foeman worthy of her steel in the plucky South Carolina aggregation. Up to to-day Anderson has won four out of five games, occupying the proud position at present of "cock of the walk," with a percentage of 80 or 800 as it is officially figured. Charlotte's boast is less proud, being

At any rate Charlotte fans, who are backing their team loyally, will eagerly seize the opportunity to see some ball again after a week's lapse and will be at the park to-morrow in large numbers to cheer the Hornets on to victory.

In writing of the significance of the negro vote John Callan O'Laughlin, who is the White House representative of the Washington Post, said in a recent story: "If the negroes should vote en bloc

in the States named for the Demo-cratic candidate the electoral votes of many of these States would pass from Republican control. Even if a considerable number should decide to support the Democratic ticket, the chances of Republican success would be seriously affected. In New York, for example, the loss of \$8,000 negro votes or even half of them, probably would result in Republican de-feat, the more especially if the Republican candidate failed to appeal strongly to the white voters of his party. In 1892 New York gave cleveland a plurality of 45,518. In 1896 McKinley was elected by a plu-rality of 268,469. In 1900 McKinley was re-elected by a plurality of 143,rest of the Republican ticket was defeated, the Desnocratic Lieutenant Governor receiving a plurality of 5.574. Ohio was Republican by 1,072 in 1892; 48,497 in 1890; 69,036 in 1990, and 255,421 in 1904 but the After having debated the proposition for a long time, the stockholders and officers of the Charlotte Cotton Mills have decided to liquidate their business, this decision having been reached within the past few days. Illi-nois also was Democratic in 1892 and in the elections of 1896, 1900 and 1904 overwhelmingly supported the Republican oundidates. Missouri drew away from the solid South in 1904, when it gave Roosevelt a plurality of 25,000. Kansas voted the fusion ticket in 1892, the Democratic ticket in 1896, the Republican ticket in 1900 and 1904. In 1906 the Republican candidate for Governor was elected by a plurality of 2,123. Nebraska supported Bryan in 1896 and has been Republican ever since. Colorado has been at various times Democratic, including the elections of 1892, though since it has been Republican. To go back East, Connecticut supported fusion in 1892, 1896 and 1900, but voted for Roosevelt in 1904 and for Republican Governor in 1906. New Jersey for the past thirty-six years has been Democratic as frequently as

it has been Republican. It strongly supported McKinley during his two elections, and Roosevelt in 1904, but in the gubernatorial campaign of last year gave a Republican majority of only 8,013.

VOTE. "These statistics have been considered with the closest attention by the President and the Republican candidates. Strenuous efforts have been made to secure the support of the negrees for the nomination of Tail and like efforts have been made by Fairbanks and the other candidates. Secretary Taft has made it a point to receive negroes, to discuss with them his attitude toward their race, and to deliver public speeches expressive of his views concerning them and their development. He has declared that years ago, purchasing it from the fourteenth amendment secured to old John Irwin estate. The block the negro equal protection from the laws of the State in which he lives, and that this amendment, next to his emancipation, has been the most important thing in his development. He has argued before negro audiences that the "grandfather" clauses in the franchise laws of the Southern States were unconstitutional, and that such laws, if enforced at all, should be enforced as strictly against the whites as against the blacks," Such is the estimate put upon the

colored voter. A leading negro paper of this city declared:

"As a presidential quantity Senator Foraker is out of it. We regret to admit this, but it is a fact, nevertheless, and even his moral supporters now admit it. If the Republican party is for Taft, and if the negroes of this country prefer the Republican party to the party of Tillman and Varda-man, there is nothing left for us to do but join in the general acclaim, and by so doing and by lending our support to the success of the party. place the race in a position to share in the success the Republican party

The company, the officers assert, is solvent and the decision to liquidate is altogether voluntary.
