North Carolinians Are Ignorant

about their State's history. Ask yourself if this is not true. The

reason is that heretofors we have had no properly prepared history. Vol. I of Capt. S. A. Ashe's two volume History of North Carolina is ready for delivery. It canks with the best work of the kind done

anywhere, it is minutely classified and annotated, the style is scholarly and pleasing, while the illustrations, maps, paper, type and bindings are all that can be desired. It is endorsed by all the leading scholars of North Carolins, viz. J. P. Caldwell, Dr. Kemp. P. Battle, in ... A Smith, Dr. W. L. Poteat, Dr. Stephes E. Weeks and hundreds of others. Cut out coupon and mail.

LEGISLATURE TO AID CRUSADE situation well in hand.

ammittee of Two Comes From Leg-islature at Raleigh o Ascertain the Wishes of the North Carolina Association For the Prevention of Tuberculosis—An Interesting Day Yesterday—Resolutions Adopted Recommending That Secretary of State Board of Health Be Given a Salary Big Enough to Allow Him to Give All His Time to This Work Secretary of Association Should Have a salary and Be Assistant Secretary of the Board of Health.

Mounting constantly to a higher and more distinctive climax of usefulness until the end of its course was reached, the convention of the North Carolina Association for the traced the disease to a date Prevention of Tuberculosis adjourned WANTED-Position as cierk in wholesale predicted yesterday, to represent it at or retail store. Will start on small sai-ry. Good references. "Hustler," care what aid the physicians desire at its what aid the physicians desire at its hands, came Drs. J. R. Gordon, Jamestown, and M. Bolton, of Rich

As a result of conferences between this committee of two and a special committee of the other doctors, resolutions were adopted looking to a An important request, as will appear An important request, as will appear Rand later, was that a sufficient salary be Md...

A fine day was yesterday with the association. Although it was gloomy and disagreeable outside, there was and disagreeable outside, there was and inside from opennot a dull moment inside from opening to close and never was motion tient, the Family and the Public, made or seconded in more regretful by Dr. David A. Stanton, of High tones than that to adjourn yesterday afternoon near 6 o'clock. Apparently the members had a good time the impression that good had been done and that good was to be done. As on the preceding day, every pa-per was carefully prepared, and furserver.

WANTED-Lady or gentleman of fair education to travel for firm of large capital. Salary \$1,072 per year, payable weekly. Expenses advanced. Address Geo. G. Clows. Charlotte. Walles and the work.

Wanted-Lady or gentleman of fair education to travel for firm of large capital. Salary \$1,072 per year, payable weekly. Expenses advanced. Address Geo. G. Clows. Charlotte. Walles and the work.

While the discussions were frank and calculated to thresh out the truth in lits various phases. There was a goodly sprinkling of laymen on hand who showed a lively feeling of symbol to address my remarks to those who for the calculated to thresh out the truth in lits various phases. There was a goodly sprinkling of laymen on hand who showed a lively feeling of symbol.

It might, perhaps, have been as well to address my remarks to those who have specific to those who show symptoms of tuberculosis in the interesting paper by Dr. William Redin Kirk. It might, perhaps, have been as well to address my remarks to those who have show show symptoms of tuberculosis.

accorded by all to the secretary of of the subject, as much as the association, Dr. C. A. Julian, of matter implied in the title. WANTED-Position with good-size cotton man ton mill, as shipping cierk, cotton man and general office work. Have held present position five years with a 6,000-spindle mill. Address "Cotton Man," care Charlotte Observer.

the association, Dr. C. A. Julian, of With this apology, I will proceed mitted that but for indefatigable efforts the meeting would have approached nothing like its standard of proached nothing like its standard of the index you reason to believe you have?"

Then don't hesitate to seek advice, the loss possible. Do not listen to the

resolutions were unanimously adopted:

#He is resolved, That this commitexpenses. We lay out your work. Experience unnecessary. Write Empire Medicine Company, London, Ontario, Canada. WANTED-Until September 1st, by Arts sufficient salary to allow him to degraduate State University limited amount of additional tutoring for extra time. Young ladies or young men. Also students for special class in Modern Lanstage of the State to the state of State board of health be increased sufficiently to meet the requirements

RESOLUTIONS PASSED.

of the case.

change its name." "Resolved, That the following be added to the constitution: shall annually be appointed by the president a corresponding secretary n each county of the State. may be either a physician or a lay- days, to obtain a true picture of your man, and whose duty it shall be to tase. enlarge the local membership in the society and interest in the said

Be it Resolved, That there be added to the constitution, the follow-ing. There shall be a committee on publicity and publication to consist of five members and also the president and secretary of the associa-tion ex officio. It shall be the duty of the committee to keep before the public through the lay and medical press, leaflets and pamphlets, taims and purposes of this society." the

read: There shall be appointed by the president, by and with the consent and approval of the board directors, honorary members who shall be citizens of North Carolina wise, away. in such numbers as may be in such numbers as may be wise away. Now, that tuberculosis Such men shall be chosen from known to be curable, and those who in finances or other ways can assist in the crusade of this as-

sociation against tuberculosis.
"Be it Resolved, That a committee of three be appointed, who shall, with the advice of Drs. Bolton and with the advice of Drs. Bolton and Gordon, appear before the Legislature, at such a time as is wisest, to advocate the cause of tuberculosis suppression in this State; and that the secretary of the board of health be requested to arrange at some time so much that could be said upon this suppression interesting lecture before a subject pro and con that I shall not appear to a start to easier here into details. for an interesting lecture before a joint session of the Legislature; and

power to do so." It was moved and carried that President Dunn write to the Legisla-ture on the economic value to the State of the tuberculosis crusade, and to treating such facts brought out at this meeting as he deems wise. Anther resolution was:

other resolution was:

"Be it Resolved, That the North
Carolina Association for the Prevention of Tuberculosis thanks the
neonic of Charlotte, the press, the vention of Tuberculosis thanks people of Charlotte, the press, physicians and the proprietor of the Selwyn Hotel for the courtesies it has received while in the city."

The next meeting of the organiza-tion will be in Asheville in June conjointly with that of the State Medical Society. This being not a business session, no officers were elected. The coming meeting will be purely one of business.

STENOGRAPHER-Lady now employed wants to locate in Charlotte, Address "Stenographer," care Observer.

ELECTRICITY—Swinson & Springs will give you a good job in all electro work. 'Phone 872 317 W. Trade.

Julian, of Thomasville, "I suppose the the hopes of finding seme Eldorado. They travel from place to place and are never satisfied, always self, but I feel that whatever success the convention has had is almost wholly due to his efforts. There was liberal appleaue. Dr. R. H. Lewis, of Raielgh, speke in similar vein and he was followed by a number of others, who gave the bulk of the credit for the meeting's success heart grant from the hopes of finding seme Eldorado. They travel from place to place and are never satisfied, always self, but I feel that whatever success the fact quite so much as the vide president and my-self, but I feel that whatever success the fact quite so much as the vide president and my-self, but I feel that whatever success the fact quite so much as the vide president and my-self, but I feel that whatever success the fact quite so much as the vide president and my-self, but I feel that whatever success the fact quite so much as the vide president and my-self, but I feel that whatever success the fact quite so much President Dunn, of Asheville,

PEOPLE'S COLUMN LAW-MAKERS ASK LIGHT thanks was given him. The president, by the way, made an admirable presiding officer and always had the

BEGINNING DAY'S WORK. The first paper of the day was by Dr. L. B. McBrayer, of Asheville, on "The Instruction of School Children in North Carolina in the Hygiene of He contended that a Tuberculosis." text-book should be used which has a chapter on tuberculosis, giving instructions to the children on how to prevent the disease and render self be required to teach this subject and stand an examination on it before

being given their certificates.

The paper was valuable, also that of Dr. C. N. Peeler, of Charlotte, on "History of and Efforts Dr. Peeler yesterday afternoon, but not before said, had it and change of climate years before Christ. The Greeks, he it had won signal recognition from the Legislature of North Carolina. ed by physicians as a cure. Dr. J. by physicians as a cure. Bearing expressions of good will and regard from the law-making body of paper on "How Shall We, the Medipaper on "How Shall We, the Medical Profession, Best Educate the Masses to Prevent Tuberculosis?" It was held that none except competent boards of health should have charge of the fumigation of houses, as when done by incompetent persons it worse than useless, in that a false sense of security is given the inmates. Other papers, all of which were worth while, were: "Civic Aspect of Tuberculosis," by Dr. H. Bascom Weaver, of Asheville, "Tuberculosis presentation of the situation to the General Assembly at a future date. From a Surgical Standpoint, by Dr. Randolph Winslow, of Baltimore, Md. "The Relation of Tuberculosis allowed the secretary of the State board of health to permit him to give all his time to the duties of this gestions for the Tuberculous," by Dr. Thomas R. Little, of Greensbore, "Some Suggestions For the Tuberculous," by Dr. Thomas R. William R. Kirk, of Hendersonville, william R. Kirk, of Hendersonville, Tuttes Reoffice, and that the secretary of the Association for the Prevention of Tuberculosis be made an assistant secretary to the board of health at a secretary to the board of health at a secretary of not less than \$600 a year.

Salary of not less than \$600 a year. "The Sanatorium socially, but even more general was Need to Treat Tuberculosis," by Dr. Baxter Haynes, of Cliffside.

SUGGESTIONS FROM DR. KIRK. A warning note was sounded to

WANTED—We want a resident representative in Charlotte, to handle our line of paper and paper bags on a commission basis. Age, nationality, rice and recommendation required. The Westover Paper Company, Richmond, Va.

WANTED—At once, reliable men in every section of the State to represent us in the sale of our fine marble and granite monuments and headstones Good pay for all or part of time. Address Torkville Monument Works, Yorkville, S. C.

Efficiency.

Drs W. LeRoy Dunn, R. H. Lewis, J. F. Highsmith. Benjamin K. Hayes, I. W. Paison, C. L. Minor and C. A. Julian composed the committee which was appointed at the morning session to confer with the legislative committee. After the contention to it, You were read to the convention by Miss McLean, the skilled stenographer with the lightning-like pay for all or part of time. Address Torkville Monument Works, Yorkville, S. C.

Then don't hesitate to seek advice, the best possible. Do not listen to the siren voice of well-meaning, but misguided friends, who through motives of kindness, would endeavor to ally your fears by claiming that there is nothing the matter. "It is only a bad cold, pay no attention to it. You will be all right in a few days, ste." with the lightning-like pay for all or part of time. Address Torkville Monument Works, Yorkville, were read to the convention by Miss McLean, the skilled stenographer with the lightning-like physician, one who will take the time physician, one who will take the time. are groundless. Remember that tu-berculosis is one of the most prevalent of diseases, that it claims the largest number of victims annually, of any known malady.

Remember also that many ailments onsidered slight in themselves predispose to this disease, and that it is not uncommon for tuberculosis to follow them; that it is slow to develop, usually, and comes upon one insidiously, the mask disorders, that it may be mistaken for something else. So be on your guard, do not accept a careless examination or a hurried diagnosis, even though it "Be it Resolved. This does not mean a be recognized as its chief function and the Legislature be asked to alone, but an examination of your chest alone. blood, sputum, and urine, perhaps an ng be ocular test as well, before he can ar-There rive at a definite conclusion. It is often necessary to take the temperature not once or twice a day, but every two hours, for several consecutive

AS A WARNING.

This is not said to creat any suspic-This is not said to creat any suspic-ion of incompetency in the mind of the patient, but uttered merely as a warning against those who are in the habit of putting their ears to the chest over all the clothing, and dismissing the patient with the welcome but fatal "Go on, honey, there is nothing the matter with you." Too often these cases come at last to the specialist and often too late. The family physician, good, kind, soul that he is, at times allows himself to be led into error by the very generosity of his nature and rather than be the bearer of such bad tidings, to those who are often as dear to him as his own family, will equivocate and pro-castinate until, alas, it is too late, when the golden moment has slipped curable the earlier it more taken in hand, it is to be hoped the day has come when physicians will no longer withhold from their patient the nature of their

disease. a attempt to enter here into details, and but will only offer this suggestion: If you can afford it, leave home, and that such members of this commit-tee shall attend as feel it in their seek the climate best suited to your individual requirements. If you can not afford to leave home, and secure the same or better food, lodgings, etc., then remain where you are, climate will not compensate for the things you may have to deny yourself. There is a growing tendency to under-estimate the value of change of cli-

> is a great comfort to know that tuber-culosis can be cured anywhere, the fact remains that there are many favored localities which in the com-bination of altitude, sunshine, and freedom from high winds certainly offer more chances for a speedy recovery. That we are fast reaching a state of public opinion unfavorable to climate can be traced to a few defi-nite causes. Chief among these is the
