#### MEDICINE STRONG

Believe in something! Have an opinion! Speak it out! Lord have mercy on a namby-pamby, goody-goody, soothing syrup kind of a somebody. Rather consort with an open dare-devil than with a sneaking hypocrite.

WHAT DO YOU BELIEVE? I believe Stanford White deserved his fate; I believe Annis should have been killed long before he was, and that Mrs. Hains has lived too long. I respect the law, but I love the home and the sacredness of marital relations.

WHAT ELSE? I believe the Mutual Building and Loan has NO superjor and but FEW equals, and that every son and daughter in this fair land who would seize opportunity for their betterment, their very success, should TO-DAY enroll themselves in the new series just opened.
