IVEY'S WAS THERE A MEETING? Nothing Develops Regarding Meeting of Property Owners at Mr. S. Wittkowsky's Office Last Night. Nothing transpired from the meeting last night of property owners at Mr. S. Wittkowsky's office on West Fifth street called for the purpose of devising ways and means of testing the constitutionality of the law which requires that abutting property owners pay their pro rata part of the cost of the recent street improvements. In fact, it is not known whether there was a meeting at all or not. Diligent effort was made last night to discover someone who was present but nobody could be located. Mr. Wittkowsky himself was called over the telephone at his office and in his home but no response could be secured. There may have been a gathering, and a decision may have been reached to make a test case in the courts, but if so, nothing was divulged. Developments may come to-night later.
