

JUDGE MOORE TO PRESIDE COURT CALENDAR ARRANGED

Superior Court to convene in Charlotte next Monday week—Many cases on docket against the Life Insurance Company of Virginia—This Judge Fred Moore's first term arranged calendar an unusually large and long one—Civil cases only to be tried—Usual number of railroad cases to be disposed of.

Judge Fred Moore, of Asheville, will preside at the approaching term of Superior Court, which is to convene in this city next Monday week, January 13th. The term will be for the trial of civil cases only, and will last two weeks. The calendar is a very lengthy one. There are more than 30 cases against the Virginia Life Insurance Company, which, if tried, would of themselves be enough to employ the court's time from the opening of the term until its close. The calendar is as follows:

At First Baptist Sunday School. The following is the programme for the First Baptist Sunday school tomorrow afternoon at 3 o'clock: Song service. Responsive reading. Prayer. Singing by school. Due to Misses Blanche Millerham and Margaret Norman. Reading of lesson. Selection by choir. Lesson study. Closing hymns.

December a Rainy Month. The monthly meteorological summary issued by the Weather Bureau of the United States Department of Agriculture for December, which has just been received, shows that more rain fell last month than in any other previous December in the history of the Charlotte station. The total precipitation was 6.90 inches, and the best prior record was 5.58 inches in December 1905. During the month there were 11 clear days, 9 cloudy and 11 partly cloudy.

A BIG CONVENTION.

President C. C. Moore Completes Programme For Coming Annual Meeting of State Farmers to Be Held in This City—List of Able and Conspicuous Speakers—The programme for the coming convention of the State Farmers which will be held in this city January 21st-22d, a glance at the list of speakers will convince the fact that conspicuous men of the State are booked for addresses during the sessions of the convention. The programme which Mr. Moore has made out and will be submitted today at the regular meeting of the county farmers for their adoption or revision and is as follows:

First session, 2 p. m. Tuesday, January 21st: Invocation, Rev. R. G. Miller, Charlotte; welcome address on behalf of the City of Charlotte, Mr. Thomas S. Franklin, mayor; response Mr. J. K. King, chairman, executive committee; welcome address on part of the Greater Charlotte Club, Mr. Randolph Preston, president; response, Col. H. C. Dockery, Rockingham; address, President C. C. Moore, address, "Care of Cotton From the Field to Market," Col. J. H. Currie, president North Carolina Agricultural Society, Fayetteville.

Second session, 2 p. m. Wednesday, January 22d: Address, "Agricultural Education," Dr. George T. Winston, president of the North Carolina Agricultural and Mechanical College, Raleigh; address, "Cotton, the Basis of the South's Prosperity," Mr. E. D. Smith, Columbia, S. C.; address, "How to Finance the Cotton Crop," Mr. F. H. Hyatt, Columbia, S. C.; reports of committees; adjournment.

Third session, 2 p. m. Thursday, January 23d: Address, "The Men to Handle the Cotton Crop Through the Southern Cotton Association," Mr. John P. Allison, Concord; address, "The Relation of Southern Bankers to the Cotton Crop," Mr. George Stephens, president American Bankers Association, Charlotte; address, "The Cotton Crop When Grown," Mr. S. B. Alexander, Charlotte; report of committees, election of officers, meeting and adjournment.

OFFICERS RE-ELECTED. Board of Directors of the Young Men's Christian Association. Re-Elects Officers For the ensuing year. The January meeting of the board of directors of the Young Men's Christian Association was held yesterday afternoon at 5 o'clock.

RESORT HOTELS HIT. Many Hotels in Florida Not to Open This Winter—Little Tourist Trade Expected. The recent panic has hurt the Florida hotels to an extent which few realize. A prominent traveling man to an Observer reporter at the Selwyn yesterday, "I have just returned from a trip South and I learn that a number are not to open at all. The Florida hotel managers are blue over the prospects for they see terrible times ahead. Those who are to open are trimming their sails in order to meet the expected stringency. I am not surprised to learn that the Southern is to cut off its fat Florida trains this winter. They have never got even with the travel secured during prosperous times, and the loss this season would doubtless have been enormous. From what I know of the travel, the Chicago Limited will be about the only train to be operated, although one or two others may be put on for a week or two. The Florida resort hotels have heretofore depended largely on the New England tourists for the bulk of their trade and this will be reduced to a minimum this winter. I would not be surprised to learn that some of the largest of them will go into the hands of receivers before the season is over."

Death of Mr. W. J. Neely. Mr. W. J. Neely, a well-known contractor of the city, died at his home on North Tryon street early yesterday morning after a long illness. Several years ago he suffered a stroke of paralysis and has since been in failing health. He survived by his widow and a large family of children. The funeral took place from the residence yesterday afternoon, the service being conducted by Rev. A. R. Shaw, pastor of Trinity Avenue Presbyterian church. The interment was at Elmwood.

Valuable Prizes Go Begging. There are three prizes at Garibaldi, Bruns & Eaton's jewelry store on South Tryon street, valued at \$100, which are awaiting their rightful owners. The first is valued at \$50, the second at \$25 and the third at \$25. The three in order mentioned belong to the holders of coupons Nos. 8,234; 10,555 and 7,844. These numbers have been advertised for a week and not a claimant has yet appeared.

Inspecting Power Developments. Mr. W. S. Lee, vice president and chief engineer of the Southern Power Company, and Messrs. S. C. Adams and W. S. Rugg, of the New York office of the Westinghouse Company, spent yesterday at Great Falls and Rocky Creek, S. C., inspecting the fine hydroelectric developments there of the Southern Power Company.

ADDRESS TO NEGRO PEOPLE.

Colored Citizens of Granville County Rejoice in the Progress of their Race in That County—The Criminal Class Recognized as their Worst Enemies.

An request of the superintendent of the Mary Potter Memorial School, (colored), of Oxford, The Observer prints the following: We, your committee asked to draw up an address to the people, beg leave to submit the following: We hail with delight the return of the joyous day and congratulate you and ourselves on being permitted to be present and take a part in these inspiring exercises. Many changes have taken place since we last met, but in the midst of them all we are glad to report that our people have made steady and rapid progress along all lines. We are especially proud of the progress that we have made in Granville county. During the year that has just closed we added \$29,477 worth of taxable property to our credit, making a total of \$14,000,000 worth of taxable property owned by the colored people of Granville county. In Fishing Creek township the colored people own one-fourth of the land and about the same proportion of taxable property. In Oxford township we own one-fourth of the land and one-fifth of the taxable property. Though the showing is not quite so good in some of the other townships, still in all of them there are unmistakable signs of progress.

Our schools are united to their utmost capacities. In the rural districts our people are uniting to the public school funds and thus lengthening the term, and in some places building better schoolhouses. But this is not done to the extent that it should be. It is estimated that we have been with more than \$300,000 worth of property should go more towards increasing our meagre school funds and improving our school property.

There are also encouraging signs of improvements in our religious life. We are awakening to the fact that religion is practical and must influence every part of the possessor's life. We are beginning to report that there is still a large class of criminals among us. Our criminals are our greatest enemies. Remove them and our road to the summit of civilization is open to us. We point with pride to our large number of proficient mechanics and to our still larger number of successful farmers, and to our business men. In all of these we believe we lead all the counties of the State.

First—That we thank the mayor of Oxford for always coming or sending a representative to welcome and extend to us the hospitality of Oxford, and that we thank Dr. Dunbar for his very kind and encouraging words just extended to us in behalf of the mayor and people of Oxford.

Second—That we strive to be true and faithful in all that we do, and to look upon all work as honorable and, therefore, deserves our best energies.

Third—That we demand of our ministers, school teachers and all other leaders to be men and women of the purest character.

Fourth—That we condemn mob law and all forms of lawlessness.

Fifth—That we recognize our criminal class to be our greatest enemy and especially that class of criminals which assaults or attempts to assault women, and that we pledge ourselves to do all in our power to capture and have punished according to law all such criminals.

Sixth—That taking everything into consideration, we believe the South is the best place for our people; that here our progress and development are the most rapid.

Seventh—That we deplore the present tendency of our people to leave the farms and believe such to be detrimental to us financially and morally.

Eighth—That we strive to so conduct ourselves at all times and in all places that we may reasonably expect the interest and friendship of the whites among whom we live.

Ninth—That we believe the resolutions be sent to the Public Ledger and to such other papers as the committee may see fit.

Respectfully submitted, G. C. SHAW, Chairman. REV. J. C. PRINCE, Secretary. PROF. W. A. PALATTO, L. H. JOHNSON.

VARIETY OF TRYON NEWS.

Co-Educational High School a Splendid Success—Literary Club Has Big New Year's Reception—Every Merchant Had Good Christmas Trade Except One and He May Sue the Town—Block Operators Laid Off—Mush Building Done in 1907.

The co-educational high school for the white race, established recently at Gowansville, S. C., near here, is meeting with splendid success. Mrs. E. J. Shankle, of Mill Spring, is principal, with Miss O'Shields and Miss Tinsley, assistants. Mrs. Payne is the matron. The school consists of a main hall and two dormitories and is supported entirely by private donations. The boys' dormitory was donated by Robert Earle and that of the girls by Thomas Reel, wealthy residents of that section.

The Lanner Literary Club's New Year's reception was the biggest social event of the season. It was held in the club's new library building, on New Year's afternoon, from 3 until the most successful and enjoyable of Tryon which to form the nucleus of a public library for the town.

The Christmas season of 1907 will doubtless long be remembered in Tryon as the most successful and enjoyable ever experienced in the history of the town. The weather was ideal, cool and bright. Trade street lived up to its name and the merchants enjoyed an immense holiday business. Everybody was in a good humor and everybody behaved well. There was not a single arrest and no drunkenness or rowdiness to mar the pleasure of the holiday season.

J. S. B. Crawford, of Saluda, had a foot so badly crushed by a train a few days ago at Hendersonville that it had to be amputated. He saved his life only by sacrificing the foot, which was caught in a switch. The father of T. F. Thorne, of Saluda, died recently in St. Petersburg, Fla., where he had been conducting a tourist hotel.

M. W. Page is the only merchant in town who did not enjoy a big holiday trade, which is due to the fact that the grading of the street closed the thoroughfare to traffic and his business suffered in consequence and he may sue the town to recover damages.

"Uncle" Perry Carruth, a Confederate veteran, died at his home, December 25th after a brief illness, aged 74. He was a native of Polk county, lived all of his life and died within a few feet of his birthplace. The deceased had considerable real estate in this vicinity. His interment was in the Tryon Cemetery Saturday, the 28th.

A very sad death was that of Miss Deborah Van Nostrand, of Boston, Saturday night. The remains were taken to Boston in a special car for interment. There has been a general shake-up among the operators of the Asheville and Tryonburg division. About a dozen block offices have been closed and the operators laid off.

The year 1907 was in many respects the most notable in the history of the town. It was characterized by unprecedented building activity, among which may be mentioned the completion of the Thermal Bath Sanitarium, and the system of waterworks; the erection of a new postoffice building; new guard house, telephone building, bank building, feed warehouse, remodeling of the congregational church; new dwellings as follows: J. W. Kennedy, George A. Smith, W. F. Smith, Mrs. A. D. Beaton, Miss K. C. Beaton, J. P. Lockhart, Rev. E. N. Joyner, C. B. Norman, E. Lockhart, Mrs. C. S. Wilson, and remodeling or additions to many others.

Day Nursery Elects Officers. An enthusiastic meeting yesterday morning of the Day Nursery Association, at the home of Mrs. R. Holland, on North Tryon street, following named: President, George A. Smith; first vice president, Mrs. W. G. Rogers; first vice president, Mrs. A. B. Washburn; treasurer, Mrs. C. B. Bryant; secretary, Mrs. J. W. Kennedy; recording secretary, Mrs. E. C. Register.

ALDERMEN TO MEET. City Fathers Likely to Consider Proposition Relating to Street Improvement at Meeting Monday Night. The first meeting of the board of aldermen for the year 1908 will be held in the council chamber of the city hall Monday night. One of the items likely to be presented for discussion and settlement is that relating to street improvements. The municipality is under contract with the Atlantic Bitulithic Company for these improvements but the work has been sold up on account of the condition of the money market. In order to obviate this difficulty so far as the city is concerned, the Atlantic Bitulithic Company is reported to have made the proposition that it would handle the amount of money needed for this purpose in Boston at a reasonable rate of interest and on satisfactory terms, provided this money be used only as street improvements, the object for which it is to be borrowed. According to the terms of the arrangement, the city has to bear one-third of the expense of the projected improvements, the street car company one-third, and the abutting property owners one-third. The Atlantic Bitulithic Company is anxious to go ahead with the work at this time when labor is cheap and all the material ready. Hence this tender. This proposition, on its face, appears to be a very fair one to the city and will likely receive a cordial hearing.

New Office Quarters Secured. The offices in the Piedmont Building, formerly occupied by Burwell & Candler, have been taken by the Mayes Manufacturing Company and the Poster Machine Company. Mr. L. A. Dodsworth will have charge of the Mayes Manufacturing Company's office, of which concern he is secretary and treasurer. Mr. A. S. Hunt will represent the Poster Machine Company.

Cured of Lung Trouble. "It is now eleven years since I had a cough 'escape' from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 115 pounds, and coughing was constant. I was in bed for eight months. I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds. Thousands of persons are healed every year by using Dr. King's New Discovery. See and fill trial bottle free."

Amusements. Last night a large crowd witnessed the production of Dr. Jekyll and Mr. Hyde at the Academy of Music, as presented by the Osman Stock Company. There was clever acting, but the play was such that one would not care to see it again. The closing performance "Sealed Lips," is a bill to-day in which Miss Heicks appears to advantage. There will also be good specialties between the acts. At the matinee, a lovely doll for the girls, and a good football for the boys will be drawn for and given away free.

The finest Coffee Substitute ever made, has recently been produced by Dr. Shoop, of Racine, Wis. You don't have to boil it twenty or thirty minutes. "Made in a minute," says the doctor. "Health Coffee" is really the closest Coffee imitation ever yet produced. Not a grain of real coffee in it either. Health Coffee Imitation is made from pure toasted cereals or grains, with malt, nuts, etc. Really it would fool an expert—were he not unconsciously drunk for Coffee. Miller-Van Ness Co.
