tai to The Observer. High Point, Feb. 27.-A bomb ould not have created more sur-rise than the published statement esterday that High Point, the old prohibition city, had concerns with Federal liquor The names of the par-given in the list are L. A. J. O. Edwards, J. E. Wade, 1.11 E. C. Murshall and High Point Mer-cantile Company. The first four parlies are known, but who the High Point Mercanule Company is is the question that is agitating the mind of Mayor Wrenn, who thinks it rather strange that there should be five ilcenses issued for this place to deal in whiskey and will investigate the matter thoroughly. It is safe to say that Federal protection will not count for much in such cases in High Point. At a meeting of the board of al-dermen last night it was decided at an early date to do some work on Centennial street which connects with the macadam road to Greensboro and also on Broad street. It was also decided to extend the water system

certain streets, just as soon as the eather will permit. The case of former Officer Frank Sechrest for killing a negro here last year is set for to-day in Guilford Superior Court. It will be remember-ed that Sechrest, in company with Chief of Police Gray, was out one Sunday after negro gamblers and that while one of the negroes was run-ning Officer Séchrest fired his pistol. The next day a dead negro was found near the spot where the shooting took place and the coroner's jury found that said negro came to his death from a gunshot wound presumably fired by Sechrest. The officer was taken into custoly and later releas-ed on bond. The evidence in the case is mostly circumstantial and it is believed that Sechrest will get off light if anything at all is done with

The officers of the Home Banking Company are delighted over the prospects of opening their banking house two weeks earlier than was expected. It is now believed that the work on the building will have progressed far enough to enable them to open for business about the middle of next week.
