

QUAKERS HEAR DR. MOORE

LUKE TYPE OF COLLEGE MAN.

An eloquent and forceful discourse delivered at Guilford College by the Moderator of the Presbyterian General Assembly, Luke, the Beloved Physician...

After reading appropriate passages of Scripture from St. Luke and the Acts of the Apostles, Mr. Moore began his discourse by saying that the doctor has through all ages held a place in the romance of the world...

The speaker referred to "The Beloved Physician" as the Biblical type of the college-bred worker for Christ, the Eastern type of the college-bred man—a model to be studied and followed in all matters of life...

The speaker expressed the hope that some of the young students, before they might follow the example of Luke and consecrate their lives and talents to the service of the Lord...

Dr. Moore stressed the importance of personal relation to Christ, saying this is the most important factor in one's destiny...

The speaker stopped here to refer to the great increase of crime, divorce and other evils in the United States...

The speaker stressed the importance of personal relation to Christ, saying this is the most important factor in one's destiny...

The speaker stressed the importance of personal relation to Christ, saying this is the most important factor in one's destiny...

DELEGATION FROM LIBERIA

ASKS AID IN MANY TROUBLES

Secretary Root Will Receive a Delegation from the West Coast of Africa To-Morrow Which Comes to Ask Counsel and Aid in the Many Troubles Which Have Beaten the Colonization of Freed Slaves...

Washington, May 24.—Secretary Root has made an appointment to receive Tuesday a delegation representing the Republic of Liberia, which has come from the west coast of Africa to ask counsel and aid in the many troubles which have continuously beset the effort to colonize the freed slaves of America...

Although the United States is virtually responsible for the existence of Liberia, diplomatic history shows that this government has hesitated to stand sponsor for the little republic before the world.

STORY OF LIBERIA.

Thomas Jefferson's name first appears in the story of Liberia. In 1781 he advocated the abolition of slavery and the colonization of the freed slaves.

In 1819 the Governor of Virginia directed by the Legislature his State, took up the question with the President by correspondence.

Africa was selected as an appropriate site and in 1818 Maryland joined Virginia in the undertaking to colonize.

In 1819 the slave trade was made statutory piracy in this country, and the following year it was provided by law that negroes from captured slavers should be safely "removed beyond the limits of the United States."

To carry out this act, the government chartered the ship Elizabeth and made provision for conveying and settling in Africa on a site selected by agents presided by President Monroe.

On reaching the African coast the natives refused to sell the land they had agreed to, and the two agents and a third of the colonists died with fever.

The next year 28 colonists were sent out, but the renewed effort to purchase land failed.

This effort resulted in the purchase of a coast strip of land 150 miles long and 40 miles wide.

The price paid was a miscellaneous assortment of trading goods.

This purchase is given as the last direct act of this government towards the settlement of freed slaves.

It was in June 1824 that the United States steamer Porpoise arrived there with additional colonists and the name of "Liberia."

Several years later various States of this country established settlements and the interest of these independent and rival settlements clashed from the first.

A Federation was affected, with the exception of Maryland, in 1837, when Commodore Blyden, governor of the States of Liberia sought the aid of the United States and the matter was the subject of much correspondence between Washington and London.

Then began British and French boundary disputes, which have been gradually settled by Liberia humbly yielding to the demands of her stronger opponents.

Just what is to be the outcome of the present appeal to the United States is a question upon which officials will undertake to throw no light.

Lincoln, May 24.—Meetings were held yesterday at the different voting precincts in the county for the purpose of appointing delegates to the county convention to be held here next Saturday.

REV. DR. DANIEL AT A. & M.

TWO SERMONS AT DAVIDSON

BACCALAUREATE AND Y. M. C. A. Distinguished Baptist Pastor of Richmond, Va., Preaches Baccalaureate Sermon at Agricultural and Mechanical College, This Being Opening Feature of Commencement Exercises of the Young Men's Y. M. C. A. at the Subject Chosen, and It is Treated in a Masterly Manner...

Monday there will be the annual oration by A. E. Scott; Tuesday the commencement exercises by President Paul E. Barringer of the Virginia Polytechnic Institute; commencement exercises at 11 o'clock Wednesday morning with fifty-three graduates.

POWER OF YOUNG MANHOOD.

The Power of Young Manhood was the theme of a sermon by Dr. Daniel, young men, the speaker declared, have ever been a mighty factor in the history of the world and leaders in every battle waged for truth and righteousness.

Another factor in character-making is the question of companionship. "Evil associates corrupt good morals," he declared, is the best reading of the old text.

Industry is essential to strong manhood. The peril of the South now growing rich is that there may be reared a generation of idlers.

Sobriety is fundamental in the making of character. Not only does the law of God condemn drunkenness, but the laws of the land through restrictions about the sale of liquor are here when the great business enterprises demand temperance of employees.

It is more blessed to give than to receive. To receive gifts is to make increase in goods; to give gifts is to be increased in character.

DR. FAIR'S TOPIC. Dr. Fair preached with fine effect and great attractiveness. He is in the literal sense of the word a beautiful speaker.

It is literally impossible to exaggerate the importance of this subject or to over-estimate its magnitude, said the speaker. What is life? Whence did we come? Whither are we going? Does death end all? Does the little mound we heap above the grave overarch man's existence, span his hope, limit his aspiration, bound his possibilities?

Water flowing through streets. Guthrie, Okla., May 24.—All west Guthrie is inundated with from 7 to 10 feet of water rushing through the streets.

Japan limits Emigration to Hawaii. Honolulu, May 24.—The Japanese consul has been advised by his government that emigration from Japan to Hawaii is now limited to Japanese who were formerly residents in the islands and the wives and children of those who were born in Hawaii.

Germany Steamer is Floated. Atlantic City, N. J., May 24.—The German steamer Horsa, from Cuba for New York, with a cargo of sugar, which went ashore four miles east of Little Egg harbor yesterday morning, floated early this morning apparently undamaged and proceeded north.

Bankers Will Meet in Denver. Denver, Col., May 24.—The next annual convention of the American Bankers' Association will be held in Denver during the week beginning September 27th. The date was decided upon by Frederick C. Farnsworth, of New York, secretary of the association, after a conference yesterday with officers of the Denver Convention League.

Set Free on Ground of Self-Defense. Statesville, May 24.—The case of John Jones, colored, charged with manslaughter, his victim being Gus Murchison, colored, was put on trial Friday morning and was given the verdict of not guilty on the ground of self-defense and Jones is a free man.

Search for Bodies Will Be Resumed To-Day. Laporte, Ind., May 24.—Digging for more bodies will be resumed to-morrow on the farm of Mrs. Belle Guinness. Until the trial of Lamphere, which it is believed, will be heard in June, there will be a lull in developments unless the officers are able to get information about the supposed accomplices of the murderers.

About 4,000 persons visited the Guinness farm to-day.

FINALS AT STATE NORMAL

MANY VISITORS ATTENDING.

The State School for Young Ladies began its Commencement Exercises yesterday—Sermon by Rev. Dr. John E. White, of Atlanta, Heard by Large Audience—Bailey Memorial Room Dedicated—Exercises Closed Tuesday.

The chief event of the exercises today of the sixteenth annual commencement of the State Normal and Industrial College was the baccalaureate sermon by Rev. John E. White, D. D., of Atlanta, Ga. The sermon was heard by an audience which packed the spacious auditorium of the Students' Building, and scores were turned away for want of even standing room.

WHITMORE TRIAL TO-DAY.

Husband of Woman Whose Body Was Found in a Foul Pond Near Harrison, N. J., Will Be Placed on Trial To-Day.

New York, May 24.—Five months ago, on Christmas night, in the desolate Lamp Black Swamp in Harrison, N. J., Helena Whitmore was murdered, her body stripped of clothing and thrown into a foul pond, where it was found the following day.

The autopsy showed that the woman had been struck with some blunt instrument on the head, the blow rendering her unconscious, but that she was alive when thrown into the pond and that death resulted from drowning.

Developed after the identification and Whitmore's arrest that Mrs. Schmitter, the murdered woman's sister, had received letters which it is claimed were written after the woman's death.

The Christian giver shares with his Master the joy of unselfish service. His face is like the morning. To him "Life is a glorious thing."

DR. FAIR'S TOPIC. Dr. Fair preached with fine effect and great attractiveness. He is in the literal sense of the word a beautiful speaker.

It is literally impossible to exaggerate the importance of this subject or to over-estimate its magnitude, said the speaker. What is life? Whence did we come? Whither are we going?
