Virginia and South Carolina Capital-ists Form Stock Company to Work Mines at Donalds, S. G. Marction of Miners' Houses and State Prelim-inary Work Will Begin at Once. Correspondence of The Ocserver.

Anderson, S. C., April 16-The Saluda Copper Mining Company has been organized here with the election of the following officers: Frank P. Harmon, of Lynchburg, Va., president; J. P. Smith, of Abbeville, vice president; John F. McGee, of Pulaskia City, Va., secretary and treasurer. The directors are: Messrs, Frank P. Harmon, J. P. Smith, John F. McGee, P. K. McCully, Sr., J. M. McConnell, Thomas Atten and G. W. Ould, all of this city. The success of the corporation is practically assured. All of the stock has been subscribed with the exception of the meeting \$10,000 worth of the stock was offered, and President Harmon agreed to put up his personal check for this amount, thereby guaranteeing the Goat," Dr. Thomas Faulkner, pany to begin operations at once.

Mr. McKee, who was also chosen general manager, was instructed to begin building the miners' houses at as is necessary in taking out the ore. The property owned by the Saluda Mining Company is situated about a mile from Donalds, Abbeville county. Up to this time it has been owned and operated by private individuals only, but a vast amount of prospect work has been done. The assays that have been made show that the ore contains a high per cent of copper and sulphur and also gold and silver in small quantities. The main feature of the mine is that valuable ore is obtained near the surface. The property has been developed through the efforts of Captain McCully and Mr. McConnell.

Sixth District Odd Fellows at Warsaw. Special to The Observer

Warsaw, April 17 - The Odd Fellows' sixth district convention met here Thursday, delegates being present lodges at Southport, Burgaw, Wallace and Clinton. The convention, presided over by District President Marcus W. Jacobi, of Wilmington, held two profitable and enjoyable sessions. mediately upon adjournment at 9:30, the delegates and visiting brothers were tendered a delightful reception in which the ladies of the town participated, adding much pleasure by their presence. The local musical talent also added much to the pleasure of the occasion by the rendering of several choice selections, both vocal and instrumental.

Fear of Premature Burial.

Westminster Gazette. The fear of premature burial, which prompted the late Lord Eurton to direct by his will that his heart should be removed from his body, has caused many well-known men and women to order a surgical operation to be performed upon their bodies. Harriet Martineau left her doctor 10 pounds to amputate her head, and Lady Burton directed that her heart should be pierced with a needle. The late Edmund Yates left instructions that his jugular vein should be severed, with a provision that af ee of 20 guineas should be paid for the purpose. Literary persons appear to have been particularly afraid of premature burial. Bishop Berkeley, Lord Lytton, Hans Andersen, and Wilkle Collins all took measures to

PURCELL'S

Hubbard Bros. & Co.'s Cotton Letter

Special to The Observer New York April 17 - In face of the re action in America yesterday the Liverpool market advanced sharply this morning. It was our opinion last evening that he markets would be better to-day through the absence of any rain in Texas and the doubt if any would occur over Sunday. In this view we were correct, but we did not anticipate so sharp an advance abroad where the demand exceeded the supply as many buying or ders came here from auroad at the open-This demand continued at intervals all day, the Wall Street interest being disposed to take profits over Sunday There is little indication of rain in the Southwest If it does not come the markets will probably be higher Monday Judging from the attitude of the trade. the short interest, except against cotton

stored, must be very small.
