narrowing of the
swing of the price movement is usually
the sign of its approach to a condition
of more or less stable equilibrium, in
which it drifts feebly, until it gets a new which it drifts feebly, until it gets a new initiative from some tresh development of the situation. Such a period of quietude would be welcomed at present by all the most important interests concernall the most important interests concerned in the market. It is believed that efforts to shape to this end have much to do with the market this week.

The urgency of the demands for currency continued to-day, largely, from cut of town sources. The special urgency at this time is attributed partly to the necessity of meeting monthly tay rolls.

HOW TO CURE A COLD. Be as careful as you can you will occasionally take cold, and when you do, get a medicine of known reliability, one that has an established reputation and that is certain to effect a quick cure. Such a medicine is Chamberlain's Cough Remedy. It has gained a world-wide reputation by its remarkable cures of this most common aliment, and can always be de-pended upon. It acts on nature's plan, relieves the lungs, aids expectoration, opens the secretions and aids nature in opens the secretions and and nature in restoring the system to a healthy condition. During the many years in which it has been in general use we have yet to learn of a single case of cold or attack of the grip having resulted in pneumonia when this remedy was used, which shows conclusively that it is a certain preventive of that dangerous disease. Chamberlain's Cough Remedy contains no opium or other parcotic and may be given as confidently to a baby as to a adult. For sale by W. L. Hand & Co.

movement of Cotton and thereby relleving the financial stringency, I beg to announce that I am prepared to purchase at the current premium any currency which may be ordered, either by mail or wire, by the Bank-ers and Merchants of the South. The premium on currency in New York to-day is three per cent. for silver dollars and four per cent. for gold and small bills. It fluctuates from day to day. Reimbursement for such purchases can be made either by remittance of draft or check collectible in New York clearing house funds, or by the shipment of cotton for de-livery here upon December contracts. Against such consignments I am prepared subject to arrangement by tele-graph to advance ninety per cent. of the prespective proceeds of sale and delivery. December contracts this evening close at 10.43. The approximate cost of delivering cotton after its arrival in New York is sixty-five cents a bale. All grades above low middling stained and good ordinary white are deliverable at the current differences established by the New York cotton exchange, which, however, may possibly be changed slightly at the revision of the grade differences to be decided upon November 20th. If cotton be shipped in payment for currency, such currency will be promptly forwarded by exsignee immediately upon receipt of bills of lading and invoices for the cotton so shipped. If it be not in-sured by the shipper, marine or in-land insurance will be provided by me for account of the parties making such shipment, but at their cost. The average charge for such insurance is 1-8 to 3-16 of one per cent. and to 3-16 of one per cent., and is in addition to the sixty-five cents a bale required to cover the cost of delivery here as above stated.
