A. building) to the Daughters of the American Revolution to hold their monthly meetings without any charge. The building will be ready for use by the middle of July. The animal started at the corner of Sixth and Tryon where the counter had been placed, and when he stopped he had pulled up to the residence of Dr. Walker on North Brevard street. Gossip Connor, the negro driver, was thrown out and run over, but escaped serious injuries. The buggy was rather badly broken up. Don't Forget the Jackson Institute. The attention of the public is again directed to the shower of household furnishings which will occur at Concord to-morrow just before the opening of Stonehall Jackson Institute. It is desired that Charlotte shall make as fine a showing as possible in this beneficent work. Mrs. L. W. Faison is receiving donations for the enterprise. A suggestive list of the bed coverings and smaller articles of household usefulness has been published. Any of these will be gratefully received. Immediate action is necessary. Warehouse Directors Meet. The directors of the Farmers' Warehouse Company met yesterday in the court house and ran over the final details connected with the erection of the commodious warehouse in North Charlotte. This building was thrown open to the farmers last Thursday and Friday and hereafter these two days will be set apart for storing cotton. About 500 bales were placed the first two days the house was opened, a large amount of this being transferred from other storing places. Charlotte Helpers Thanked. The Charlotte sympathizers who responded to a call for financial help for the earthquake sufferers in Italy are thanked in a letter from Mr. A. Dugli, of Raleigh, through whom the money is being forwarded. BRIEFS. A Few Minor Happenings in and About the City. Cotton brought 9 cents on the local market yesterday. Yesterday was a quiet day, altogether without developments, in police circles. The board of public service will meet to-morrow afternoon at 5 o'clock to discuss matters pertaining to the streets. Mary Spier, the little daughter of Mr. and Mrs. Morgan B. Spier, was burned about the face and arms Friday afternoon. Her clothes caught while she was standing in front of the grate, but fortunately the flames were quickly extinguished. THE PUBLIC INVITED. Physicians Urge the Public to Avail Itself of the Opportunities Which the Tuberculosis Conference Will Offer. It is desired by the physicians of the city that the public shall become thoroughly acquainted with the fact that every one in extended a cordial invitation to attend the sessions of the convention of physicians for the study of tuberculosis which will be held at the Selwyn Hotel Tuesday and Wednesday of this week. It will be a most important meeting and is entirely unselfish and humanitarian in its motives which is the extermination of the great white plague from the face of the earth. The public is urged to be on hand Tuesday morning at 10 o'clock and stay there to the end, as in every paper there will be a great deal which may be heard with profit by the average person. The campaign which is on is not only a fight by medical science to analyze the disease in such way as to find some certain cure for it, but it is an effort to educate the people of the United States to the point where every known means for its prevention and cure may be utilized to the utmost. To this end it is desired that everybody attend the sessions at which distinguished physicians from all points of the compass will speak. Clearing Up in Front of Realty Building. Washington, Jan. 9.—Hussain Kiazin Bey, Turkish ambassador to this country, reached Washington to-night from New York where he landed Thursday. THE ETERNAL JUSTICE. Thank God that God shall judge my soul, not man! I marvel when they say, "Think of that same old Day No pitying fellow-sinner's eyes shall scan With tolerance thy soul. But His who knows the whole, Thy God whom all men own is wholly just. Hold thou that last word dear, And live untouched by fear. He knows with what strange fire He mixed this dust, The heritage of race Which make us what we are—were from His hand. That left us, faint of voice, Small margin for a choice. He gave, I took; shall I not fearless stand? Hereditary bent That hangs in intent He knows, be sure, the God who shaped thy brain. He loves the souls He made; He knows His own hand laid On each the mark of some ancestral stain. Not souls severely white, But groping for more light, Are what Eternal Justice here demands. Fear not: He made the dust; Cling to that sweet word—"Just;" All's well with thee if thou art in just hands.—ANNIE REEVE ALDRICH. THE CUSTOM TAILOR Bugaboo Unless a man can pay \$80.00 to \$100.00 for an ordinary business suit, there is no advantage in having it made by a custom tailor. He can get a ready-made suit for 50 per cent. to 100 per cent. less than the custom tailored suit will cost and save himself the delay and disappointment incidental to the many try-ons and alterations which are inevitable. Does it not stand to reason that the manufacturers, whose dealings go into the millions of dollars, can afford to employ far higher skill than the custom tailor, who is limited to some thousands? Ready-made clothes' superiority to the ordinary custom made was acknowledged by the custom cutters themselves, who, in convention in Chicago, said, "If we had not been asleep the last ten years ready-made clothing would not be on top of us the way it is to-day." We are still showing a complete assortment of winter suits and overcoats. We can fit the long man and the short one, the fat man and the thin one, the undersized man and the extra large one, and satisfaction awaits them all. Long-Tate Clothing Co.
