Mrs. Harry Dixon entertained very elegantly at bridge yesterday afternoon in honor of Mrs. E. Kent Glover, of Rockland, Me. There were seven tables. When the scores were taken it was found that Mrs. H. L. Adams was first prize winner, Miss Neave, of Salisbury, second, and Mrs. J. H. Ham winner of the consolation. The guest of honor was presented with a souvenir of the occasion—a lovely piece of hand-painted china. GREAT GAME EXPECTED

That Saturday Night at Local Y. M. C. A. With Spartanburg, S. C.—May Get Game With Trinity College.

A record breaking crowd is the outlook for the basketball game Saturday night at the Young Men's Christian Association when the Spartanburg team, the Champions of South Carolina, meet the Charlotte team. The game will be called at 8:30 instead of 8 o'clock as previously announced.

The local team will play its first game away from home February 6th in Winston-Salem against the association team of that city. Manager Stewart is also trying to arrange a game with Trinity College, to be played either the day preceding or the day following the Winston game.

No line up for the home team has been given out yet but it will in all probability be the same as the one which defeated the Columbia, S. C., team last week.

THE DEPOSITORY MATTER

In Case Solicitor Clarkson Can Accompany Party, Charlotte Delegation Will Present Depository Matter to Legislature To-Morrow.

In case Solicitor Heriot Clarkson, who is taking an active and leading part in the agitation for a depository for Charlotte, is able to return in time from Dallas where he is engaged in official duties, the delegation from this city to Raleigh will leave to-morrow night to present their respective petitions for and against the establishment of the General Assembly. It is doubtful, however, whether Solicitor Clarkson can disengage himself to leave at this time for Raleigh and the matter may go over until next week. Interest in the matter remains at a high registration. The two petitions are still being liberally signed and it appears now as if an unusually long list of names will be conveyed to the Legislature.

BRIEFS

A Few Minor Happenings in and About the City

—Extra street car service will be given to-morrow night between Independence Square and Elizabeth College on the occasion of the concert. Good accommodation is thus assured without danger of overcrowding.

—Register of Deeds W. M. Moore yesterday received a telegram from Raleigh asking him if he had issued license to Bethel Gunn and Besse Craiback and waiting him not to do so. The register knew nothing of the people referred to.

—Mr. A. H. Mustard has moved the Atlanta office of the Wagner Electric Manufacturing Company, of St. Louis, to Charlotte and now occupies space No. 412 on the fourth floor of the Realty Building. The Greater Charlotte Club was instrumental in securing the removal to Charlotte.

—True to prediction, the rather remarkable spell of warm January weather gave way yesterday to temperatures which seemed chilly by contrast and overcoats were lugged out by people who had considered coats almost superfluous articles the day before.

—Mr. J. A. C. Knapp, the district manager of the G. W. Todd Company, of Rochester, N. Y., has located in this city and has a desk room in the handsome newly fitted up store of Pomeroy & Moore on South Tryon street. The company he represents manufactures the photostereograph.

—Changes designed to make its place of entertainment more convenient and comfortable will shortly be completed at the Star on West Trade street. The floor will be lowered from the rear to the front of the stage, the dressing rooms will be more advantageously located than at present and other improvements will be made.

—The laying of bituminous on the west side of South Tryon street is making good progress and the residents in that section are looking forward to the day when the Mary Jane will retire from the field of action for good, and a modern street will be there. "If only the pavement extended down Trade to the Southern station" is the wish of many who know the value of fine impressions and would like incoming strangers to see the city first at its best.
