The organ accompaniment throughout are in the free style. The chorus and solos are the best examples of Spohr's writing that have been perpetuated. The text depicting the last days is treated in a manner characteristic of this writer, everything in the score showing forth the intent of the words. The choir has been augmented for this occasion to 40 voices. The oratorio will be preceded by a shortened form of evening prayer. Everyone is welcome. The music is under the direction of Mr. Henry F. Anderson, the organist of the church.

IN TROUBLE, PULLED OTHERS IN

Ed Neal Testified Enough to Land Then Was Sent There Himself. In default of a \$100 bond on the charge of retaining Nettie Burdison, colored, went to jail yesterday morning, riding in the patrol wagon through fast falling rain. It was Ed Neal who got her into her uncomfortable predicament by swearing that she sold him a pint of liquor for 50 cents. He also swore that Burt Norman, a mulatto woman, sold him a half pint at the same standard rate and Burt Norman was forthwith hauled away to jail, too, under like conditions and similar circumstances. But all his swearing availed Neal nothing. On a charge of vagrancy he was fined \$15 and on failure to pay, he went to jail where he will take an excursion to the roads, there to commune with nature for a season, and to refresh his memory as to the meaning of work. Minor Carpenter went along to keep him company. His charge was also vagrancy, his unpaid fine the same.

YOUR LINEN IS PURE WHITE

The men who send us their shirts, collars and cuffs will find that their linen is always a clear, pure white color. Not blue streaked, not gray and not yellow. This adds immensely to the appearance of your linen—and we obtain this perfect color because we do better washing. In other words, we make your clothes look whiter because we wash them cleaner. Isn't it worth while?

Black, of the same township. Both belong to families quite well known in their sections.

A Day of Deep, Damp Silence.

Unmitigated, steady, ceaseless rain enveloped Charlotte in its mantle of darkness and gloom throughout yesterday. Everywhere reigned that strange inexplicable silence that such weather brings with it—the dead stillness in every office that makes spoken speech startle the ears of silent workers and dreamers; it was the sort of weather which is fine for the going of inside work, but sounds the death knell to all that depends for success on activity from without.

SEVEN YEARS OF PROOF.

I have had seven years of proof that Dr. E. W. Taylor's New Discovery is the best remedy to take for coughs and colds and for every diseased condition of throat, chest or lungs," says W. V. Henry, of Parsons, Mo. The world has had thirty-eight years of proof that Dr. E. W. Taylor's New Discovery is the best remedy for coughs and colds, is gripe, asthma, hay fever, bronchitis, hemorrhage of the lungs, and the early stages of consumption. Its timely use always prevents the disease from becoming chronic. It is made by Dr. E. W. Taylor, 211 E. Third St., St. Louis, Mo.

Mr. Nichols adds that the work of constructing the mountain home club building is going on rapidly. The road is already graded from Edgemont to the club site. The club site is also graded and most of the timber is at the foot of the hill ready to go up. The road from Edgemont to the club is a 5 per cent grade. The mountain home club will be ready next spring.
