TRAH FOR GOOSE CREEK!

It Voted Wet and Affords a Gleam of Country Partially Hope—The

Fairbrothers' Everything. In night's blackest hour Hope sees a star and distening love can hear the day will advance over the central rustle of a wing. Despair holds firm his grip but now and then we near and was to be furnished cord wood for its him pant-he struggles hard and we Atlantic States Wednesday and Thurswood burning engines. Held: The assign- know that presently he will lose his day.

last fair drop of water at the bottom season of afternoon showers of the dried up and weed choked well, looms through the dense prohibition set in. returns in the columns of the esteemed Charlotte Observer and we exclaim in exultant joy that all is not lost: "Goose Creek and New Salem town-hops voted wet."

Let us say it reverently-thank God | Goose Creek has gone wet. Had it not been for this—this one slight hope, dark, indeed would have been our ousiness if it wasn't wet, the country

is at least partially saved. But where is Durham, where is Raleigh-the two places of all the places where the probibitionists did their very level best? Indeed it looks as though the more talking they did the more votes they lost. Goose Creek, as we understand it, however, was not harangued by either side; she simply basked in the sun and reared up on her hind legs when the time came and voted as she drank.

That is the way to do it; that is the only way to give an expression of the heart's deep emotions. The people of Goose Creek are to be congratulated; the State of North Carolina feels pride in Goose Creek and especially since the last Legislature in a moment of unsuppressed patriotism passed a law surance company has received from the that made it a felony for people to insured and retained the money for his throw sawdust in this classic stream. All is well that ends well, said the immortal Bard of Avon, who took a drink when he felt like it and left the world its richest treasure because he wasn't born a prohibitionist, and now that Gdose Creek is, sound on the the music, gentlemen, should be Anhie Laurie.

Mr. Moore the Farmers' Candidate

Windsor Ledger. The Ledger wishes to say a word in behalf of the candidacy of "Cotton" Moore for Commissioner of Agriculture. Many of our farmers know Mr. Moore personally. He has often been to our county speaking in farmers institutes and organizing the Cotton Growers' Association. He is a farmers' candidate pure and simple, and no man in our opinion and as far as our knowledge of him goes, deserves the support of the farming class more than he. He knows the needs and the life of the farmer from the "ground up." so to speak, beginning life on a rented farm, doing his own plowing, ditching, hoeing and hauling. He is no politician and he knows what it is to follow a mule under a July sun. Of all the candidates for the various offices there is no one more fitted, more deserving, or more qualified or more needy than Cotton Moore and the farmers should put him in office under an avalanche of votes.

HOPE FOR OCEAN MAIL BILL

ids of the Measure Believe It Will Go Through Next December by a Decisive Vote—Bill is Gather-ing Strength in the House. Washington, May 31.-That the

cean mail bill, which passed the Senate on March 20th, without a nature of the contracts themselves import reliance on the personal credit, trust or confidence in the other party, cannot be assigned.

2. Same, Ratification.—The restrictions of tands in the hands of g receiver, affect.—House in failing to accept it on a division, and later was sustained by narrow vote of 145 to 153 is the firm conviction of the friends of the cember it will win by a decisive majority. The exultation which the temporary defeat of this measure has aroused in Liverpool and Hamburg among the foreign ship owners and merchants, is hasty and premature said Senator Gallinger, in discussing the subject. He continued:

"The vote on May 23d shows how swiftly the ocean mail service and the merchant marine are gathering strength in the House of sentatives. One year ago 56 Republicans, nearly all from the middle Vest, voted against a bill for mail lines to South America. The day only 36 Republicans, all but Mr. Perkins, of Rochester, N. Y., from the middle West, voted against a oill for mail lines to South America, Japan, China, the Philippines Australasia. A year ago 22 per cent, of the Republicans of the House were opposed; this year only 16 per And this second test is all the more significant because it was made in the year of a presidential election.

"The middle West is still the centre opposition, but that opposition is a waning one and I have to believe that probably a majority-of the Western Representatives who voted against the ocean bill a week ago personally favor legislation of this kind but fear that it is not yet properly understood by their stituents. There is no question that there is hostility in the middle West to the idea of subsidy, but this ocean mail bill is no more of a subsidy than is our expenditure on free delivery or railway mail carrying. It is simply honest .pay actual service rendered."

WEEK'S WEATHER FORECAST. Rain is Predicted For Wednesday and Thursday in the Atlantic States.

Washington, May 31.—The Weather Bureau to-day issued the following forecast for the week beginning June 1st, based upon daily telegraphic reports received from selected stations throughout the Northern Hemisphere

In the middle and North Atlantic States and the Ohio valley the opening days of the week will be fair with pleasant temperature and there are no present indications of a pro-longed period of unseasonably high temperature in those districts. The week will open cool in the States of the Missouri, upper Missis-

sippi and Red river of the north valleys. The average temperatures for the week in those States will, however, be higher than for the preceding week. A rain area that will cover the middle and northern Rocky moun-

tain and Western plains States Monvalleys and the Lake region Tuesday Wednesday and overspread the The following faint ray of light—the the Southeastern coasts the summer

clear nights and mornings is due to Two Dead From Launch Explosion. Philadelphia, May 31.-It developed to-day that two persons lost their lives through the explosion of a gas-

oline tank on a launch in the Dela-ware river late last night when the boat containing sixteen persons was recovered and 14 were injured. Frank pathway. But with Goose Creek wet, Cassidy, one of the party, was thrown and how in the world could a creek do overboard by the explosion and his business if it wasn't wet, the country body has not been recovered. John Schmidbleichen was the other victim. None of tht fourteen injured will die.
