

equal friendly consideration of those who administer the laws; and we further pledge that all such persons or corporations violating the provisions of the law shall be made to feel and suffer the full penalties for such violations.

We condemn the practice of professional lobbying.

We denounce the vacillating and de-nial policy of the last session of the Republican Congress. We declare that most of the legislation enacted by that body is cheap, tawdry, hypocritical makeshift.

**CURRENCY BILL DENOUNCED.**

We denounce the Cannon-Vreeland-Aldrich currency bill which was passed by the last session of Congress in the interest and at the dictation of a handful of great banks and speculators who occupy offices on Wall Street. This iniquitous measure, which further centralizes in the hands of a few the issue of American money of the American people was shamelessly rushed through both houses of Congress, in its dying hours, under the lash of the Czar like methods of the Speaker and through the trickery of the Republican dictator of the Senate. No more shameless spectacle has ever been presented to the American people than the method by which this hybrid and iniquitous measure was railroaded through Congress. This bill turns over the Treasury of the United States to the gamblers of the New York stock exchange for a period of six years. It

Southern representation reduction measure. The passage of this bill through the lower House of Congress was an act of cheap, hypocritical politics, designed to corrupt the negro vote in the doubtful States for their presidential nominee.

We denounce the Republican party for its failure to enact during the last session of Congress a campaign publicity bill, but the people of the country need not expect such a measure to come from a party that thrives on corruption money and which could not carry on a campaign or win a national election without corruption funds from favored interests.

We denounce the present infamous and trust-breeding tariff imposed upon the people by the Republican party and renew our demand for its immediate revision, to the end that all unfair burdens shall be removed, and especially those upon the necessities of life, and those that enable the trusts to extort from the people unreasonable profits and to sell their products to consumers at home at higher prices than is charged for the same goods to foreign consumers.

**WILD EXTRAVAGANCE.**

We denounce the Republican party for its wild extravagance during the last session of Congress. In the last five months the Republican Congress spent \$1,200,000,000 of the people's money, levying a tax of \$13 per annum on every burdened tax payer. We do

proceed as if such powers were possessed by it under the constitution. **PROMISED REFORMS NOT GIVEN.**

Though promising reforms demanded by the people, the Republicans in their national convention, at the behest of favored interests, voted down every plank looking to reforms and relief of the people, or for curbing the powers of the trusts. That convention, controlled by Federal officeholders, after nominating for President a life-long office-holder who was never elected by the people to any office, adopted a platform that on every important measure, straddles, or gives promise to the ear only to break it

**CONVENTION NOTES.**

Yesterday, while the vote on the first ballot for Commissioner of Agriculture was being added, Cicero Alexander, a son of Mr. J. Mack Alexander, sold an Evening News to a gentleman who gave him a dollar to change. The boy lost his man and went to Chairman Parsons and indicated his trouble.

"Here is a boy in trouble, he can't find the man to whom he owes change for \$1," said Mr. Parsons to the convention.

"Take up a collection!" shouted some one.

**ANGLE SENT TO PRISON AT LAST.**

Convicted Four Years Ago of Defrauding the Government of Large Sum, T. M. Angle Was Yesterday Carried to Atlanta to Serve a Year's Sentence—His Trial One of the Most Notable in Federal Court Annals of the State.

Observer Bureau, The Bevil Building, Greensboro, June 29.

Judge Boyd convened a special term of United States District Court here to-day, the term having been ordered to make final disposition in the case against T. M. Angle, convicted of violating the revenue laws in connection with the operation of whiskey distilleries, and to hear motions in other matters.

Angle was convicted four years ago and sentenced to pay a fine of \$1,000 and serve a year and a day in the Federal prison in Atlanta. Together with B. F. Sprinkle and William Young he was charged with violating the internal revenue laws in the operation of the Milton Liquor Company and the Oak Grove Liquor Company of Milton and the Reidsville Liquor Company of Reidsville. After a trial lasting two weeks the three defendants were convicted and sentenced. Sprinkle being fined \$5,000 and sent to the penitentiary for two years and Young fine \$1,000 and sentenced to jail for six months. The case was carried to the Circuit Court of Appeals, which affirmed the decision of the lower court, but on a motion for a rehearing Young was granted a new trial, at which he was again convicted and sentenced.

Angle made a second motion for a new trial, which was denied, whereupon he appealed to the Supreme Court of the United States, which affirmed the decision of the lower court. Through his attorneys he next applied for a writ of certiorari, which was heard and denied. He then made a motion for a new trial, which was denied a short time ago by the Circuit Court of Appeals. This afternoon District Attorney Holton prayed judgment and Judge Boyd ordered that the original sentence be enforced. Angle was carried to Atlanta to-night by Deputy Marshal Vincent to serve his sentence of a year and a day. Thus ends one of the most notable trials ever held in the United States courts of this State.

Young and Sprinkle have paid their fines and served their sentences of imprisonment. On a warrant sworn out by Deputy Insurance Commissioner Scott Adam Noble, colored, was arrested and placed in jail to-day, charged with arson in burning a house belonging to his wife about three months ago. He will be given a hearing before Justice Collins to-morrow.

**PATTERSON'S MAJORITY 10,000.**

Returns From Tennessee Primaries Indicate Patterson's Election by a Majority of About 10,000—Gaines Defeated by Over One Thousand Votes.

Nashville, Tenn., June 29.—Incomplete returns received from the primaries held throughout the State Saturday indicate that Governor Patterson has defeated former Senator Carmack for the gubernatorial nomination by a majority ranging between seven and ten thousand. Unofficial returns show that John Wesley Gaines has been defeated by Joseph W. Byrnes for the sixth district congressional nomination by a majority of about 1,000. The election of B. D. Bell and D. L. Lansden for Supreme Court Justice is close and it will require the official count to decide the winner.

Late figures in the race for railroad commissioner indicate that Frank Avant has been elected. The Democratic State convention will be held in Nashville July 14th.

**RAISED STAMP COUPONS FROM \$10 TO \$150.**

By Associated Press.

Greensboro, June 29.—T. M. Angle, who was convicted four years ago along with B. F. Sprinkle and William Young for defrauding the government of about \$100,000 taxes, was sent to the Atlanta penitentiary to-night. They conducted rectifying establishments and raised \$10 stamp coupons to \$150, buying the stamps in other States. The execution of Angle's sentence was delayed by appeals.

**Bishop Potter Seriously Ill.**

Cooperstown, N. Y., June 29.—Bishop Henry C. Potter, of New York, is regarded by his physicians as being in a dangerous state of health. The bishop has been ill for some time with stomach and liver troubles. Dr. J. E. Janevrin, one of his physicians, issued the following bulletin to-night:

"Bishop Potter has been prostrated from the hot weather the past few days and is in a very critical condition."

**REMOVAL IS DENIED.**

Justice Dowling Denies Application For Thaw's Removal From Mattawan Hospital.

New York, June 29.—Justice Dowling to-day denied the application of Dr. K. Thaw to be removed from the Mattawan state Asylum for the criminal insane to some other institution. The decision says:

"If after sufficient observation it is found proper to remove him to some other institution the State authorities can so act."

Justice Dowling's decision further declares that Thaw is a dangerously insane person "who is not to be punished, but to be kept under the proper restraint that he may injure neither himself nor any one else," and says that the affidavits set forth absolutely no reason why the change desired should be made.

Justice Dowling's order is not operative for the present at least, as Thaw is now in custody under the orders of Justice Mills by reason of the writ of habeas corpus on which he was taken to court in White Plains to-day.

**Rhinoceros Blood a Cure-All.**

London Standard.

The blood of the rhinoceros is very highly esteemed by Burmese and Chinese, as a medicine for all kinds of ailments. Whenever a party of hunters are successful in shooting a rhinoceros—they are less numerous than they used to be—the native hunters carefully draw off the blood and bring it to Rangoon stored in hollow bamboo.

means a gift to the enemies of the Republic of the power to issue or retire one-half billion dollars, exciting speculation or compelling disaster according to which ever best suits their betting book.

We condemn the Republican party, whose policies and conduct produced in 1897 the most acute and disastrous panic in the history of the United States. The effect of its policy has precipitated panic, blighted industry and trade with prolonged depression, closed factories, reduced work and wages, halted enterprises, and crippled American production. Under this Republican panic suffering has been universal, soup houses have been established and strikes have been of almost daily occurrence. The Republican party has been in control of the national government in all of its branches for the past 11 years, and now in the midst of abundant crops and boundless national resources it has brought about the most destructive panic in our history. We point to the fact that every panic which has occurred since the formation of the Republican party was precipitated while that party was in power.

**REPUBLICAN PARTY SCORED.**

We condemn the Republican party for its efforts in the national Congress to revive the bitterness of the civil war and renew again the bloody civil issues, by tacking to the campaign publicity bill Crumpacker's

call on the chair and get him to announce his trouble. The crowd just responded to the innocent honesty of the lad. It was a pretty incident.

Before leaving Charlotte Mr. Locke Craig thanked Mr. Cameron Morrison, his floor manager in the convention hall for the splendid fight he made. It was not generally known that Mr. Morrison had been elected to this responsible position but such was the case.

Master Cowles Bristol, a son of Mr. and Mrs. L. B. Bristol, of Statesville, and a grandson of Mr. L. A. Bristol, of Morganton, and Col. H. C. Cowles, of Statesville, two well-known Republicans, was yesterday elected chairman of the Irredell delegation. In a piping voice he called the vote.

**ELECTRICITY REPLACES STEAM.**

Current From Catawba River Turned on Yesterday at China Grove—Roller Mills Start Up To-Morrow.

Special to The Observer.

China Grove, June 29.—The change from steam to electric power has been effected at the plant of the Patterson Manufacturing Company. And to-day for the first time the entire plant was operated by electric power furnished by the Southern Power Company. The town oldsmen have signed a ten-year contract with the same company for street lights and as soon as the necessary wiring can be done this town will have an all-right light service, which at first will consist of eight large arc lights. This contract makes power available for smaller manufacturing enterprises at a cheap rate and it is believed, will be the means of locating a number here. Lights will also be furnished for residence and stores to those who want them.

The China Grove Roller Mills will start up July 1st, after having been shut down for sixty days, during which time a large elevator has been erected and an entirely new set of mills installed, increasing the daily output to 110 barrels. This increase will enable them to take care of their fast-growing patronage and supply the demand from nearby towns for their flour.

The Ford-Johnson Company, lessor of the Rowan Chair Factory, have closed down the plant indefinitely on account of lack of orders. About thirty hands were thrown out of employment.

Crop prospects around China Grove are very flattering, and if no disaster occurs from this on one of the largest crops in several years will be made.

Dr. G. E. Young, of Forest City, a director of the Patterson-Young Manufacturing Company, visited his son, Mr. C. J. Young, last week—Mr. A. M. Hannah, China Grove's popular traveling salesman, left on his trip to western North Carolina to-day.

**New Baptist Church Organized in Spartanburg.**

Special to The Observer.

Spartanburg, S. C., June 29.—At a meeting of Baptists held in the Southside School Building yesterday afternoon a new Baptist church was organized. The new church starts off with 115 members, 183 being from the Green Street church and five scattering. Dr. W. T. Derieux, of Greenville, secretary of the mission board, was present and presided at the meeting. For the present the members of the new church will hold services in the

southside school building. The lot for the new church has been purchased and the contract for the building will be awarded in the near future.

**ANOTHER NEW COTTON MILL.**

A \$200,000 Plant to Be Built at Wellford, S. C., Lewis W. Parker Being President.

Special to The Observer.

Spartanburg, S. C., June 29.—Spartanburg county is to have another cotton mill. The company will be capitalized at \$200,000, most of which has already been subscribed. The promoters of the new mill are Lewis W. Parker, of Greenville, who is president of several large mills in this State; Mr. Fleitmann, a capitalist of New York, and St. John Courtney, who has been connected with the Newry Cotton Mill for a number of years.

The mill will be located in the town of Wellford, a small station on the main line of the Southern road between Spartanburg and Greenville. The promoters of the mill will meet in Wellford Tuesday afternoon for the purpose of selecting the site and perfecting the organization. It is understood that work on the mill building will commence at an early date.

The men who are at the head of the enterprise are men of large business affairs. Mr. Parker has been at the head of several large South Carolina cotton mills for several years, and Mr. Courtney has gained much experience by reason of his long connection with the Newry Mill. Mr. Fleitmann is a New York selling agent and has large interests in a number of cotton mills in this section.
