Executive Committee Met Yesterday at Greensboro and in Addition to Selecting a Date for the County Convention a Resolution Endorsing "That Sturdy, Broad-Minded Statesman," Speaker Cannon, Be Passed...

Observer Bureau, The Beville Building, Greensboro, Feb. 20.—The Guilford County Republican executive committee met in Greensboro today and selected March 7th as the date for holding the county convention...

Resolved That for the next President of the United States, we unambiguously express our preference for, and pledge our unwavering support to, that sturdy, broad-minded statesman whose unimpeachable integrity, and distinguished services through forty years of conspicuous public life have endeared him to all true Americans—Joseph G. Cannon, of Illinois...

It is certain that the promoters of the Cannon boom in North Carolina are not letting any grass grow under their feet. Leaders here and elsewhere in the State are in constant communication with headquarters in Washington, and the indications are that the campaign is being conducted with a determination to win.

MEDICAL FRATERNITY DISCUSS PATENT MEDICINES

Boston Physicians Are Flustered Over the Results Accomplished by Cooper, Who Daily Meets the Delighted Multitudes—Sidelights on the "Cooper Mania" Which is Arousing Boston's Staid Citizens...

Boston, Feb. 20.—The astonishing success of Cooper's preparations in this city has now reached such immense figures that the medical fraternity at large has become forced into open discussion of the man and his preparations...

Another well-known physician who was seen, took the opposite view of the "Cooper mania," as he called it, which now has the city in its grip. He said: "I can only liken the present state of affairs to a certain kind of hallucination."

Some of them imagine that he has completely cured them of various ills, judging from their statements. It is beyond me to say why the city has gone crazy over the man. It may be safely put down, I think, to one of the passing fads that so often attack the American public.
