Total enrollment of colored pupils, 1812.

Total promoted of colored pupils, 1701.

MISS BETHUNE PRINCIPAL OVER NEW 4TH WARD SCHOOL

Meeting of Board of School Commissioners Last Night Brought With It a Usual Amount of Contention Among the Members—Mr. D. B. Smith Opposes the Recommendations of the Teachers' Committee, But Was Unsuccessful in His Efforts, Every One of Them Going Through—Higher Grades at Belmont Abolished—New Teachers Who Passed Recent Examinations Elected—New Grades in North School.

A customary amount of wrangling of the board of school commissioners when favorable action was finally taken upon all the recommendations of the teachers' committee. On several occasions some of the members temporarily forgot themselves and rather drifted to the plain of personallties, but nothing of gross impro-priety was said or done at the session over which the cool and digni-fied head of Mayor T. S. Franklin WANTED-A number one coon dog; one that can hold a tree. State price. Address A. Stuart, 419 Farmers Bank Building, Pittsburg, Pa.

Building, Pittsburg, Pa.

Baird, Blair, Kistler, T. T. Smith, D. meeting besides the mayor Messrs. Baird, Blair, Kistler, T. T. Smith, D. B. Smith, Littlefield, Hiatt, Davis, WANTED Twelve energetic salesmen to B. Smith, Littlefield, Hiatt, Davis, cover city. Good pay. Permanent position. The Frix Company, 666 Trust The only fight which could naturally come about was aroused on the recommendation of the teachers' committee and hardly anything else was taken up in the course of the preceedings. These, however, were interesting as well as important.

AS TO BELMONT SCHOOL. The first recommendation of the committee was that all grades over 9, for either race. The school pop-the sixth in the Belmont school be ulation in Wards 4, 5 and 3 is large WANTED—Experienced office man. Address in handwriting stating age, predress in handwriting in wards 4, 5 and 3 is targely of whites.

In 1307, buildings in two of these
wards were applied for and*\$10,000
was voted by the aldermen for a
school house in Ward 3 for colored pupils. This
appropriation was, it seems, rescinded after plays and specifications and
sites were selected for both. A few
morths stargely of whites.

They entered these colleges without

ADDITION TO THE SCHOOLS. These figures, in addition to those already printed in The Observer and The News, and the extract from Superintendent Joyner's report, recently printed in our morning and evening dailies, will furnish all the statistics needed for the information of this board. You are to be congratulated on the successful assimilation of 2,000 children and 21 teachers added to the school system by the extension of the city limits, without friction or complaint, during the past year. The frequent teachers' meetings, held every week, on Saturday, from 9 to 12 o'clock, and the hearty co-operasprang up at the meeting last night tion, of teachers and principals, with superintendent, in aiding in every possible, the new teachers, made the smoothness of this transition stage possible. It is not necessary to call your attention to the fact that every ear since 1898 the building of school houses and a central high school has been recommended to you, and through you to the board of aldermen by the superintendent in each annual report. In response to these recommendations a splendid building for white and eight school rooms for colored pupils, were provided in Wards 1 and 2, as early as 1900. The crowded condition of these very school houses in Wards 1 and 2 now makes the building of school houses in those wards where there are none a prime The 18 school rooms, in the first ward school are full. The enrollment of sixteen hundred colored children in a building consisting of sixteen rooms, averaging 100 a room in Ward 2, would, it seems to me, indicate they were crowded. There are no school houses in Wards 3, 4, 5 and

are 2 vacant rooms on the fourth floor of the South school and this depletion will give 6 vacant rooms on the third floor of the South school, making 8 vacant rooms in all.

NEED MORE BUILDINGS. The addition of these 6 rooms entrust, afford a concrete illustration of the need of a large 12-room building. in Ward 4, a smaller one in Ward 5 for whites, and a large building in The building in Ward 4 does not relieve the situation as to Wards 2 and 5 a particle, and gives only partial relief to Wards 4 and 1. building of new school houses therefore again thus pointedly called the paramount necessities for your consideration.

During the month of February the uperintendent attended the National Educational Association of City Su- federacy for several splendid steel enthe opportunity to examine 3 Washington and 5 in New York City, of the city public schools. the work in the grades in these cities who passed successfully last week the and in Charlotte about the same. The teachers' examination, were honor schools in Charlotte were visited in graduates of the Charlotte public detail, by representatives of the morning and evening papers, and thanks are tendered for the kind words sald about the schools. We were visited by Mr. Chadbourne, for many years a school commissioner of Modesty forbids Wilmington, N. C. my repeating in this report all the nice things he printed about the Charlotte public schools. He came to us a perfect stranger and when he left he had made friends of every teacher and pupil. The visit, of this courtly gentleman, was like an oasis in a desert, or a fountain in a dry land. He made careful and exact diagrams of all our outdoor gymns-These had already been diagramed for Raleigh N. C. horough visit of all these schools was made by Mr. B. S. Davis, chairman of the committee on visitation, and teachers and superintendent, in

in all my experience, no school trustee ever made, or attempted to make as complete an examination. The period extending over several weeks, examined for him pupils in reading, spelling, writing geography, history, arithmetic, mental and written, algebra, English and Latin. The places in the course of study were selected in the main by him and he expressed himself as pleased with the quantity and quality of the work exhibited, and performed by the children. Hun-

WHAT MR. DAVIS LEARNED. He learned why a mental, as well these schools—the former to cultivate the language and reasoning faculties. and the latter to furnish concrete examples for the exercise of the mind, using pencil and tablet. He learned why Latin is taught in school, as an aid in mastering English grammar. Etymology, the spelling and defining of English words, besides being useful as a mind training and culture study. He came into these schools opposed to the study of Latin and expressed himself as heartily in favor of the study for the future, in the city public schools. The changes in our course of study have already been reported to, and adopted by your board. All the doors in the entire school system have been made to open outward. Fire escapes for Belmont, and the new school in Ward 4, are called to your attention as the previous recommendation in regard to onel Black. Belmont had not been complied with when school closed.

RECORD OF CITY SCHOOL GRAD-UATES The superintedent is pleased with er institutions of learning. One grad- nellus er institutions of learning. One grad-uate, Mr. Squires, who graduated in 1907 led the medical class in the Charlotte Medical College. The prin-cipal of the Woodbury High School, said to be one of the finest preparasaid to be one of the finest prepara-tory schools in Virginia, says that Mr. Lenoir Chambers, of Charlotte, a tory schools in Virginia, says that Mr.
Lenoir Chambers, of Charlotte, a graded scaool graduate, who ranks as the first man in his class and the first man in the Woodbury High School, was the best prepared student sent to that school. The principal of the Warrenton High School says the same of the boys sent to Warrenton High School from Charlotte public schools.

Two Charlotte graded school graduates graduated from our University this year, one and B. the other in the scientific department at the age of 15 years. Several have graduated at 20 years, in recent years, who were graduates of Jordan & Co.

MUST "TIDAL WAVE" GO TOO?" Revenue Men Said to Be on the Trail leged to Contain Too Much Al-

Must that peculiar brand of drink named "Tidal Wave" go too?

It points that way. Revenue men are said to be in the city investigating the sale of this drink at small stores and around the suburbs of the city. The concoction made its appearance here some weeks ago and began to find a soft place in the palate of some of the "old-times." It is declared that the drink contains a quantity of alcohol sightthis is the reason the agents of the

peace and dignity of the nation are hereabouts. dreds of copy books and drawing drink containing more than a half books were exhibited and the work of 1 per cent. of alcohol properly belongs to the intoxicating class of beverages, and "Tidal Wave" is said to have 3 per cent. mixed in with it. as a written arithmetic, were used in From what can be learned it is sort of a near-beer arrangement and belong to that grade of drinkables that find a way into prohibition ports. If the revenue men find what they expect, it may mean a criminal pros ecution of those who have been playng with the fire, but it is believed handled enough of the stuff to be severely dealt with by the majestic arm of the nation.

Colonel Black Knew Him. An old gray-haired man-a stranger here-tarried at the square yesterday afternoon, to catch a Highland Park car. Col. T. J. Black, who was on duty there, saw him and recognized in him an old comrade in the civil
