Dogs Great-Trish Setter Club to Hold Forth Next Week. penal to The Observer.

Barber, Dec. 12 .- The all-age stake of the Pointer Club of America was segun to-day and the first series finished. Birds were found more plenti-ful to-day than at any time during the trials. Of the fifteen dogs started those which stand out above the others are: Manitoba Pup, Tony Mooring. Spots, Rip Rap, and Outran Manitobe Raps' work was the most brilliant of any seen, anywhere, this sea-son. His way of going is fast and wide and his bird work of the very thest order. During his time down found three bevies in the most positive style and brought forth the dmiration of those who attended the trials. Tony Mooring also showed that he was a wise dog on game and did his work in brilliant style. Although eight dogs were taken into the second series it is more than likely that the winners will be selected from among the four dogs first mentioned, as these stand out far above any in the

stake. The Pointer Club trials will prob ably finish FriJay afternoon. Next week the Irish Setter Club will

hold its trials here and already the admirets of this breed are arriving at the Thistle, where headquarters have been made during the entire pe-ried of the trials.
