MISCELLANEOUS.

DR. A. M. WHISNANT announces that he has reopened his office, to rooms 204 and 205, in the building.

CLEVER OPERATED EXTENSIVELY

Large Number of People Identified at Stateville as Fellow Who Worked Bogue Checks on Them. Clever Brothers in Same Jail Now.

Stateville, Feb. 5.—A number of new charges have been brought against Robert Clever, the check-dasher who is in Irredell jail, during the past few days, and it now appears that he operated in quite a number of counties in this section of the State. There are three cases against him in this county. Mr. J. T. Barber, of Barber Junction, was here this week and identified the prisoner as the same man who worked him for \$8 with a forged check recently, and Mr. Edwin H. Hohen, a furniture dealer of Gastonia, identified him as the man who "got him" for \$25.50 with a bogus check. Mr. Joshua Young came down from Conover, Catawba county, took a look at the prisoner and labeled him as the grand rascal for whom he cashed a check for about \$40.

Shelby Deaton received a letter Wednesday from Mr. H. W. Horton of Wilkesboro, secretary and treasurer of the Citizens' Loan and Trust Company there, telling of a check he had cashed for a stranger. Mr. Deaton talked over Mr. Horton over the telephone and the latter gave a fine description of Clever. Yesterday morning Mr. Deaton received a letter from Mr. W. E. Griggs, cashier of a bank at Lincolnton, enclosing a forged check drawn on the Bank of Cartersville, Ga. which had been cashed by the Lincolnton bank for a man who fits the description of Clever. Mr. J. E. Tharp, assistant cashier of the Merchants and Farmers Bank at Elkin, visited the jail yesterday and identified the prisoner as the man who worked his bank and a bank at Winston for \$20 each through a scheme with certificates of deposit.

In almost every case Clever used an assumed name in each case, the check was drawn on a different bank with a different name forged to it. While he has been identified time and again, the prisoner will not admit his guilt in a single case. It has developed since his arrest that he is a dope fiend and almost goes wild if he is without morphine any length of time. The county physician is allowing him a small amount each day, about a third as much as the prisoner says he has been using.

Mr. Clever, brother of Robert Clever, was brought to Stateville last evening from Newton and placed in jail to await trial in the next term. He is charged with forging a check which was cashed by the Evans Hardware Company of Stateville.

CONSTABLES ARE KILLED.

South Carolina Black Belt Terrorized by Negroes, and Magistrate Appeals to Governor Ansel For Aid.

Observer Bureau, 1230 Berkeley Building, Columbia, S. C., Feb. 5.

Magistrate Lebbay Clement, of Wadmalaw, in the black belt of the coast, has to-day asking Governor Ansel to offer a reward for the discovery of the murderers of two constables acting under him, and for the arrest of parties setting fire to buildings and burning negro churches. Clement says he has had five constables to disappear mysteriously since his appointment as magistrate, two of them within the past four months. He attributes the attacks to negro secret organizations known as "Beto" day clubs, and to the aversion of any of their race serving as constables, whose main duties are arresting law-breaking negroes. He says he is obliged to use negro constables because of the scarcity of white men on the island. There are only fifty-three white men, and there were over 1,200 negro voters in Republican general elections. Clement says he is not counting them, as they can't vote. His present constables have received warnings that they must quit or suffer death.

He has offered to duplicate any rewards the Governor may offer and has employed private detectives. The situation is becoming unbearable and really alarming.

CHASE OF WALKER CONTINUES.

Brunswick Desperado Handed To Columbus County—Lumber Held Up by Him and Dinner Paid Taken.

Wilmington, Feb. 5.—The chase by Sheriff Knox and posse for Walker, the Brunswick desperado, has been fiercer than ever to-day, the fugitive being kept only a few hundred yards ahead of the officers, going in a westward direction toward Columbus county. This morning he held up a laborer on his way to work, relieving him at the point of his pistol, and killing only a few minutes later a hound which arrived on the early morning train from Burgaw where placed on the trail a part of the day, but Walker has succeeded in throwing them off by a liberal use of kerosene on his feet.

According to the stories which reach Wilmington, Dudley, who was captured last night, was taken to-day to Southport jail. There are over a hundred armed men now in the vicinity of Bolton and Lake Waccamaw with the sheriff's posse, and the officers still have hope. Sheriff Knox went to Whiteville to-night to enlist the co-operation of the Columbus county sheriff, Walker being headed that way.

ELECTRIC PLANT FOR SPENCER.

High Rates Cause Citizens to Take Such Step.

Spencer, Feb. 5.—Steps were taken at a meeting of the Spencer board of trade last night to establish an electric light and power plant in Spencer, and it seems certain that the town will secure this new industry. The movement was precipitated by the high rates paid in Spencer for electricity for lighting purposes, as compared with rates in other places in the State. A gentleman from another North Carolina town exhibited a bill for 11 electric lights in his home for the month of January amounting to only 92 cents, while his friend in Spencer paid only a few dollars for the same month amounting to \$7.50. The Spencer aldermen, board of trade and business men, have taken hold of the matter in earnest and propose to erect a modern plant adequate for the needs of the town for years to come, and unless plans fail, a plant will be installed at an early date. The movement is encouraged also by outside capital.

Ayrcock-Woodard Partnership Rumor Confirmed.

Wilson, Feb. 5.—Ex-Congressman F. A. Woodard, of this city, and ex-Governor Charles E. Aycock, of Goldsboro, have formed a co-partnership and will in a few days open a law office in Raleigh, where they both will reside.

VETOES THE CENSUS BILL

(Continued from Page One.)

force of 1,093. There has been a constant reduction for many months and this was kept up without cessation till the close of the census. This was never a month after October, 1892, that the clerical force reached the number then in office, nevertheless, while these general reductions were being made and in the absence of any necessity for the increase of the force, 389 new appointments were made.

This of course meant the destruction of economy and efficiency for purely political considerations.

SUGGESTIONS AND RECOMMENDATIONS.

In view of the temporary character of the work, it would be well to waive the requirements of the civil service law as regards geographical apportionment, but the examination should be chosen by competitive examination from the lists provided by the civil service commission. The noncompetitive examination in a case like this is not to be recommended.

Outside of these matters, I believe that the bill as on the whole, satisfactory and represents an improvement upon previous legislation on the subject. But it is of vital consequence that we should once again permit the usefulness of the present essential undertaking on behalf of the whole people to be marred by permitting it to be turned into an engine for furthering the self-interest of that small section which makes up a check of a profession of politics. The evil effects of the spoils system and of the custom of treating appointments to the public service as personal property are peculiarly evident in the case of a great public work like the taking of the census, a work which should emphatically be done for the whole people and with an eye single to their interests.

THEODORE ROOSEVELT.

The White House, February 5, 1909. The reference of the President to a division of the spoils "without a fight by the professional politicians on both sides," provoked general laughter.

SPENCER TO HAVE ICE PLANT.

D. W. Mayberry, of Charlotte, to Build Factory at Once.

Spencer, Feb. 5.—Among the new enterprises to be established at Spencer this year will be an ice plant, which will be owned and operated by Mr. D. W. Mayberry, a well-known citizen of Charlotte, who has been in Spencer this week looking into the details of the project. He states that he expects to install a new and modern plant with up-to-date machinery, with a capacity of 50 tons a day, and it is expected that the same will be in operation early in April. Mr. Mayberry, who is a business man of wide experience and of excellent standing in North Carolina, is being given the backing of the Spencer board of trade and the citizens generally. The people of the place are more than ever alive to the advantages of developing their own resources and plans for an ice factory, an electric light plant, a new roller mill, an electric light plant, a new newspaper plant and a number of other important industries.

INFANT BURNED TO DEATH.

Clothing Caught From Stove While Mother Was Absent.

Reidsville, Feb. 5.—Little Thomas Worsham, aged 2 years, the infant child of Mr. and Mrs. D. J. Worsham, of Reidsville, was burned to death yesterday afternoon by being burned to death. Mrs. Worsham was engaged about 6 o'clock in preparing supper and left the child alone in the kitchen while she scoured for a few minutes in another room of the house. The baby secured a broom and placed it in the stove. In some way the clothing of the little one caught fire, and Mrs. Worsham, attracted by the flames, returned to see to the child, which was already in flames. The child was frantically burned and died about two hours afterwards. The parents of the victim are widely known and highly respected people and live in sympathy with the neighborhood. The funeral services were conducted yesterday afternoon at 3 o'clock at Locust Hill, Caswell county. Rev. C. R. Ross officiated.

SALEM SCHOOL GIRL ELOPES.

Miss Effie Stewart and Mr. R. E. Wall Married at Blacksburg, S. C.

Winston-Salem, Feb. 5.—News reached here to-day of the romantic marriage of Miss Effie Stewart, daughter of Mr. M. I. Stewart, a well-known business man and stalwart in Republican politics, to Mr. R. E. Wall, formerly of this city, now a telegraph operator for the Seaboard Air-Line at Smithfield.

The young couple, accompanied by Mrs. J. W. Hill, a cousin of the bride, went to Blacksburg, S. C., for the ceremony, which was performed in the parlor of Hotel Thomas. The couple are now in the city, where they will remain for two or three days before going to Smithfield to live. The bride had been a pupil at Salem Female Academy and College.

Dunn's Trade Review.

New York, Feb. 5.—R. G. Dunn & Co's weekly review of trade to-morrow will say: Dulness of retail trade is somewhat more pronounced than usual and distribution in wholesale lines restricted, although there is an urgency in the demand for various sizes of cotton and woolen goods to provide for immediate requirements and Eastern manufacturers are very busy. Conditions in iron and steel continue improving. Stocks of pig iron are increasing and prices show a sagging tendency. In the primary market for dry goods the feature of importance is the increasing evidence of shortness of stocks in jobbers' hands, supplies in S. C., especially having been reduced to a minimum.

Rev. Dr. Oliver Johnson, of Winnsboro, S. C. spent yesterday in the city with relatives and friends en route home from the meeting of the First Presbyterian in Rock Hill, S. C.

Food is more tasteful, healthful and nutritious when raised with ROYAL GRAPE BAKING POWDER. The only baking powder made from Royal Grape Cream of Tartar. Absolutely PURE. Made from Grapes.

AMUSEMENTS

SEATS FOR FIRE IN EFFORT TO DERAIL A. C. L. PASSENGER TRAIN FROM SPRING HOPE TO ROCKY MOUNT—TRAIN PASSES OVER BRIDGE IN SAFETY.

Rocky Mount, Feb. 5.—By setting fire to a trestle an attempt to wreck the Atlantic Coast Line night passenger train from Spring Hope to this city was made to-night at a point two miles from Nashville, in the direction of this city. The miscreant came near accomplishing his desire, and had the train been a few minutes later in arriving at that point it would have been thrown through the trestle in perfect condition, however, when the passenger train reached the trestle, the trestle was found to be blazing but was unable to stop, his train before passing over it, which was done at a great hazard and to the danger of every life on the train. The train was stopped and the crew was sent back to the bridge, and already a half dozen cross-ties had been consumed and the supporting sill was burning rapidly. A bucket brigade was brought into commission and the fire was extinguished. Had the trestle not been headway, the train would have assuredly dashed heading over the embankment of the trestle, which was about ten feet high. The trestle is located on a curve and owing to the timbers and adjoining it is impossible to see but a short distance ahead.

VERNON STOCK COMPANY

Seats are now selling at Hawley's for the engagement of the Vernon Stock Company, which will be at the Academy of Music for one week beginning Monday night. The Vernon Stock Company is one of the largest and best stock organizations that has ever toured the South, and in every city in which it has appeared has been drawing capacity houses. During the engagement in this city, Manager Vernon has decided to give the best plays in his repertoire. For the opening bill "The Lawless Law" will be presented. This is said to be an exceptionally strong drama, and is a play in which all of the members of the company have an opportunity to show their talents. Ladies will be admitted free Monday night when accompanied by a person holding a 30-cent paid admission ticket purchased before 6 p. m. at Hawley's.

TO PUT IT UP TO REPUBLICANS.

Senator Overman Will Let Them Take Lead in the Seawell Constitutional Matter—Each North Carolina Representative to Appoint Aide For Inaugural Parade.

Washington, Feb. 5.—Senator Overman has received many letters concerning the Seawell matter. Today when I saw him he said that he believed the judiciary committee would confirm the appointment of Seawell, if he insisted on it, but he preferred to let the Republicans take the lead. Dillingham is the chairman of the sub-committee which will pass on the case first and it is his duty to call a meeting. Mr. Overman can have him do it, but he would rather pursue his course of inactivity and let the Republicans act. However, he has about come to the conclusion that he will put the confirmation up to the Republicans. Although not a leader on the majority side still content that they will not let the appointment be confirmed this season. Testimonials as to Seawell's character and ability are still coming in.

SHREWD BURGLAR AT KINSTON.

Hardware Store Broken Into and Pistols Stolen.

Kinston, Feb. 5.—Some time between midnight and daybreak this morning the show window at the Messers Hardware Company's store was broken into and about \$45 worth of pistols and cartridges was stolen. Breach-loading shotguns and other valuable articles on display in the window were not taken, the thief probably fearing to steal such things as could not be secreted about his person.
