For Jubilation and Much Buncombe.

Those who are opposed to certain sections of the new city charter have been called to meet in the county court house Tuesday night for the purpose of devising some plan of campaign before the Legislature, whereby the aforesaid objectionable features may be eliminated.

While no programme has been announced as to the speakers who will address this gathering, it is understood that everything will be in readiness when the time rolls around. Fear is entertained by certain self-appointed champions of the people's rights lest some of their inalienable rights be taken from them and a meeting of rare jubilation and much buncombe-talk is expected. The meeting promises to be worth while.
