

MILLS AND MARKETS

HENRIETTA MILLS CLOSE.

Continued Depression Given as a Reason For a Shut-Down of Two Weeks.

Special to The Observer.

Charlotte, Aug. 10.—Because of the continued depression in foreign markets, the Henrietta Mills, No. 3, will run, while this mill is still. No large mills in the Southland have made better time during the period of low prices and poor markets than these two big plants; and no wheels were so turning sooner when the situation will justify. While the prices of goods that do go on the market are down on a basis of 7 cents cotton and the demand for goods growing less every day, to stop making goods is a common sense business necessity. President Tanner, however, who is one of the most intelligent and popular manufacturers South, or North, and he has done everything in his power for the success of the mills and the best interest of the operatives. The trouble is not at home, but abroad, where cotton goods have to find markets. Conditions in China and Japan are such that the demand is not in demand. The situation over there is very much as it was in this country during the civil war when our people could not take goods from foreign countries. Our manufacturers are not waiting for low-price cotton, but better prices and markets for goods away from home. Things are all right on this side.

The people at these mills live in free houses and have fine gardens, and vacations for a long or short time will not disturb or disorganize the splendid help.

CIRCUS COMING TO TOWN.

Winston-Salem to Be Favored With Both John Robinson's and the Ringling Bros. This Fall.

Special to The Observer.

Winston-Salem, Aug. 10.—The circus is coming to town. From billboards to-day flare forth posters telling of the advent to the Twin City on August 24th of John Robinson's circus, with all the old fashioned "em-and-matrs" new "living wonders of the world." With the circus will come John Lowlow, the veteran clown, who is a philosopher and a scholar as well. He has many personal friends here among professional and business men.

The Robinson show will travel in forty-three cars. Another, and even greater circus aggregation in point of size, the Ringling Brothers' Shows, will come early in September, traveling in seventy-three cars. This is, in a way, the successor to the Barnum & Bailey Circus. Mr. Bailey's widow, the largest stockholder in the old Barnum & Bailey Circus, having disposed of her interest to the Ringlings last winter at a fancy price. Even before this the Ringlings' Circus was large and well known.

Made Two 12-Year-Old Girls Drunk.

Special to The Observer.

Gaffney, S. C., Aug. 10.—Almost the entire population of "Stump town," a part of the Gaffney Manufacturing Company's mill village, was in mayor's court this morning as witnesses against one Joe Medlin, a citizen of the aforesaid "Stump town." Medlin was charged with being drunk and disorderly and disturbing the peace of the community on the Sabbath. He not only got drunk himself, but he gave whiskey to two little girls about 12 years of age, making them both heavily drunk. The worst part of the transaction is that one of the girls was his own child. The other was a Jennings girl. When arrested yesterday Medlin was required to deposit fifteen dollars for his appearance this morning, and when his case was called he failed to appear. It is very probable that if he had been present Mayor Ross would have given him the full limit after the facts in the case were brought out.

Business Change at Durham.

Special to The Observer.

Durham, Aug. 10.—The Thomas Pharmacy Company has changed hands. This morning the drug business was taken in charge by Mr. A. H. Michaels, as sole owner. It is said that he paid \$10,000 for the business. It is learned that Mr. B. H. Thomas, who has been manager of the company since its organization, goes to W. M. Yearby, wholesale and retail druggist, as one of the managers. Mr. Michaels will have with him his son, Mr. R. P. Michaels, and the proprietor himself will have charge of the prescription work.

Picnic at Chimney Rock.

Correspondence of The Observer.

Rutherfordton, Aug. 9.—A big picnic and tournament was held at Chimney Rock Friday and Saturday and a large crowd attended from this place as well as Asheville, Hendersonville and other nearby points. Big balls were given at each of the hotels on both nights and a most delightful and enjoyable outing is reported by the large attendance.

"I have found Bucklen's Arnica Salve to be the proper thing to use for sore feet, as well as for itching burns, scalds, and all manner of abrasions." writes Mr. W. R. Jones of East Poland, Maine. It is the sweetest thing you can try. Try it all day under guarantee at all drug stores 15 cents.

STATESVILLE'S CELEBRATION.

Week of Festivity, to Be Given Under the Auspices of the Volunteer Fire Company, to Commence August 24th.

Special to The Observer.

Statesville, Aug. 10.—Two weeks from to-day the crowds will begin gathering in Statesville for the big celebration under the auspices of the Volunteer Fire Company known as "Firemen's Week and Festival." The "Annual Home Coming," which will begin August 24th and continue through the week. The last two days of the week, Friday and Saturday, will be "Everybody's Days," the regular annual event. Last year there were about 2,000 people in the celebration, and a much larger crowd is expected this year, as there will be more and better attractions. Among the free attractions of interest there will be a balloon ascension each day up to Friday, and on Friday and Saturday there will be three ascensions each day. "Tinie," a woman aeronaut, who is considered one of the most marvelous women in the world, will make the ascensions with three parachute leaps. Another free attraction of interest will be the leaping of a 35-foot gap by a trick bicyclist under the very daring act. One of the best Italian bands in the South will furnish music and there will be many free attractions of minor importance.

The prizes to be won money will be many. John Jones' ten big exhibition shows will be here, which include a tent of performing lions, tigers and other animals, the smallest horse in the world, one of the best trained near-vaulters on the road, a laughing gallery, electric parlors, moving picture shows, etc. There will be many other side attractions such as fortune tellers, etc.

The firemen will give a free exhibition each day, using both the 2-horse and single-horse wagons, and the following prizes will be among those awarded: Five dollars in gold, first prize, in mule race; good bridge, second prize; a fine rocking chair to the oldest lady here Friday and Saturday; a bag of flour to the largest family in town; a diamond ring to the most popular lady in town; a new automobile to the oldest citizen; five dollars in gold for winner in foot race, and other prizes. The usual contests, such as watermelon eating, soda cracker eating, getting money out of a pan of flour, etc., will be pulled off.

The firemen are very enthusiastic over their celebration this year, and they will make every effort to make the celebration a success. The money they derive from the celebrations is used for good purposes. At the past two celebrations they made enough to pay for one of the prettiest restaurants now in the State, which was made to order, and helped pay for one of the fine horses. The firemen say of these celebrations in a statement: "These are the best times we have had in years. People get together and enjoy life in relief to the monotony of business. Let everyone enjoy them to the fullest extent, renew old acquaintances, and have a good time and return home refreshed for the battle of life."

John Robinson's circus will appear in Statesville August 21st. Monday is the Firemen's Week, and most of the people here for the week's celebration will remain and others will come for the big show. In former years the town was flooded with people on circus days and here there has not been one here in about eight years a larger crowd than ever is expected for Robinson's.

THOMASVILLE HAS A FIRE.

Midnight Blaze Destroys Several Business Buildings, Most of Them Occupied by Colored People—Citizens Work Hard But Little Could Be Done to Save the Buildings.

Special to The Observer.

Thomasville, Aug. 10.—Sunday night just at midnight the slumbers of the sleeping population of the town were disturbed by the alarm of fire. Owing to the fact that it was Sunday, the fire department was not called, and no whistles were heard to give the alarm, consequently it was some time before many people woke up. Fire was discovered in Mr. D. B. Fitzgerald's restaurant on Salem street, just below the Finch Block, and the building with all its contents was destroyed. Mr. Fitzgerald and family slept upstairs and they all had a very narrow escape and one of their children came near being burned. The fire spread so rapidly that they only escaped with their lives. Their loss is about \$15,000, with about \$500 insurance. Next to the restaurant was the frame store building of Mrs. Mendenhall, which was occupied by David McRae, colored, who runs a grocery and cafe. It too was burned with all its contents. Loss about \$200; no insurance. Next to this building the colored pool room and barber shop caught and burned. Loss about \$200; no insurance. The next building to catch and be destroyed was the lively stable of Mr. B. B. Wagner. Fortunately all the horses, mules, buggies, etc., were taken out before the fire reached these buildings. The loss on the building is about \$1,000, with about \$1,200 insurance. In the Wagner building was "Squire J. R. Keen's office and most of his property was removed. The tin shop of Mr. J. F. Fowler upstairs was destroyed, but most of his stock and machinery was removed before the fire reached it.

The fire was checked at this point, having burned every frame building in the square except an old unrightly barn near West Gulford street and no doubt it would have been an improvement to the town had this building also been burned. The citizens worked hard trying to save the property, but the heat was so intense that little could be done to check the flames. It is hoped that the fire will prove a blessing in disguise.

Burglars Abroad at High Point.

Special to The Observer.

High Point, Aug. 10.—Burglars stalked forth here in the stillness of last night while the populace slept, and rifled the pockets and property of three of the citizens. At the home of Bert Holder, a barber, the money in his pants pockets was taken and his pants left hanging on the blinds. The home of Captain Brown was entered and a watch and some change taken, while at the home of Mr. Julie Ellison some money was also misused. It is believed it is the work of local parties who make their living stealing and were never known to do any work, and it is quite probable that an early arrest will be made.

WHY JAMES LEE GOT WELL.

The first dose gave relief. Try it. Hold under guarantee at all drug stores and S. B. M. Trial bottle free."

ESCAPED FROM DAVIE HOME.

Further Information Concerning the Insane Man Picked Up on the Streets of High Point.

Special to The Observer.

High Point, Aug. 11.—More information has been secured about the old man who was found wandering about the streets here last week and who was bereft of his reason through illness. His name is James McDonald and he has a wife and three children. He was confined at the county home in Davie county, but they kept him too close, the old fellow said, and as he wanted to work and they wouldn't give him a chance he picked a good time to escape. So one day when they sent him out a little piece to attend to some matter he lit out, running as fast as he could until he was a good ways off. Then he commenced walking until the next thing he knew he was fifteen miles away. He pulled off his shoes and he carried a pair of shoes in every shoe he dropped to the ground without his knowledge. Discovering that he had only one shoe the man said he threw the other one away, arriving here barefooted. Two-thirds of the questions put to him could not be answered, the man saying "he forgot." When the officer asked to see his Bible, so as to find something of the man's whereabouts, he asked the officer where was his Bible, saying that he should have one. Arriving at the county home, where the officers took him, the man did not like the looks of things at all, saying he did not want to go in that cage—that he wanted to work. It is quite likely that the authorities of Davie county will send for McDonald and again will take him to his abode in the county home of Davie.

CONTRACTORS KEPT BUSY.

Building on an Extensive Scale in the Twin City During the Summer—Other Structures to Be Erected During the Fall.

Special to The Observer.

Winston-Salem, Aug. 10.—Contractors generally have been kept busy with new structures during the summer, and indications are towards an unusually large volume of building operations this fall throughout the Twin City. New structures planned for early construction are of very representative sorts, including business buildings and dwellings of high and low grade.

The building and loan associations are taxed to their capacity to meet the popular demand. Real estate transfers are comparatively brisk for this period.

Politics Beginning to Warm Up in Durham County.

Special to The Observer.

Durham, Aug. 10.—Next Saturday at noon the Republican county convention will be held at the court house. The year's precinct conventions are now being held and delegates elected to make up the convention. About one-third of the precincts in the county have held conventions and the others will be held in the next few days. The Democratic county primary, under the legalized form, will be held Saturday week, at which time candidates will be nominated and delegates elected. The county convention will be held a week later and vacancies left in the ticket at the primary will be filled.

Solid Carload "GOOD LUCK" BAKING POWDER.
FOR KUESTER-PHARR CO., CHARLOTTE, N. C.
MAINT BY THE SOUTHERN MFG. CO., RICHMOND, VA.

High Quality Means Carload Sales

That the high standard of excellence rigidly maintained by the manufacturers of "GOOD LUCK" Baking Powder is appreciated by the wholesaler, the retailer and consumer alike, is evidenced by the great number of freight trains running in every direction from Richmond, Virginia, and hauling carloads of "GOOD LUCK." These large and steady shipments fully demonstrate the popular faith in this powder.

The above shown carload was recently bought and received by Kuester-Pharr Company, who are widely known for their excellent

judgment in buying for their trade. In every purchase made, two things are carefully considered—namely, the selling points of the goods, and whether or not the article will perfectly please their customers. They have found by long experience that "GOOD LUCK" never fails to meet these, and, in fact, all other demands made upon it by dealers and users.

It is a source of satisfaction for every cook to know that she is using the best baking powder ever made when she uses "GOOD LUCK." She is the court of last appeal, and she has decided that "GOOD LUCK" fills her wants. She likes it for its uniform goodness, for the fine tempting

lightness it imparts to all kinds of bread and other cookies and for its absolute purity—which is positively guaranteed under the Food and Drug Act, June 30, 1906; Serial No. 13626. Eminent chemists and physiologists have endorsed it. It is packed only in the moisture-proof tinful news board can, which keeps the powder as it is made—fresh, strong and dry. The Kuester-Pharr Company find that it takes but a little time to sell a carload of "GOOD LUCK." The following gentlemen handle the problems and details of their firm: Mr. I. C. Lowe, president; Mr. C. O. Kuester, manager and buyer; Mr. J. M. Pharr, secretary and treasurer.

SUFFERED 6 YEARS

For five or six years I suffered from enlarged glands of my neck, which troubled me greatly, especially when I was exposed to cold, damp air.

Whenever I took any cold the glands in my neck would swell and enlarge in lumps from under the ear to the collarbone. This affected my general health and my system became run down from it, and I remained in that condition for five years. After trying other things without benefit, I went on Mrs. Joe Person's Remedy, and one dozen bottles cured me and restored me to perfect health, and I am now a walking advertisement of Mrs. Joe Person's Remedy.
