Sun Puts the Ground Hog to Precipitate Rout. The king of the solar system conquered at last. All day Friday he struggled manfully to penetrate with his keen rays the dense clouds that for a solid week had wrapped the earth in gloom.

Friday night came the clearing up in a series of hard rains that continued throughout the greater part of the nocturnal period, accompanied by winds which whistled and moaned with all the fury of March. And not without avail. Saturday dawned clear, cold and dry. Magnificent sunshine flooded everything and as for the mud, the winds had blown them all away. The population turned out in full force. A day of yesterday was worth a week of rain.

The Kirmess Planned to Secure Funds for the North Carolina Column in the Continental Hall, Washington—The D. A. R.'s in Charge.

No expense of money, energy and brain has been spared to make the Kirmess, which is to be presented by local talent at the Academy Tuesday and Wednesday nights of this week, the most beautiful and brilliant entertainment ever offered in the city.

Mecklenburg, famed in history as a veritable hornets' nest, the birthplace of American liberty, the home of heroes, should make a wholesome, healthy, enthusiastic response to this call.

These worthy women have been assessed several hundred dollars to perpetuate North Carolina history in the Continental Hall now being erected in Washington.

To secure funds to meet this appropriation, they conceived the idea of giving this Kirmess.

Every citizen of Charlotte and Mecklenburg county should deem it a privilege to contribute his or her share to the splendid cause.
