Aftermath of Dog's Bite. As the result of a personal encounter between Mr. C. F. Lippe and a dog of uncertain classification belonging to Mr. Charles Dulin, the latter was in court yesterday morning, charged with allowing a vicious dog to run at large. The prosecuting witness testified that he was passing the house of the defendant when the dog ran out and seized his trousers, to which he took such a violent fancy that several kicks and a rock were rendered necessary to force him to "tear himself away." The defendant was dismissed with the costs on the understanding that the dog be executed.

IVEY'S Millinery Opening Continues

Poor Pussy The great fortunes of this country result largely from the discoveries of certain nameless men. They have been the cats' paws which other men, with less brains, but more shrewdness, have used to get the chestnuts from the fire.

In every respect the most successful Opening we have ever held. Measured from the point of view of attendance and appreciation, nothing more could be desired.

We are showing the results of the best work of six experienced high-class trimmers with their helpers. This gives diversity of ideas. We are sure that nowhere in the State has there ever been shown such a large number of

Stylish, Fashionable Hats. We determined this year to have enough Milliners to attend to our rapidly growing business, and we employed only the best.

The Coat Suit and Skirt Department, Dress Goods, Lace, Silk and other departments all have special values to show.
