Dry Goods Market. New York, March 31.-The dry goods market shows some strength on lines of goods that have been reduced to cost fig-ures, but the movement from the jobbing houses is still hard and retailers in the Metropolitan section are not doing an average business as a whole. Cotton yarns are weak with a lower tendency. Retailers' linings are moving quite well.

The export trade is dull and the figures show a constantly decreasing volume of exports for the fiscal year in cotton goods. Agents selling fall dress goods parrels to barrels to barrels rosin.

NEGRO FARMER SUICIDES.

Dread of Being Revenged by Parties He Had Prosecuted Thought to Have Caused the Deed

Correspondence of The Observer Lancaster. March 30.-Richard Watts, a well-to-do colored farmer of this community, committed suicide this morning about 2 o'clock by shooting himself through the head with a pistol. That is the general supposition, as he was found on the front porch of his home. A revolver was in his hand with an empty chamber, There is, however, some who do not think that he inflicted the death wound himself.

Mr. W. H. Bell a policeman who was on duty heard the report of pistol and ran immediately in that direction, saw two negroes running from the direction of Watts' house. Some weeks ago Watts prosecuted a number of negroes for riotous conduct growing out of an atempt to make his son marry a colored girl here whom Watts' son is said to have wronged. The negroes whom he prosecuted were fined in the neighborhood of \$500 and some of them had made threats against Watts and if he suicided the dread of being attacked may have caused him to have commit the deed.

Magistrate Caskley says that it is a clear case of suicide and has permited the body to be buried without the calling of an inquest

Mr. Bryan's Nomination Not De-ired in North Carolina. Concord Tribune.

It now seems that it is very doubtful if the Democrats desire Mr. Bryan's nomination. It is true that the Nebraskan has a strong hold on the people and should he be nominated the great majority of the party would seek earnestly to secure his election. While this is true, and also true that Mr. Bryan is strong in the faith of the people as a whole, all believing in his sincerity and his honesty, the average man doubts the advisability of again making him the party's nominee. As we see it the party is facing an opportunity. The Republicans must stand responsible for the panic sold and there is serious opposition to Mr. Roosevelt's ways and to the election of Mr. Taft as his successor. The Democrats have a fine opportunity of winning the presidency and they should seriously consider the most available man to lead the contest. It is time to drop the one-man idea and line up together with a winner in the lead. We do not believe the mass of North Carolina Democrats desire Mr. Bryan's nomination though they would support him loyally, as they should, should he be nominated.
