Lowe's question, "What is so rare as a day in June," is solved by a brother nature-lover, who replies, "A beautiful May day, a day in warbler."

It's Not All Fighting in the Philippines.

Greenboro Record.

Not a great deal of work is required of the soldiers in the Philippines, leaving time for other occupations. Col. Ed. F. Glenn, of the regular army, who has been in that country for some time, writes his brother, Mr. R. G. Glenn, of this place, that he is engaged in extensive farming with the Moros, who, he says, are fine farmers if they are the greatest gamblers on earth. Colonel Glenn says they make as much as \$250 an acre from coffee and when they get through with the crop they proceed to gamble it away.

What Matters the Name?

Scotts Neck Commonwealth.

"What's in a name?" The trustees of what was once the Baptist University for Women evidently think there is a great deal. From "Baptist Female University" to "Baptist University for Women." Now "Meredith College." May the small number of people that appreciate the true significance of the name last given to the institution grow larger, and know that the standard is being raised, not lowered, as the institution grows older.

Mr. Payne Bides His Time.

Roanoke News.

When Congress met in special session there was an abundance of talk about the Payne bill. The name of the chairman of the committee on ways and means has been lost in the senatorial shuffle. Now it is the Aldrich bill. Meanwhile Mr. Payne is limping the tactics of Brier Fox. He "lays low an' says nuffen."

Trolley Line For Caswell.

Yanceyville Sentinel.

We understand that several of our most influential business men have written Mr. Junius H. Harden, the secretary and general manager of the Bar-Gra-Haw Traction Company, in regard to the contemplated trolley line through Caswell, and it is not unlikely that, at an early date, these gentlemen will meet Mr. Harden and his associates and discuss the feasibility of this project. We are informed that Mr. Harden has in mind a trolley line from Burlington to Haynes store, on to Yanceyville by way of Hightowers, thence to Danville.

Want the Seaboard Air Line.

Greenboro Record.

The continued purchase of Seaboard Air Line stock by the Hawley syndicate gives rise to the report that the C. & O. has an eye on the road, which will give it an outlet South and make a fine system. It is evident that the receivership of the Seaboard will be terminated before many months. The Southern and the Coast Line have been casting eyes at it, but to no purpose.

Democrats Ready to Help.

Wilmington Star.

President Taft defiantly announced that he will go right on appointing Democrats to office in the South, as he is determined to name only the best men for the Federal positions. As we Democrats wish to aid him in getting hold of the best men, no Democrat, so far, has had the heart to decline any appointment that comes his way.

Where Talk is Not Cheap.

Baltimore American.

With a telephone company in New York showing figures including 6,000,000,000 calls in the year, on nearly 10,000,000 miles of wire, and assets of over \$600,000,000, talk evidently is not cheap in this communicative age. It is more on the order of a gold mine.

A Problem For Senator Aldrich.

Durham Sun.

Instead of figuring out that the biggest Republican majorities did not come from States that have insurgent Senators, Mr. Aldrich might work out on his slate where the Republican vote of the future is coming from.

YOUR LIFE INSURANCE POLICY.

There is nothing better than life insurance. It is the beginning of wisdom and provides the only estate of which every insurable man can make himself the master. It is the one means by which he can assure himself of a share in the world's wealth. By means of it he makes himself master of a share in that wealth and may dictate its use and disposition.

Think of these things, and in thinking consider the advantages of holding a policy in the GREENSBORO LIFE INSURANCE COMPANY. A policy in the GREENSBORO LIFE will save money which would otherwise be lost, provide ready money in the day of adversity, save the insured from anxiety as to the future welfare of his family and from worry as to what may overtake him in his own old age. By saving the capital which is locked up in human life, it will prevent poverty and ignorance and thereby prevent a lowering of the family's social standard.

The policies issued by the GREENSBORO LIFE are the most liberal and attractive obtainable.
