nce of The Observer. ham, Nov. 14.-One of the most suceasful and highly enthusiastic tennis ournaments ever held here came to a e this week, and the varsity and class as were picked. Messrs. M. A. Briggs, Durham, and A. B. Jordan, of Sunbury, were picked as the best players in ollege, Briggs being first man. This and he enjoys the distinction of being one of the best wielders of the racket in this section. Last year he was sent to Atlanta by the students here to represent them in a notable tournament and made jufte a reputation there. Jordan, the econd man, is a very fast, consistent and safe player, and these men will well represent the Methodists on the court in inercollegiate games this year. Challenges. have been sent to several State colleges and it is believed that there will be many good games here with other institutions during the season.

The class teams are: Post-graduate Kilgo and Bivens; senior, Cole and Finch; junior, Hutchison and Stewart or Walter West; sophomore, Hanes and LeGrande and McKinnon. Contests are now being held to decide the mpions by classes.

Mr. J. N. Cole, Jr., of Raleigh, manager of the glee club, has about completed his preliminary arrangements for the annual tour for the club during the erganization here again this year. Mr. Cheek, of Durham, is director. Librarian J. P. Breedlove returned to

The room also serves for an office for the general ecretary of the college and for this purpose he has a nice office outfit, A new feature of athletics at the college is the organization of several

basketball teams. This will be in connection with the Y. M. C. A. and will be a great help to the association as it is the only athletic feature in this department of college work. The court is being laid off and the baskets. which were made by the students in the college foundry, will be put up immediately. Much interest is being taken by the students in this new game, so much so that in all probability a varsity team will be selected later on to compete with other col-leges and association teams in the

Next Friday night the Y. M. C. will give its annual reception to the students in the library in Pullen Hall. The girls from St. Mary's, Peace, B. U. W. and the ladies of Raleigh been invited and will make this occasion most pleasant one. The faculty as well as the students will participate.

As a result of the efforts put forth by the Y. M. C. A. under secretary Bergthold's active leadership, new men are daily being enrolled in its ranks. The membership committee, with J. S. Whitehurst as its chairman, has just made plans for a campaign in which the entire present membership will porticipate and which consist of a contest between "Reds" and "Blues," ending December 15th. The winners as well as the most successful individuals will ceive prizes and the losers will give feed to the winners.

Hughes' Losses in Republican Dis-tricts—Tammany Cut Bryan. New York Evening Post.

Reports of knifing and trading in the election seem to be borne out by an analysis of the votes cast, particularly in this city. A noticeable fact is that Hughes had lost most heavily in the strongest Republican districts, while Bryan made the poorest show ing in the Tammany strongholds. In nine New York county districts classed as Republican, Hughes ran 19,806 behind Taft. In ten Democratic districts south of Forty-second street Bryan was 27,818 behind Chan-

In each of the Republican districts -- fifteenth, seventeenth, nineteenth, twenty-first, twenty-third, twentytwenty-seventh, twenty-ninth and thirty-first—Hughes ran more than 1,500 behind Taft. The heaviest loss was in the twenty-third, which takes in Washington Heights, and is the most regular Republican strong-hold in the city. Here Hughes was 2,684 votes behind Taft.

The next biggest loss was in the twenty-ninth, of which John Henry Hammond is leader. Here there was a loss of 2,594 votes. In the twenty-seventh, Herbert Parson's district, the vote for Taft

The Climate of the Holy Land. New York Tribune.

The feasibility of recolonising with Jews, a project which has me earnest and influential supporters in parts of the world, depends to a co-able extent on the ability of the to suport a large population. In the "Bulletin of the American Georgraphical Society" Mr. Ellsworth Huntington, though not dealing directly with that stion, considers one somewhat related to it—the possibility that the climate of the Holy Land has undergone material change. Regarding some of the factors in the problem—the fertility of the soil, for instance—the opinion is expressed that sufficient information is not yet available. Mr. Huntington, after bal-ancing the evidence for any against the belief that the forests have materially diminished in area, concludes that there has been little change since Joshua's day. Besides, meteorologists do not now con cede that forests promote precipitation. In none of the points here touched upon. therefore, are there conclusive signs Palestine has less rain now ormerly.

# **WONDERFUL RECOVERY IN** CHILLICOTHE, TEX.

Dear Madam: I had a boll on my forehead about seven years ago and it left a little place like a wart or lump, and at times that lump would get sore and bother me. It bothered me so much I got uneasy about it and tried a cancer remedy, which ate a hole to the skull bone as large as a quarter of a dollar or larger. The place would not heal up and got to looking very bad. After trying several remedies to heal it without success, I was advised to go to a specialist. About that time a friend told me about your Remedy and I decided to try it first. I sent for six bottles of your Remedy and four packages of your Wash and began to take the Tonic and bathe the sore with the Wash and I think it was healed up in about two weeks. continued to take the medicine and to use the Wash for Catarrh and think the Catarrh is about well, though I am still, using the Wash. If I am ever bothered with a sore or anything of that kind again I will give your Remedy another trial. Thanking you very much for what your Remedy has done for me, I am your friend, G. R. HENRY. Chillicothe, Tex,, Nov. 5, 1908.

Is it right that any woman should be left homeless and unprotected? And yet how many such there are!

And why? There are comparatively few homes entirely free from encumbrance, by mortgage or otherwise; and in very many cases, on the decease of the husband and father, the wife and children are forced from their long cherished abode. He had his property nearly paid for, but dies; and in the confusion of his affairs, or the want of good management on the part of the wife, or executors, the family loses everything. A few hundred or # few thousand dollars of ready money at his death, would have saved the homestend for them, free from ehcumbrance. The lack of that few hundred or thousand dollars-which a life policy would have procured-
