Baseball Divides Time With Politics. Vying with politics, although at something of a disadvantage for public interest, was baseball yesterday. The two games resulted in an even break which would have been a simple tie, had the two games been thrown into one and so counted. The scores of 4 to 2 and 2 to 0, when added make a score of 4 to 4, for an 18-inning game. What with baseball and politics, local and national, there was hardly a minute from noon to midnight that the bulletin boards were not surrounded by a curious crowd.

The Associated Press started up before noon a special long distance telephone bulletin service from Chicago, messages being received and posted every few minutes.

Cured of Bright's Disease. Geo. A. Sherman, Libson Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well-known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every five minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." R. H. Jordan & Co. and W. L. Hand & Co.

Some people think that because such-and-such a soap is made on the other side of the Atlantic, it is necessarily as good as, or better than, Ivory Soap.

Why should it be? Don't Americans make the best locomotives, the best cutlery, the best cottons in all the world?

Why shouldn't they make the best soap? THEY DO.

Ivory Soap 99 1/2% Per Cent. Pure.
