

HARD ON THE AIKEN BOARD

HOUSE CONDEMNES ITS ACTION. Resolution by Representative Lane Goes Through Without a Dissenting Voice—Another Attempt to Pass Marriage License Law in Palmetto State Falls—In Joint Session the Two Houses Elect Two Judges and Other Officers—Tilman to Speak To-Night on Immigration and the Race Problem—Henry W. Thompson, of Spartanburg, Pleads Guilty of Fraudulent Use of Mails and is Given Eighteen Months in Atlanta Prison.

Observer Bureau. 1432 Main Street. Columbia, S. C., Jan. 22. The strong sentiment that prevails throughout the State against the action of the Aiken county dispensary board in establishing a dispensary in the town of North Augusta against the wishes of that community, in order to hold the booze nozze to the City of Augusta, Ga., for revenue only, was strikingly reflected in the action of the House of Representatives this morning in passing without a dissenting voice a resolution introduced by Representative Lane, of Georgetown, condemning the action of the Aiken board as undemocratic and unadvisable to good government.

MARRIAGE LICENSE LAW FALLS. Another attempt to pass a marriage license law failed in the House to-day after a heated debate lasting about an hour. The bill was favored by members from counties having large cotton mill populations, where there is much marrying, and by Representatives of counties bordering on North Carolina and Georgia, especially North Carolina. The bill was opposed on the ground that it was a step toward a divorce law, and would complicate proving marriage in civil cases. The House without a dissenting voice passed a very important bill by Mr. Nash, forbidding the employment of minors without the consent of parents or guardians, but allowing such minors to make contracts for their services independent of parents or guardians, where these parents or guardians do not reside with them. The bill is intended to prevent looting fathers in manufacturing centres from living off the wages of their children.

ELECTIONS ARE MADE. The joint assembly elections to-day were devoid of exciting incidents. There was no opposition to Associate Justice Eugene B. Gary, who was re-elected on the monotonous call of the roll of the two houses, the constitution requiring this whether there is opposition or not. Mrs. L. H. LaBorde, State Librarian, was also re-elected without opposition.

Col. Robert Aldrich, of Brunswick, defeated Capt. Claude E. Sawyer, of Aiken, for Judge of the second circuit, vice James Aldrich, resigned, by a vote of 52 to 35. D. B. Purdy, of Colleton was re-elected director of penitentiary, but Representative B. F. Thomas, of Barnwell, defeated ex-Representative J. O. Wingo, of Greenville, for Representative John G. Mitchell, and C. D. Mann were chosen trustees for Clemson College. Mr. Harden was re-elected. The Winthrop College and South Carolina University trustees were re-elected.

The General Assembly adopted a resolution this afternoon inviting Senator Tilman, who is here on account of a meeting of the Clemson College board, to address the body, to-morrow night on the subject of immigration and its relation to the race problem. H. W. THOMPSON PLEADS GUILTY. Henry W. Thompson, the prominent young Spartanburg stock broker, who got himself into trouble last summer by using the mails for fraudulent purposes in securing \$1,900 for a block of stock of the Aiken Manufacturing Company, from New York, Pa., to court, pleaded guilty in Federal Court to-day and was given eighteen months in the Atlanta Federal prison.

The maximum penalty is five years, and Judge Hrawley said but for certain circumstances the penalty would have been Thompson three years. Thompson presented a pitiable sight coming into court. He is a physical wreck and had to be supported on either side by deputies. Another pitiable feature of the case is that his aged mother, who intended to be with him to-day, could not get here on account of being desperately ill. His pretty young wife was present.

There were two circumstantial pieces of evidence in the case, one was the efforts put forth in Thompson's behalf by the head of the Pennsylvania concern Thompson swindled Mr. C. Elmer Smith. The other was the fact that half a dozen of the most representative business men of Spartanburg made affidavit in the case, giving an account of their knowledge of Thompson's conduct, which they morally responsible for several years.

Two Pittsburg Banks Close Their Doors. Pittsburg, Kan., 22.—The Traders and Mechanics Bank, a State Institution with a capital of \$100,000, closed its doors to-day. The following notice was posted: "Closed by order of State Banking Commissioner James L. White, temporary receiver."

The Treasury Trust Company, a subsidiary occupying the same building at Fourth and Market streets was also closed. According to Temporary Receiver White the trouble results from the inability of the bank to make clearings and maintain its reserve. Receiver White says the depositors will be paid in full.

Russia Disclaims Diatchkoff. St. Petersburg, Jan. 22.—The controversy arising out of the report that Commander Alexis Diatchkoff, a Russian naval officer, is in an official capacity following the attack on the vessel Trip around South America, has taken a new turn from the publication of a communication by the naval ministry in which it entirely disavows the alleged naval attack, stating that Diatchkoff never represented Russia in the United States and never addressed any requests to the government of the United States on behalf of the naval ministry.

Morris K. Jessup Dead. New York, Jan. 22.—Morris K. Jessup, retired banker and long prominent in civic affairs, died early to-day at his home, 191 Madison avenue, from heart disease. The illness which caused Mr. Jessup's death was of two years' standing. He was 78 years old. In addition to his large income, Mr. Jessup was prominent in philanthropic and scientific associations.

HAT COMPANY ORGANIZES.

New Concern For the Gate City—Dixie Fire Insurance Stockholders Meet—Presiding Elder's Salary Raised—Asheville Merchants File Petition in Bankruptcy. Special to the Observer. Greensboro, Jan. 22.—The Transouthern Hat Company was organized last night by the election of W. M. Transou president and treasurer; C. C. Murphy, vice president; L. W. Murphy, secretary; W. E. Bishop, general manager; I. W. Murphy, W. M. Transou and W. E. Bishop, board of directors. The company will deal in wholesale in hats, caps and gloves and will begin business March 1st.

Mr. J. T. Wade, who has had pneumonia for the past three weeks, is recovering very satisfactorily. Mr. Wade is superintendent of the local factory of the American Cigar Company. Mr. G. T. Macon moved his family to-day from this city to Rameur.

Former Congressman E. Spencer Blackburn returned to the city last night, having that he had been to Washington. He declares that the story of his committing suicide in New York was outrageous and doubtless had been circulated by one of his enemies.

Mr. J. L. Gollis is a new resident of Greensboro, having just arrived to become manager of Dick's Greensboro Steam Laundry. The annual meeting of the stockholders of the Dixie Fire Insurance Company was held this afternoon at 4 o'clock at the home office. Reports showed that the past year has been very successful for the \$1,000,000 insurance company. The stockholders of the North State Fire Insurance Company will hold their annual meeting to-morrow morning at 10 o'clock.

Greensboro Lodge No. 802 E. P. O. Elks, held a largely attended and an enthusiastic meeting to-night in their new and elegantly furnished lodge room. One dozen or more applications for membership were received and a number of candidates received the initiation.

At a meeting yesterday at West Market church of the stewards of the Greensboro district of the Western North Carolina Methodist Conference it was decided to raise the salary of the presiding elder, Rev. Dr. S. B. Turrentine. The stewards mapped out a plan for completing payment of the district parsonage and they made out the appointment for the conference collections for the various churches.

At 5:30 o'clock this morning Mr. W. C. Boren, who lives near Pombala, heard his son yelling fire and he rushed up to his room on the second floor and used his fire extinguishers to good effect. The damage was only very slight.

Mr. M. H. Groves, who has been connected with the Southern Life and Trust Company here for some time, has been made secretary and treasurer of the Hickory Insurance and Realty Company, of Hickory. Mr. Groves has many friends here who predict for him a bright future.

Willie Brown, colored, was tried in police court this morning on the charge of larceny and bound over in a \$50 bond. A voluntary petition in bankruptcy was filed in United States Court to-day by Owens & Lowenstein, Asheville merchants, and dealers in real estate. They were adjudged bankrupt and the matter was referred to E. W. Thomas, Asheville.

PARKER SCORES BRYAN. When His Attention is Called to Bryan's Speech at Frankfort, Judge Parker Says "What a Pity Mr. Bryan Failed to be Equally Frank in 1903."—Dragon's Teeth Have Yielded an Abundant Harvest.

Albany, N. Y., Jan. 22.—Ex-Chief Judge Alton B. Parker, of the Court of Appeals, who was Democratic candidate in the 1904 for President of the United States, was in Albany to-day in attendance upon the court. His attention was called to an extract from the speech of William J. Bryan before the Democratic members of the Kentucky Legislature in which Bryan said that he would support in 1904 he "took his medicine in Parker, Parker was the man above all others I did not want."

"What a pity," said Judge Parker, "that Mr. Bryan failed to be equally frank in 1903. Had he done so the reputation of the party would be vastly better than it is. There were but few Democrats in that year who thought it wise to have a third-term candidate. But every man of sense knew that unless a man could be found who would receive Mr. Bryan's support, his warm personal following would seek revenge for the defeat of 1896 and 1900."

"So statesmen, politicians and interested citizens sought diligently to find some one that he would support. To some at least he said he would but ex-President Cleveland, Governor Hill, Senator Gorman and Judge Gray, but that it would be hard to oppose Parker, as Parker had supported him."

"This attitude induced the impression among many that my nomination would be acceptable to Mr. Bryan as any except his own. That impression led to pressure upon me from many quarters to change my plans for life. And it contributed in a small measure to the movement which led to the control of the convention."

"Subsequent events showed that Mr. Bryan had not been entirely open with those who had consulted him. For when to his surprise delegates began to be elected favorable to my nomination—when indeed the tide had grown too strong to be checked, he started out on his famous tour of denunciation. The dragon's teeth which he then sowed yielded an abundant harvest, ay, all that he could wish."

"But it would have been very much better for the party had he said in 1903, before sentiment had crystallized, that he would support me. I do not want."

Assignment of an Irredeemable Firm. Statesville Mascot, 21st. An assignment bond was registered at the court house this morning in which the E. B. Bond Company agreed to bankrupcy proceedings for the benefit of its creditors. Most of the creditors of the company live in Charlotte, J. K. Morrison & Sons being the only creditor in Statesville. The largest single debt is \$300.

The company has \$2,600 worth of merchandise on hand and notes and accounts also amounting to \$2,600. This makes its total assets \$5,200 and its liabilities only amount to \$2,600.

NATIONAL BOARD OF TRADE.

Annual Banquet Attended by Many Prominent Men—Secretary Strauss Tells of Efforts Being Made to Promote Commerce—Mr. Cannon Praises Integrity of Legislators—Trade With Italy Has Increased in Past Year More Than 150 Per Cent. Washington, Jan. 22.—The annual banquet of the National Board of Trade in session here was held at the New Willard to-night. The speakers included Vice President Fairbanks, Secretary Strauss, of the Department of Commerce and Labor; Speaker Cannon, Ambassador Barron Mayor Des Planches, Senators Dupont and Richardson, of Delaware, and Newlands, of Nevada, and Representatives Jackson, of Maryland; Burton, of Delaware; Oletch, of New York; Burton, of Ohio; McCreary, of Kentucky; Moore and Bingham, of Pennsylvania, and Loudenslager and Wood, of New Jersey.

Secretary Strauss spoke of the efforts of his department in promoting commerce. "The department has taken steps to come into closer relations with the commercial interests of the country," he said.

"I am pleased to tell you that the organization of commercial interests is making excellent progress, under the direction of an executive council, and that the Department is ready to heartily grasp its hands. Further than this, the Department, upon a request laid before it by the President, has warmly endorsed and planned to establish commercial instruction in the leading State universities and institutions in States where no such universities exist, so that the science as well as all the arts of commerce may be taught to the youth of the country."

Vice President Fairbanks spoke of our national development, which he characterized as the marvel of the world. This development he declared was largely due to the wisdom and conservatism of the American business men. The Vice President defended the American business men from the charge of commercialism, saying there are no more upright men in the world than our business men.

Speaker Cannon in his address praised the integrity of the legislators of the country and said that one of the most important factors in the progress of the United States was the differences of opinion which often sprung up between the two branches of Congress and the executive. He reviewed the progress in the transportation affairs of the country and said that it would be wisdom on the part of Congress to be liberal in its appropriations for public improvements and for the public interest of the American business men.

The commercial relations between the United States and Italy formed the theme of the Italian ambassador's address. He said that the trade between the two countries had increased in the past year more than 150 per cent. He emphasized the necessity for closer trade relations.

UNABLE TO HOLD COURT.

Judge Neal's Daughter Ill and Big Batch of New Hanover Prisoners Not to Be Tried This Week—New Life to Wilmington Prohibition Fight—Reception to New Pastor and His Wife. Special to the Observer. Wilmington, Jan. 22.—There is much disappointment here that Judge Walter H. Neal is unable to be here this week to hold Superior Court. His daughter is very ill, following an operation for appendicitis, and his physician advises that he not leave there until the crisis is passed. There are 62 prisoners in the county jail here, many of whom have been awaiting trial since before the holidays and the capacity of the prison will admit of no more commitments. Arrangements are making to-day to have the Governor call a special term of the court to clear the docket, which has something like 175 criminal cases for trial. In this connection Governor Glenn's recommendation to the Legislature to create two additional judicial districts with a judge for each, spare time to be devoted to holding special terms, came to-day with special force in New Hanover. Wilmington has long needed such a court, and it is expected that the local bar will take steps to have Wilmington the center of one of these special districts.

Last night the congregation of Grace M. E. church gave a delightful reception to its new pastor, Rev. T. A. Smoot, and Mrs. Smoot. Members of the official board and their wives were in the receiving party. A programme of music and songs will be given by the church for the members of the congregation. Mr. and Mrs. Smoot came from Main Street church, Durham, and have already won the hearts of their new congregation.

The action of the Democratic caucus last night in failing to agree upon a statutory for the entire State has invested the pending campaign in this city with a new interest. It is believed now that the local prohibitionists will push forward with their campaign to rid Wilmington of saloons before the Legislature gets a back at them, through the medium of a State election. This was preferred in the first instance, a healthy public sentiment being deemed necessary to a strict enforcement of the law, after the election was carried.

THE NATION'S BIGGEST RACE.

Congressman Kimball Thinks Bryan and Taft Will Be the Nominees and Predicts a Hot Race—Watterson Will Get a Place in the Cabinet. Washington, Jan. 22.—In his maiden speech in the House of Representatives to-day Mr. Kimball, of Kentucky, with Henry Watterson assisted by his side, predicted Democratic success all along the lines at the next election. Bryan, he said, would be President, Champ Clark, of Missouri, Speaker of the House, Henry Watterson, Secretary of the Treasury, and Mr. DeArmond, of Missouri, the floor leader.

Mr. Kimball's remarks were spoken at times in humorous and semi-humorous vein. He declared there was no necessity for the Republicans holding their convention at Chicago, because William Taft would be nominated on the first ballot.

He referred to the president as the "Young fellow at the other end of the avenue," who had gotten control of his party and will nominate Taft, and he added, "It will be the biggest race ever seen in the country between Bryan and Taft."

FIVE GALLONS IN LIDBO.

Charlotte Negro, Back From Salisbury, Locked Up to Await Trial For Alleged "Tipping"—Flery Fluid Was Handled in Tin Cans. When John Thompson, a young Charlotte negro, stepped from train No. 25 last night he was taken in tow by Sergeant Jones and Officer M. D. Johnson. In addition to the embarrassing burden of being so closely watched and guarded by the officers, Thompson was also allowed to "tote" an imitation alligator suit case, within which rested the gurgling results of the trip to Rowan's capital. At the depot the prisoner at first refused to open the suit case, but later was persuaded.

When taken to the police station a pocket search brought forth a pint bottle of flery white corn whiskey. The fumes escaping the while through a hastily pressed roll of paper in lieu of a regulation stopper. The suit case was filled to the limit with four-gallon tin cans and one half-gallon can. The fit of the leather was like unto that of a glove, leaving scarcely room enough for a brace of stray bubbles that threatened an ooze of the stuff.

Thompson lives at 412 South Church street, and has conducted a cleaning and pressing establishment there. Sergeant Pitts has considered him a suspect for the last six months and has been accordingly vigilant. Each word of the man, when he attempted to explain his possession of anything over two and a half gallons, was confused. He related that he was the temporary agent for an uncle, who was unnamed.

Last night's find is the first of the real wet kind in quite a while, and the hearing to-day will attract the usual eager crowd of lookers-on.

DEATH OF MR. H. W. LINDSAY.

Davidson County Citizen Succumbs to Disease—Two Operations Unavailing Against Malaria. Mr. Hugh W. Lindsay, a well-known citizen of Kennesville, aged 59 years, died yesterday afternoon at 3:30 o'clock at the North Hospital in Charlotte. The remains have been taken to Kennesville for interment. Two operations were deemed imperative, the first having been performed Sunday, but the disease had progressed beyond remedial means.

Mrs. Byrnes suffered a severe stroke of paralysis about a week ago, and gradually grew worse. She died late Tuesday afternoon. Mr. R. M. Byrnes, an only son, survives her. Mr. Byrnes has the sympathy of many friends here, who will regret to hear of his last loss.

Heartless Toward Autos. A negro by the name of Frank Brevard was last night arrested for throwing glass on the highway, and was recognized to appear for trial. This is a violation of a specific statute, and drivers of automobiles and other rubbered conveyances will be glad to know the law will begin to have its effect at breaking up the practice. Brevard threw a bottle away at the intersection of Church and West Trade streets.

Criminals in Passage. The darker side of life was somewhat in evidence last night by the appearance of a party of 17 criminals en route to Atlanta, Ga., where they will be confined in the Federal prison. None of the travelers was of any extreme type, and the sentences bear no extended range. The prisoners occupied a car attached to Southern train No. 35.
