An article from the Nashville, Tenn., Banner, published during T. Cooper's visit to this city, throws some light on the remarkable success of the young man's theories and medicines in various cities visited by him during the past year. The article is as follows: "In view of the enormous sale of Cooper's preparations now going on in this city and the intense interest which Mr. Cooper has stirred up since he came here, it is not surprising that the Banner spent Thursday afternoon at the young man's headquarters, watching the swarm of humanity come and go. "During the afternoon the reporter interviewed many of the callers and obtained statements from all who cared to give them as to their experience with Cooper and his preparations. "The following are selected from those statements as being typical of the general expression of the people seen: "Mr. B. H. Lesater, living at 1214 North Fourth avenue, when interviewed, said: 'I have been troubled with my stomach for the past two years, and have had rheumatism for more than five years. Sometimes I could not walk, and there were times when I could not even move in bed. Hard knots would form on my muscles, which caused me intense pain. Gas formed on my stomach, after eating, which gave me much pain and distress, and often I was restless and tossed all night, losing much sleep and rest. "Hearing of Mr. Cooper and the great work his medicine was accomplishing for others, I decided to

try it. I have taken it about two weeks and find myself in a greatly improved condition. My stomach is in good shape, and does not trouble me at all. My rheumatism has nearly disappeared, and I expect to resume work shortly, for the first time in twelve months. Mr. Cooper certainly has a wonderful medicine, and I am grateful for what it has done for me. "Another caller was Mrs. T. J. Smith, of 265 Hudson street. She said: 'I have been a sufferer from bladder and kidney trouble for twenty-five years. In that time I have tried many prescriptions and various kinds of medicine, but received little or no benefit from them. I seldom had a sound night's sleep, my feet being broken at intervals throughout the night. I had pains in my back and burning sensations. "I heard so much of Mr. Cooper that I came to the conclusion he might be able to afford me some relief. I have now been taking the medicine about a week, and feel better in every way. The pain has disappeared, and I have no distress whatever. I have come here today to express my appreciation to Mr. Cooper for his wonderful medicine and what it has done for me. I will take pleasure in recommending it to others. "In spite of assertions by various physicians that Cooper is a fad who will soon die out, the young man seems to be gaining even greater headway as his visit draws to a close. "The agency for Cooper's celebrated medicines has been given to us. We are making a fine record with them. -R. H. Jordan & Co.
