Although I doctored for two years, none of the doctors really learned what was the matter, with me until I met Dr. Crawford, at Atlanta, who operated on me. During the time I used thirty bottles of your REMEDY and I am satisfied that it saved my life, as it kept me from dying from blood poison while the doctor was guessing about what alled me. Your REMEDY is not for sale in this section of the country. My wife is in a general run down condition and I want to have her try the REMEDY. Please ship me six bottles to Hazen,
