### Golden Glory Cooking Oil

is Versatile as a Frying Medium Hot, deep fat is the first requisite for perfect frying. The food must be submerged, and t must be seared quickly before the grease can souk in or the juices can soak out. Then it will cook tender, julcy and

wholesome. There is no way to do this with lard. It will burn before it reaches the proper temperature. All the dyspeptics in the world have been trying to do this for ages. They are dyspepties still.

GOLDEN GLORY COOKING OIL is "the faultless frying fat." It gets hotter, goes farther, costs less. You can strain it and use it

over and over again.

AS A RUTTER SAVER

No pudding, entree or sauce
is just right without the addition of a delicate fat to give it "richness." Italian and French cooks surpass in such dishes. THEY USE OIL.

American cooks use butter.

This is a richness which makes for poorness. GOLDEN GLORY COOKING OIL is better than butter for most of these dishes. One quart of GOLDEN GLORY COOKING OIL costs...\$0.25 Three lbs. cooking butter

cost.....\$1.05 SAVE MONEY, USE GOLDEN GLORY COOKING OIL. All grocers.

Brannon Carbonating Co.

### SUCH A BIG Washing

as the average family has in warm weather! It seems as if every one of the family dirty about twice as many clothes as usual-and the children's white frocks make up a good sized washing by themselves. But why care how big

washing is when it can be sent to us? We will wash it all, starch and dry the fancy pieces and iron and fold all the The service is prompt and the cost very moderate—just about what it would cost to do it at home. 'Phone for our

wagon when your wash is
